NEWS RELEASE

COMMITMENT NEEDED TO REDUCE SERIOUS FOOTBALL INJURIES

Dick Schindler, Asst. Dir.

First, the good news.

A number of specific measures, including rules changes in the mid 1970's that made spearing, butt blocking and face tackling illegal, have reduced the fatality level in high school football to record low number the past few years.

Other contributing factors that have reduced the fatality rate are coaches teaching blocking and tackling techniques that do not use the helmet as primary contact, improvement in the helmet's protective capabilities thanks to the NOCSAE standard, and an ongoing educational effort to make players aware of the danger and risk of injury.

And now the bad news.

In spite of the reductions in direct fatalities, there has been a steady increase the past three seasons in the number of spinal-cord injuries causing permanent paralysis.

A total of eleven such injuries occurred during the 1989 season which translates into an incidence of .73 per 100,000 participants. A majority of these devastating injuries occurred during games and to defensive players who lowered their heads while tackling an opponent. In addition to permanent disability injuries, there also were a dozen or more serious injuries to the spinal cord that did not result in paralysis.

WHAT'S GOING ON? Can this really be true in 1990 in spite of the progress made in the past 20 years? Coach, have you individually done something each day to try and reduce the numbers? The undeniable fact remains that too many players are suffering irreparable spinal-cord injuries every year.

Even though coaches indicate they teach players to tackle with the head up, some players are still lowering their heads before making contact. It's possible a player made contact accidentally with his "head down" only once - when he was seriously injured; but realistically, it likely happened on other occasions too. When it did, the player was either unaware of the danger of what he was doing, or his coaches failed to make this an issue or the officials failed to identify helmet-first contact as a foul. The number of spinal-cord injuries which occur each year makes it crystal clear that efforts to reduce must be an every day, every year commitment by all involved in the game.

Since coaches communicate with the players on a daily basis, they obviously have the best opportunity to make a positive impact. The coach must have a plan of action for player safety and make sure it is followed. The plan must include making players aware of the risk of death and/or permanent disability, as well as constant monitoring of individual blocking and tackling techniques. Unsafe and/or illegal techniques simply cannot be taught or condoned. Players must be reminded constantly and drilled in the proper execution of these fundamentals so the head will be kept up and out of contact.

Keeping the head up and out of contact does not make the game any less physical. The increased size, strength, speed, and aggressive nature of today's players creates some unbelievable contact situations in every game. Using safe and legal blocking and tackling techniques will still produce a winning team. Keeping the head out of contact does not make it a "sissy game" and it still provides for all the contact even the most physical and aggressive player could ever want. However, the coach must personally support these rules and only teach techniques which keep the head out of contact. The helmet is designed to passively protect the head. The helmet was never designed or intended to be used to deliver a blow in primary contact or to abuse or punish an opponent.

Obviously, there are many situations where a player's helmet makes incidental contact with an opponent without significant risk of injury to either player. However, a coach must promptly identify and reprimand or discipline players who use illegal or unsafe techniques. If a player is not confronted, it sends the message that the technique is OK. Too often, illegal helmet contact is described as a "great hit" or "way to stick him." Instead of condoning or praising such contact, the exact opposite response from the coach is needed if progress is to be made in reducing spinal cord and other serious injuries.

Nothing in the game has the devastating effect on a program as a fatality or catastrophic injury. There isn't a coach in the profession who wouldn't rather prevent such an occurrence than deal with it after it happens. We have all read statements from coaches who regrettably have gone through the experience of a player's death or catastrophic injury. The unfortunate coach invariably speculates on what the coaching staff might have done or done differently and what they plan to do in the future to minimize the changes of another occurrence. A serious injury can occur in spite of what anybody can do, but nothing less than a maximum effort to reduce the numbers is acceptable. The old adage "An ounce of prevention is worth a pound of cure" is certainly applicable.

While coaches have the major responsibility in this area, they are not alone in fighting the battle. Football officials must also make it a priority to identify and penalize illegal helmet contact. Perhaps officials have been taught to concentrate so much on possession, forward progress, fumbles, out-of-bounds, and other activities that they have failed to really observe helmet contact. Observing helmet contact as it relates to legal and safe play must become a priority for officials - especially in open-field contact and all tackling situations. The foul call not only carries the penalty, but it also directs attention to the player who used an illegal and often dangerous technique. The identification gives the coach the perfect opportunity to admonish or discipline the offending player.

An official has no greater responsibility on the field than the safety of the players. Supervisors of officials via training programs need to stress this item above all other considerations. In addition to illegal helmet contact, the penalizing of unnecessary roughness, piling on, out-of-bounds contact, etc., must become automatic, regardless of those who feel such contact "is part of the game."

KEEP THE HEAD OUT OF THE GAME. KEEP THE HEAD UP. DON'T USE THE HELMET TO MAKE PRIMARY CONTACT. DON'T USE THE HELMET TO PUNISH OR ABUSE AN OPPONENT. This must be the commitment, the goal and the No. 1 priority of all involved in the game - from the players, parents and coaches to the rules makers, athletic directors, school administrators and game officials. It would be tremendous if we had a football season without a fatality or catastrophic injury resulting from contact.

VOLLEYBALL COMMITTEE MINUTES

June 7, 1990

The Volleyball Committee met at the Kentucky High School Athletic Association Office in Lexington, Kentucky, on Thursday, June 7, 1990. The meeting was called to order at 10:30 a.m. by Brigid L. DeVries, Assistant Commissioner. Committee members present included Margi McKenna, Joan Mitchell, Sally Meng, John Bancroft, John Smith, Ron Kordes, Steve Williams, and Jack Pylinski.

The first item on the agenda was the site for the 1990 State Volleyball Tournament. The University of Kentucky Head Volleyball Coach Kathy DeBoer and her assistant Mary Wise presented a proposal to host the 1990 state tournament at Memorial Coliseum. Following the presentation, the committee reviewed a proposal submitted by Mr. Tom Zimmerman from the Commonwealth Convention Center in Louisville, requesting to host the 1991 tournament. John Smith reported about the formation of a new group in Louisville called the Friends of Volleyball. This group is interested in promoting Volleyball events such as the high school state tournament in the Louisville area. Ms. DeVries will meet with the Friends group regarding the 1991 tournament at Commonwealth Convention Center in the near future. The committee was generally in favor of the Commonwealth Convention Center as a possible site for the 1991 tournament, if all of the necessary details can be worked out.

The next item on the agenda was a discussion of Regional tournaments and sites. Ms. DeVries advised the Committee of a few possible additions to the teams in each region. The 1990 Regional sites were discussed and committee members will check their availability for the 1990 tournaments. Regional tournament will be double elimination again this year. The Committee then discussed the items on the Regional and State Information Sheet and made some corrections for the coming year.

John Bancroft made a motion, seconded by Steve Williams, that the teams change benches for the 1990 season including regional and state tournament play. The motion carried unanimously.

The next item on the agenda was the officials fees. There will be an increase in fees effective for the 1990-91 school year. Umpires and referees will receive $22.50 per match for regular season varsity play. Regional tournament fees will be $25.00 and State Tournament fees are $30.00 per match plus a travel expense.

Ms. DeVries announced the tentative times and sites for the Clinics. They are as follows:

Tuesday, Aug. 14, Iroquois H.S., Louisville	7:30 p.m.
Thursday, Aug. 16, Dixie Heights H.S., Ft. Mitchell	7:30 p.m
Tuesday, Aug. 21, Sportsworld, Lexington	7:30 p.m.

A brief discussion followed regarding the 1990-91 National Federation Volleyball rules. The most significant change was in rule 3-1-6 which stipulates that net antennas be attached directly above the outside edge of the vertical tape markers.

The next topic was the Limitation of Seasons, the first match shall not take place before the fourth Monday in August. This is a new change effective for the 1990 season. The old deadline for play to begin was September 1.

The committee members reviewed the current Constitution and By-Laws Volleyball section but made no changes.

Ron Kordes presented a brief report on the Mizuno All Star match scheduled in Louisville this coming July. The players are graduating seniors who have completed their high school eligibility. There will be a clinic for high school coaches the afternoon of the tournament. People wanting further information regarding the match can contact Ron Kordes, at Assumption High School.

John Bancroft encouraged everyone to get involved in the Blue Grass State Games the last weekend in July. There is a Junior Division open to high school junior players.

It was suggested that the State All Tournament Team Committee be expanded to include two officials, media representatives and three at large voters, in addition to the coaches from the participating teams. The committee approved the suggestion unanimously.

Ms. DeVries invited committee members to contribute to the Volleyball newsletter *Sideout*.

The committee discussed a statewide fee modification schedule for use in tournaments where 11 point games were played. After much consideration on this topic it was felt that those policies could be established by local policy boards in Louisville and Northern Kentucky.

There being no further business, the meeting was adjourned.

SPECIAL NOTICE TO MEMBER SCHOOLS CONCERNING THE TRANSFER RULE

Several times already during this young school year, member schools have submitted transfer requests on the day of the contest. We will try and accommodate these requests when possible. However, one recent change in the By-Laws has apparently escaped the attention of many coaches. A student athlete may not practice or play with a team until ruled eligible by the Commissioner. In football, this means it is not possible for a player to become eligible and play on the same day because he/she would not ten (10) days of practice in pads.

REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS

All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams' last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school's legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.

OPEN DATES SOLICITED FOR FOOTBALL SCHOOLS

Please submit your open football dates to the K.H.S.A.A. office so that we may again compile a list to assist you in scheduling. Please submit these open dates in writing and include 1) the game date desired, and 2) a contact name and daytime phone number. This is especially important as we begin scheduling for next year with the alignment changes. Football Schools Open Date Listing - August 10, 1990

Athletic Directors and school officials should pay special attention to these dates and encourag to schedule their test dates away from potential conflicts with district, regional or state athletic events.

IMPORTANT NOTICE CONCERNING DISQUALIFICATIONS

By Board of Control action, all participants and/or coaches who are ejected from a contest for unsportsmanlike conduct shall be suspended from competition for a minimum of one game.

It also should be noted that officials who disqualify participants, and then do not report that disqualification to the Association office in a timely manner may face suspension from officiating!!

With this in mind, it is important to adhere to the following procedure should a representative of your school be ejected for unsportsmanlike conduct. 1) Be sure you receive a disqualification card from the contest official; 2) Contact this office in writing to request reinstatement of the participant; 3) Inform the participant/coach of the suspension. You will be notified by return mail as to the end of the suspension, and the date or day when the player/coach will be eligible to return to competition. Contest officials also are reminded to use an ink pen, to include the first and last name of the offender, and to press hard as the third copy is often illegible if done in pencil.

NOTE Any person who is suspended from a contest may not dress for that contest in game uniform. They will however be covered by the catastrophic insurance policy insofar as practice is concerned unless you are otherwise notified.

CHANGE IN ACT SCORING SHOULD BE NOTED BY COUNSELORS

From the NCAA, this is intended to serve as an addendum to the Guide to College Freshman Eligibility Requirements for Division I and II Institutions. One component of these initial eligibility requirements is the requirement that a prospect must achieve a minimum score on the ACT or SAT. Please note that because the ACT has developed a new format and score scale for the teat, the minimum required score (for purposes of initial eligibility) for ACT tests administered subsequent to October 1, 1989 is 18 rather than 15. This is because, according to concordance tables published and distributed by the ACT agency, the concordant value of the previously required composite score of 15 is 18. Please note that this does not represent an increase in the required ACT score, but only recognizes the fact that a score of 18 on the new test is equivalent to a score of 15 on the previous test.

AMY DODRILL SELECTED DREAMER AND DOER

Amy Dodrill of Prospect was named Kentucky's Dreamer and Doer following a meeting of the State Selection Committee in Lexington on May 10. Chris Manus of Williamsburg was named runner-up. Walt Disney World National Dreamers and Doers is a student recognition program co-sponsored by the National Federation of State High School Associations and administered in Kentucky by the K.H.S.A.A.

Students are honored for their participation in interscholastic activity programs and demonstration of the 4 C's, curiosity, confidence, courage and constancy, which are the cornerstones of the program.

All of the State Dreamer and Doer winners were honored with an expense paid, multi day educational event and award ceremony, August 15-18, at Walt Disney World Resort in Orlando.

KENTUCKY ATHLETIC TRAINERS SOCIETY ANNOUNCES SCHOLARSHIP WINNER

Mr. Brian Ball, a senior at Belfry High School, is the 1990 recipient of the Tom Simmons Athletic Training Scholarship. The scholarship is awarded by the Kentucky Athletic Trainers Society is in honor of Tom Simmons, Athletic Trainer Emeritus of Murray State University. Mr. Ball was selected based on his academics, his work as Athletic Training and other related activities. Mr. Ball will be attending the University of Kentucky in the fall, and working in the Athletic Training program.

FOOTBALL CORRESPONDING DATES

Due to the passage of a referendum to shorten the season, the re-negotiation of many contracts due to the 1991 realignment, and the expansion of the playoffs to four teams beginning in 1991, many schools are confused about the possible playing dates for football games. Below is listed the updated corresponding date chart as it will appear in the 1990-91 Handbook.

Also, by virtue of Delegate Assembly action in 1990, no games may be scheduled or played at any level following the Saturday of the week preceding the First Round of the playoffs.

	1990	1991	1992	1993	1994	1995

Week 1	8/24	8/30	8/28	8/27	8/26	8/25
**	8/17	(For 1990 season only)				

** Due to passage of a referendum which shortened the football season to ten weeks, there are no regular season playing dates which correspond to August 17 or November 2, 1990. The November 2 date will be lost due to the expansion of the playoffs to include the top four teams in each district. It is important to remember that beginning in 1991, there will be only ten (10) weeks in which to play the legal limit of ten (10) games.

PRINTING / MAILING SCHEDULE

During the next few weeks the following items will be mailed and/or printed by the Association office --

State Tournament Ticket Orders - will be mailed to the general public and to the member schools on or around September 1, 1990;

State Football Playoff Ticket Orders - will be mailed to the general public and to the member schools on or about September 1, 1990;

Handbook - The Association Handbook is currently at the printers/binders. It should be delivered on or around September 1, and will be mailed soon after;

The *Athlete* magazine - goes to press each month on the 15th of the month, and is generally mailed on the last day of the month;

Basketball rules books - will be mailed to the coaches by the Association office around September 15. These will be mailed to the officials by the Federation office around September 15.

WATCH YOUR MAILBOX FOR EXCITING NEWS

Please pay close attention to the mail coming from the office. In the next few days, you will receive information about the most exciting program in the history of the Association as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project.

STATE WINNER - AMY M. DODRILL, BALLARD

I was so embarrassed when my parents and teacher decided I should repeat the first grade. I knew I was smarter than they thought. When my second grade teacher selected students to be tested for the advanced class, I was not chosen. It took all of my courage to ask her, "Why not?" She allowed me to be tested. My score placed me in the advanced class, and I learned that I had to make things happen.

In high school, I still take the time consuming and difficult advanced classes, and I am learning. Now, I have a new challenge, art. My freshman year, I did not know much about art, but I fought to stay with the class. With time, a good teacher, and persistence, I learned enough to be able to contribute to our school's art program by exhibiting my work and even having some winning entries in local art competitions. My classmates even chose me to design the cover for the program for our Beta Club initiation.

Last week, as the 5'4" point guard on my basketball team, I was chosen to guard the 6'3" All-State guard from the number 12 ranked team in the country - who me? OK, she scored thirteen points, but we won! As is obvious, height is not one of my advantages in this tall person sport, but I am a starter on the school team. Even though I am better known as "shrimp", I fight to win with every inch, and I have contributed to making the team a success.

Anyone can be a dreamer, but to reach or even come close to those dreams, you must pursue them with determination and confidence. I am a doer. I attack things head on with courage and curosity. I participate in as many activities as I can with the belief that participation is not enough. You must give your all, then, whether you come out on top or on the bottom does not matter. With your best effort you will accomplish at least a part of your dreams.

STATE RUNNER-UP - CHRIS MANUS, WHITLEY COUNTY

The Four C's — Curiosity, Confidence, Courage, and Constancy have been part of my life for as long as I can remember. Curiosity is a great motivator, and it has helped me in my desire to be the best I can be. I have always wanted to be actively involved in experiences rather than just being told about them or reading in my book about someone else doing them. Through this curiosity, I have gained confidence as I learned new ideas, methods, and more about myself. This has helped me in my role as president of our Student Council. To assume this office took courage, for it meant I would be acting on behalf of my peers in committees and in other decision-making positions. This is not always easy because sometimes those decisions are difficult ones to make. However, the students and my teachers know I will try to do what I believe is best for my classmates and my school. They know I can be counted on to always give my best effort. Through combining curiosity, confidence, and courage, I have created a constancy in my performance in the classroom, on the playing field/floor, and in my role as a student leader. This steadfastness has made me a determined young man with great hope for the future.

MINUTES OF THE BOARD MEETING

July 27, 1990

The Board of Control of the Kentucky High School Athletic Association met at Barkley Lodge, Cadiz, Kentucky, on Friday, July 27, 1990. The meeting was called to order at 8:30 a.m. by President Sam Chandler. Present were all Board members with the exception of C.K. Henry, Commissioner Tom Mills and Louis Stout. Also present were Julian Tackett, S.I.D. and Harry Loy representing the State Department of Education. The Invocation was given by Sam Chandler.

Charlie Miller made the motion, seconded by Jack Portwood, that the minutes of the April 19 meeting be approved. The motion passed unanimously.

Huston DeHaven made a motion that the minutes of the West Eligibility Committee Meeting of June 28, 1990 be approved. Sam Chandler seconded the motion which passed unanimously.

Marvin Moore made a motion that David Points be elected President of the Board for the 1990-91 school year. Alvis Johnson seconded the motion which carried unanimously.

Outgoing President Chandler thanked the Board for their support during his tenure and welcomed new Board members Harry Jansing and Ray Story. He then turned the meeting over to David Points.

Mr. Points then asked for nominations for Vice President. Marvin Moore nominated Alvis Johnson. The nomination was seconded by Bob Rogers. With no more nominations, Mr. Johnson was elected Vice President by a unanimous vote.

Tom Mills gave a brief report on his attendance at the National Federation Meeting held in Minneapolis, Minnesota. Eight Board members attended.

President Points appointed the following committees:

EXECUTIVE COMMITTEE:
Alvis Johnson, Chairperson; Bob Rogers, Vice Chairperson, Sandy Allen, Marvin Moore, Jack Portwood, Eddie Saylor, David Points.

ALL-SPORTS COMMITTEE:
Sandy Allen, Chairperson; Harry Jansing, Vice Chairperson; Huston DeHaven, Alvis Johnson, Jack Portwood, Liz Trabandt.

BASKETBALL COMMITTEE:
Marvin Moore, Chairperson; Huston DeHaven, Vice Chairperson; Sandy Allen, Harry Jansing, Bob Rogers, Eddie Saylor, Ray Story.

FOOTBALL COMMITTEE:
Bob Rogers, Chairperson; Jack Portwood, Vice Chairperson; Alvis Johnson, Marvin Moore, Eddie Saylor, Ray Story, Liz Trabandt.

EAST ELIGIBILITY COMMITTEE:
Eddie Saylor, Chairperson; Marvin Moore, Vice Chairperson; Alvis Johnson, David Points, Jack Portwood, Liz Trabandt.

WEST ELIGIBILITY COMMITTEE:
Huston DeHaven, Chairperson; Sandy Allen, Harry Jansing, Bob Rogers, Ray Story.

BUILDING COMMITTEE:
Huston DeHaven, Alvis Johnson, Marvin Moore, Tom Mills, Ray Story, Liz Trabandt, Billy Wise.

Sandy Allen made a motion that the Board establish a Constitution & By-Laws Committee. This committee would look at current issues that may need updating and would study proposals mailed to the Commissioner for consideration at the Delegate Assembly meeting in April. She suggested that this committee be permanent and appointed by the President. Jack Portwood seconded the motion. The motion passed unanimously. President Points appointed the following persons to serve for 1990-91: Liz Trabandt, Chairperson, Sandy Allen, Huston DeHaven, Harry Jansing. Alvis Johnson, Bob Rogers, Ray Story and Billy Wise.

Following a discussion of the resignation of Board member C.K. Henry, Huston DeHaven moved that the Board authorize Commissioner Mills to begin immediately to seek a replacement according to the procedure set forth in the By-Laws. Jack Portwood seconded the motion which passed unanimously.

Commissioner Mills distributed the 1990-91 Working Budget for the Board's consideration. He requested that the Board look over the budget and have questions and/or comments when it is presented for approval at the October meeting.

The Board set the date and time for the next meeting to be held on Saturday, October 13 at 8:30 a.m. in Lexington at the K.H.S.A.A. Office.

MISCELLANEOUS ITEMS:

In the absence of Exec. Asst. Wise, Commissioner Mills presented three National Federation Basketball Rule Changes which may be adopted on an individual state basis. Mr. Wise had recommended that Kentucky experiment with the rule changes as follows: 1) the current bonus free throw provision, one plus one on and after the fifth team foul of the half, is eliminated. In its place, all fouls, personal and technical, committed by a player on and after the seventh (7th) foul of a half shall result in the offended team being awarded two free throws; 2) all technical and personal fouls called against a player shall be counted toward the limit of five fouls per player prior to disqualification; 3) all technical and personal fouls called against a player, coach or team shall be counted toward the limit of fouls per half before the two shot provision. Marvin Moore made a motion that the Board accept Mr. Wise's recommendation and adopt the experimental rules for the 1990-91 season. Jack Portwood seconded the motion which passed by a vote of 10-1.

Commissioner Mills then advised the Board of other items of interest: 1) The catastrophic insurance premium for the 1990-91 school year will be $142,500. This policy provides for a $10,000 deductible, $150,000 liability coverage; 2) A request from Jackson City Schools to move from the 56th Basketball District to the 55th District. This request will be considered by the Basketball Committee and presented to the Board at the regular meeting in January.

The Commissioner presented a letter from Fort Knox High School requesting that the Board set aside Section (3) of By-Law 6, Transfer Rule, to allow for students to practice prior to the time the transfer form is received and the student is declared eligible by the Commissioner. Marvin Moore made a motion, seconded by Bob Rogers that the Board deny Fort Knox's request due to the fact that the Board has no authority to set aside a rule. The motion passed unanimously.

The next communication was presented by Commissioner Mills on behalf of Chris Goodwin, Harlan High School. Principal Bob Morris requested an extra year of eligibility for Chris to participate in athletics. Following a discussion of the case, Sandy Allen made a motion to deny an extra year of eligibility due to the fact that Chris has been enrolled in grades 9-12 for eight semesters. Liz Trabandt seconded the

motion which passed by a vote of 10-1.

Commissioner Mills then presented a request from Oldham County High School on behalf on Travis J. Cole requesting another year of eligibility. Following a discussion of this case, Bob Rogers made a motion to deny Oldham County's request. Marvin Moore seconded the motion which passed by a vote of 10-1.

The next written appeal was on behalf of Laurel County High School. Commissioner Mills presented an appeal of By-Law 4, Section 1, Maximum Number of Semesters, for Jackie Steele. Commissioner Mills presented the information on the case and a discussion ensued. A motion was made by Bob Rogers that the Board deny Jackie Steele's request. Jack Portwood seconded the motion which passed unanimously.

Marvin Moore moved that all bills of the Association for the period beginning April 1, 1990 and ending July 31, 1990, be allowed. Alvis Johnson seconded the motion which passed.

Louis Stout distributed new Softball and Baseball alignments. He advised the Board that redistricting/and or changes made in the alignments were due mostly to the consolidation of schools.

Bob Rogers then moved to adjourn for lunch. The motion passed.

The Appeals Hearing were the next items on the Agenda.

Coach Bev Hart, Bethlehem High School presented the first appeal of By-Law 6, Transfer Rule on behalf of Teddy Crume, Jason Cheek and Alec Hagan who had transferred from Bardstown High School and who were present with Coach Hart. Also present was Principal Jude Talbott from Bardstown High School. Following Coach Hart's presentation and questions to each of the appellants and Mr. Talbott, Mr. Talbott withdrew his objection to the transfers and recommended to the Board that the transfer rule be waived in favor of the three students in question.

The next appeal was made by Principal Bob Rowland, Danville High School, on behalf of Chester Ford and Joel Grey. Due to the nature of the case, Mr. Rowland requested that the hearing be closed. Therefore, Bob Rogers moved for a Closed Session, seconded by Marvin Moore. The motion passed. Following the hearing, Liz Trabandt moved that the meeting return to Open Session. Huston DeHaven seconded the motion which passed. Sandy Allen then made a motion that the Commissioner's ruling be upheld in this case. Eddie Saylor seconded the motion which passed by a vote of 9-2.

Supt. J.D. Minnehan, Trigg County Schools, presented the next appeal. Mr. Minnehan had requested a hearing before the Board to appeal the Age Rule on behalf of Jimmy Duffie. Following the presentation, questions by members of the Board and a lengthy discussion thereof, Eddie Saylor made a motion that the Age Rule not be waived in this case. Marvin Moore seconded the motion which passed unanimously.

Lyle Dunbar then appeared before the Board regarding his concerns of possible recruiting in the Hopkinsville area. Mr. Dunbar was advised to submit allegations in writing to the Commissioner.

There being no further business to come before the Board, Huston DeHaven moved for adjournment. The motion was seconded by Bob Rogers and passed unanimously.

Activities Week Checklist for Schools

The following is a checklist on ways for high schools across the United States to become involved in National High School Activities Week. Become involved this year in supporting interscholastic activity programs.

ORGANIZE an Activities Week Committee of faculty and student representatives.

PLAN special events for the following "official" days:

Monday - Oct. 15, 1990 - National Officials Day
Tuesday - Oct. 16, 1990 - National Speech and Music Day
Wednesday - Oct. 17, 1990 - National Chemical Health Awareness Day
Thursday - Oct. 18, 1990 - National Sportsmanship Day
Friday - Oct. 19, 1990 - National Coaches Day
Saturday - Oct. 20, 1990 - National Fundraising Day

PUBLICIZE the upcoming Activities Week events - both inside the school and outside in the community. This may involve distribution of posters, placards, flyers, etc. to inform the public.

MAIL announcements and articles about Activities Week to local newspapers and radio stations.

SPOTLIGHT a regularly scheduled interscholastic event during the week and attempt to have a sellout crowd. You may want to plan a special attraction such as holding a raffle or conducting a poster or slogan contest. Invite prominent community leaders to attend and be recognized for their support of activity programs, or schedule performances by student activity groups (pom-pons, band, drama, etc.)

HOST a special luncheon or reception recognizing faculty and other community members who coach, sponsor or officiate school activity programs.

ARRANGE for students in your high school activity programs to visit the elementary and middle schools to provide forensics and music demonstrations. Your students also could speak about the fun and educational values derived from involvement in activities.

REQUEST local clergy to support Activities Week by addressing the benefits of activity programs - sportsmanship, teamwork, trying one's best - in their announcements or sermons.

NOTICE ON EXPERIMENTAL BASKETBALL RULE

The National Federation Basketball Rules Committee, at its March meeting, approved several rules changes which could be implemented by individual states on an experimental basis.

At its April meeting, the K.H.S.A.A. Board of Control was asked to solicit opinions from the basketball coaches in their area on a few proposed changes. The first would revise the bonus free throw provisions; while the second would count all technical and personal fouls toward the bonus provisions and toward disqualification. After discussing these changes with many of their constituents, the Board of Control approved Kentucky's experimentation with these changes for the 1990-91 school year.

In detail, these experimental changes are as follows --

1) The current bonus free throw provision, one plus one on and after the fifth team foul of the half, is eliminated. In its place, all fouls, personal and technical, committed by a player on and after the seventh (7th) foul of a half shall result in the offended team being awarded two free throws.
2) All technical and personal fouls called against a player shall be counted toward the limit of five fouls per player prior to disqualification.
3) All technical and personal fouls called against a player or coach shall be counted toward the limit of fouls per half before the two shot provision.

These rules will be in effect for ALL games played in the state of Kentucky for the 1990-91 season. In late January, we will survey the coaches to get an opinion about the change, and Mr. Wise will take this information to the National Rules Committee meeting in March for discussion. If you are playing an out of state team on their home floor, you will need to check with that team to ascertain if that state is utilizing the same experiment.

SPECIAL NOTICE TO MEMBER SCHOOLS CONCERNING THE TRANSFER RULE

Several times already during this young school year, member schools have submitted transfer requests on the day of the contest. We will try and accommodate these requests when possible. However, one recent change in the By-Laws has apparently escaped the attention of many coaches. A student athlete <u>may not practice or play with a team until ruled eligible</u> by the Commissioner. In football, this means it is not possible for a player to become eligible and play on the same day because he/she would not ten (10) days of practice in pads.

SPECIAL NOTE CONCERNING BASKETBALL RULES CLINICS

The basketball clinic originally scheduled for October 1 at Somerset High School has been moved to Monday, October 29; while the clinic set for October 2 at Pineville High School has been moved to Tuesday, October 30. This is to allow Mr. Wise to attend the National Basketball Rules Committee meeting in Kansas City on October 1 and 2, and also enable him to conduct the clinics at Somerset and Pineville. Notice concerning this change was made in the August Athlete magazine, and in the notices to the officials. Please ensure that your coaches are aware of this change.

NOTE CONCERNING BASKETBALL AND FOOTBALL RATINGS

The K.H.S.A.A. recently purchased electronic equipment which allows for the entry of the ratings from coaches into the computer system via scanner. The results thus far have been very good, with a couple of points needing to be made to coaches at this time.

ONE - Always use a #2 lead pencil when completing the form.

TWO - PLEASE do not fold the form, other than to place it in an envelope. Also, be sure that you are not sealing the envelope to the form when you close the envelope for mailing. We have received forms folded to fit in a very small envelope, and many of these forms are not able to be scanned. Please use a #10 (letter size) envelope for mailing these forms, and MAIL THEM IMMEDIATELY FOLLOWING EACH CONTEST.

HANDBOOK CORRECTIONS

A mistake in communication between this office and our printer resulted in the mis-identification of our Sectional Directors on page iii when the new Handbook was printed. The Sectional Director for Regions 13-16 is John Radjunas, and he is pictured immediately next to Harry Loy, our State Department of Education liaison. The bottom row, from left to right, is Jack Wise (Regions 9-12), Jerry Kimmel (Regions 1-4), and George Mercker (Regions 5-8). We apologize to the Sectional Directors and to any others who may have been caused inconvenience by this error.

An important correction should be made on page 16, under By-Law 25, Limitation of Seasons, Section 4b, Football - Boys (Beginning with the 1991-92 school year). An error in translating the 1987-1990 information into the new alignment period left an inadvertent error in subsection 4, of Section 4b. The corrected wording should be --

(4) A maximum of ten (10) regular season games may be played. Pre-season bowl games shall count towards the ten game limit.

This is the wording as each of the schools were notified in the spring, however, during composition of the handbook, the wording for 1991-94 was not changed concerning pre-season bowl games. We apologize for any inconvenience this error may have caused.

REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS

All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams' last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school's legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.

OPEN DATES SOLICITED FOR FOOTBALL SCHOOLS

Please submit your open football dates to the K.H.S.A.A. office so that we may again compile a list to assist you in scheduling. Please submit these open dates in writing and include 1) the game date desired, and 2) a contact name and daytime phone number. This is especially important as we begin scheduling for next year with the alignment changes. Football Schools Open Date Listing - August 10, 1990

CALL THE OFFICE IF YOU NEED MORE INFORMATION ON THE COURT OF SUPPORT

In the past few days, you should have received information about the Court of Support as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project.

SPORTSCHANNEL TELECASTS ST. XAVIER/TRINITY FOOTBALL GAME

SportsChannel America is originating a live nationwide telecast of the September 28th contest between traditional football powers St. Xavier and Trinity in Louisville. This is one of eight nationally telecast games this year, under the second year of the SportsChannel contract with the National Federation. Congratulations to the Tigers and the Shamrocks.

IMPORTANT NOTICE CONCERNING DISQUALIFICATIONS

By Board of Control action, all participants and/or coaches who are ejected from a contest for unsportsmanlike conduct shall be suspended from competition for a minimum of one game.

It also should be noted that officials who disqualify participants, and then do not report that disqualification to the Association office in a timely manner may face suspension from officiating!!

With this in mind, it is important to adhere to the following procedure should a representative of your school be ejected for unsportsmanlike conduct. 1) Be sure you receive a disqualification card from the contest official; 2) Contact this office in writing to request reinstatement of the participant; 3) Inform the participant/coach of the suspension. You will be notified by return mail as to the end of the suspension, and the date or day when the player/coach will be eligible to return to competition. Contest officials also are reminded to use an ink pen, to include the first and last name of the offender, and to press hard as the third copy is often illegible if done in pencil.

NOTE Any person who is suspended from a contest may not dress for that contest in game uniform. They will however be covered by the catastrophic insurance policy insofar as practice is concerned unless you are otherwise notified.

AMY DODRILL SELECTED DREAMER AND DOER

Amy Dodrill of Prospect was named Kentucky's Dreamer and Doer following a meeting of the State Selection Committee in Lexington on May 10. Chris Manus of Williamsburg was named runner-up. Walt Disney World National Dreamers and Doers is a student recognition program co-sponsored by the National Federation of State High School Associations and administered in Kentucky by the K.H.S.A.A.

Students are honored for their participation in interscholastic activity programs and demonstration of the 4 C's, curiosity, confidence, courage and constancy, which are the cornerstones of the program.

All of the State Dreamer and Doer winners were honored with an expense paid, multi day educational event and award ceremony, August 15-18, at Walt Disney World Resort in Orlando.

KENTUCKY ATHLETIC TRAINERS SOCIETY ANNOUNCES SCHOLARSHIP WINNER

Mr. Brian Ball, a senior at Belfry High School, is the 1990 recipient of the Tom Simmons Athletic Training Scholarship. The scholarship is awarded by the Kentucky Athletic Trainers Society is in honor of Tom Simmons, Athletic Trainer Emeritus of Murray State University. Mr. Ball was selected based on his academics, his work as Athletic Training and other related activities. Mr. Ball will be attending the University of Kentucky in the fall, and working in the Athletic Training program.

FOOTBALL CORRESPONDING DATES

Due to the passage of a referendum to shorten the season, the re-negotiation of many contracts due to the 1991 realignment, and the expansion of the playoffs to four teams beginning in 1991, many schools are confused about the possible playing dates for football games. Below is listed the updated corresponding date chart as it will appear in the 1990-91 Handbook.

Also, by virtue of Delegate Assembly action in 1990, no games may be scheduled or played at any level following the Saturday of the week preceding the First Round of the playoffs.

	1990	1991	1992	1993	1994	1995
FINALS	11/30	12/6	12/4	12/3	12/2	12/1
SEMI-FINALS	11/23	11/29	11/27	11/26	11/25	11/24
REGION	11/16	11/22	11/20	11/19	11/18	11/17
SECOND ROUND	11/9	11/15	11/13	11/12	11/11	11/10
FIRST ROUND **	11/2	11/8	11/6	11/5	11/4	11/3
Week 10	10/26	11/1	10/30	10/29	10/28	10/27
Week 9	10/19	10/25	10/23	10/22	10/21	10/20
Week 8	10/12	10/18	10/16	10/15	10/14	10/13
Week 7	10/5	10/11	10/9	10/8	10/7	10/6
Week 6	9/28	10/4	10/2	10/1	9/30	9/29
Week 5	9/21	9/27	9/25	9/24	9/23	9/22
Week 4	9/14	9/20	9/18	9/17	9/16	9/15
Week 3	9/7	9/13	9/11	9/10	9/9	9/8
Week 2	8/31	9/6	9/4	9/3	9/2	9/1
Week 1	8/24	8/30	8/28	8/27	8/26	8/25
**	8/17	(For 1990 season only)				

** Due to passage of a referendum which shortened the football season to ten weeks, there are no regular season playing dates which correspond to August 17 or November 2, 1990. The November 2 date will be lost due to the expansion of the playoffs to include the top four teams in each district. It is important to remember that beginning in 1991, there will be only ten (10) weeks in which to play the legal limit of ten (10) games.

Announcing, the . . .

Kentucky High School Athletic Association
HALL OF FAME AND MUSEUM COURT OF SUPPORT

The Dawahares/K.H.S.A.A. Hall of Fame

To honor the more than 1,000,000 Kentucky men and women who have contributed to "Great Moments in Kentucky High School Sports" throughout the years, the Dawahares/Kentucky High School Athletic Association Hall of Fame was established in 1988. The association chose this manner in which to pay tribute to, and to immortalize record setting and influential coaches, players, officials and supporters of high school athletics in this great Commonwealth. To date, sixty-seven members have been inducted into the Hall of Fame. After twenty-two new members are inducted on March 13, 1991, the total number of members in the Hall of Fame will have reached eighty-nine.

The Association began the project with the help of the Dawahare family, as an effort to recognize the excellence of high school educators, athletes, coaches, officials, administrators and other contributors. According to Dee Dawahare, of Lexington, "We want to recognize and encourage the academic as well as athletic contributions of these fine individuals."

Hall of Fame members are chosen for their contributions to Kentucky high school athletics. K.H.S.A.A. Commissioner Tom Mills stressed that "while many Hall of Fame Members, such as Paul Hornung, Cliff Hagan, and Tommy Bell, have gone on to outstanding careers in college or professional sports, they are primarily honored for their accomplishments in Kentucky high schools." Other members such as S.T. Roach, longtime coach at Lexington's Dunbar High School, and Ralph Carlisle, who coached at Lexington's Lafayette High School, are honored for the guidance they have given thousands of young people.

Instructions . . .

The Kentucky High School Athletic Association welcomes your participation in this project. Should you desire to become involved, complete the order form printed below, and return it to the K.H.S.A.A. offices at the address listed on the form.

Please feel free to contact the Association office if you have any questions. Please note that the term "basketball region" on the order form is the location within the state in which you wish your brick placed. If you have no preference, simply indicate "no preference" on the form.

JOINT RESOLUTION

DESIGNATING "NATIONAL HIGH SCHOOL ACTIVITIES WEEK"

Whereas more than half of the students in this nation's senior high schools are involved in at least one co-curricular activity;

Whereas this other half of education plays a significant role in the total educational development of high school students;

Whereas participation in activities such as athletics, speech, music, debate, drama, and others generally leads to positive development for all and often leads to superior achievement;

Whereas participation and achievement in those areas often contributes to increased interest and performance in strictly academic areas;

Whereas both academic and co-curricular achievement contribute greatly to the social development and interaction of all high school students;

Whereas that development directly benefits local communities by channeling young people's interest and talents into positive efforts, and by instilling in them an early sense of civic duty and community pride;

Whereas former President Gerald R. Ford has acted as honorary national chairman of the effort to recognize the important role of co-curricular activities in this nation's high schools: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, that the President should designate "National High School Activities Week" (October 14-21, 1990) in recognition of the valuable contribution that such programs make in developing the interests and talents of young people at the community level.

Passed by both houses of Congress on December 16, 1982
and signed into law by President Reagan in December of 1982.

Just a reminder . . . kids who participate in activities tend to go a little bit farther than those who don't.

NEWS RELEASE

State Associations Begin Halls of Fame To Preserve Past, Build on Future

When Kentucky High School Athletic Association officials broke ground back in June of this year for the state's new, all-sports hall of fame and museum, the six words emblazoned on ceremonial hard hats simply read:

"Building the Future . . . Preserving the Past."

Indeed, the writing may well be on the wall of state association offices across the country that preserving in a hall of fame the heritage of those who played important roles in interscholastic activities may be the wave of the future.

Consider:

- In March 1991, officials of the Kentucky High School Athletic Association will induct the latest class into the hall of fame soon to be housed in a 15,000 square-foot area at the new state association offices in Lexington. A visitor to the once-completed hall of fame and museum will discover a 100-seat little theater, push-button generated tape recordings of Kentucky sports legends and association dignitaries, a sports library and even a gift shop. The Dawahares (family name of a corporate sponsor) Kentucky High School Association Hall of Fame and Museum is scheduled to open by 1993.
- Officials of the New Mexico Activities Association were to break ground this month for what will be the Hall of Pride and Honor wing of the state association office building in Albuquerque, New Mexico. The 7,000-square-foot hall will include a 20-seat amphitheater, push-button generated tape recordings and a spacious hallway for exhibits about athletic as well as non-athletic interscholastic activities programs offered statewide. The Hall of Pride and Honor is scheduled to open by June 1991.
- Also this month, officials of the Virginia High School League will induct its first class into the new Virginia High School Hall of Fame, which was jointly established with the Virginia High School Coaches Association and will be housed at the VHSL office building in Charlottesville. A permanent display will be maintained with the hall of famers' names and faces etched on plaques displayed in a conference room in the VHSL office.
- Officials of the Colorado High School Activities Association will induct its second class into the Colorado High School Activities Association Hall of Fame this month. Photographs of each hall of fame recipient will be displayed in the state association's board room along with a hall of fame award displayed on a glass pedestal.

The sprouting of state association halls of fame does not come as a surprise to those from states which have had halls for several years, such as Bill Young, executive director of the Idaho High School Activities Association. The Idaho state association began its hall of fame in 1980.

"I think soon or later, every state association will have a hall of fame of some kind," Young said. "Why? Because I think everyone is starting to realize the need to recognize the people who have served their state association."

That realization grows each year when state executive officers and others gather for the annual induction ceremony of the National High School Sports Hall of Fame, held in conjunction with the National Federation of State High School Associations Annual Meeting. Young said after the very successful 1990 hall of fame induction ceremony in Minneapolis, Minnesota, he heard one state association executive officer from a western state indicate the desire to look into starting a hall of fame.

"When everyone leaves the national (high school sports) hall of fame induction ceremony, they leave with a very positive feeling," Young said. "When you look into the faces of those individuals (inducted) and realize the influence they all have had on young lives, that's all it really takes to start thinking of a state hall of fame."

Ken Tilley, a program supervisor for the Virginia High School League, which just started a hall of fame, said another reason for the growth of state association halls of fame may be states hear about successful hall of fame programs in other states. "I would say it's friendly competition within the National Federation family," Tilley said. "We certainly look at what other people are doing and we want to share information with other states."

Whatever the reason for the growth of halls of fame among state associations, some executive officers, like Robert F. Kanaby, executive director of the New Jersey State Interscholastic Athletic Association, see such growth coming at the right time.

"I think it is timely that states are looking at halls of fame," said Kanaby, who said his state association included the feasibility of a hall of fame as part of its building expansion discussions. "There is a recalling of a sense of traditional values in young people who participate in interscholastic activities. A hall of fame is more than just an activity or recognition of past experiences. What it can be is another way to continue the development of programs in the state of New Jersey."

While a state association hall of fame can be an educational marketing tool to enhance the ideals, image and role of a state high school athletic/activities association, it also can have a unifying effect according to Dan Salzwedel, executive director of the New Mexico Activities Association.

Salzwedel said that the name "Hall of Pride and Honor" instead of hall of fame was chosen "because we want all segments of the population of the state of New Mexico to feel a sense of pride, honor and dignity when they visit our hall."

Tom Mills, commissioner of the Kentucky High School Athletic Association, shares that goal and said he wants the new state hall of fame and museum in Lexington to involve as many Kentucky citizens as possible. To do that, Mills said when visitors arrive at the new museum they will notice 16 flag poles with flags representing a school from each of the 16 regions of the state.

In states like Colorado, the goal also is to involve students in the hall of fame process, said Bert Borgmann, director of media, promotions and marketing for the Colorado High School Activities Association. To that end, Campbell Soup Corporation provides $1,000 scholarships in the name of the high school of the hall of fame inductee, he said.

"It all goes back to recognizing many of the people who put us (state association) here in the first place," Borgmann said. "I think it's about time that we honor the ones who made it through the tough times and celebrate those who brought us to the place of success."

Salzwedel said officials in his state will honor "those who have become achievers rather than just survivors. I think a candidate should have the values that we all consider an important part of the educational experience of interscholastic activities."

State association officials who have experience in administering hall of fame selection committees strongly suggest that states develop specific criteria for selection. Rick Strunk, assistant executive director of the North Carolina High School Athletic Association and the person who takes care of the association's hall of fame, emphasized that states should get a broad-based selection committee composed of a mix of coaches, athletic directors and sport officials. "Every state has a pool of quality names for a hall of fame . . . But my advise is keep it (hall of fame selections) special. Make it an honor to get into it."

Bob Baldridge, assistant executive director of the Tennessee Secondary School Athletic Association, agreed. He went on to say that when the state association's hall of fame was established in 1981, officials believed it was important to induct people from the 1930s during the early days of high school activities so that generations to follow would know the coaches, athletic directors and game officials who made outstanding contributions to the development of interscholastic activities in the state.

So while many states decide the proper criteria and method to honor outstanding contributors to interscholastic activities, other states - both big and small - will be watching the latest building of the future to preserve the past.

"If we do start a hall of fame we want it to be the best that we can get," cautioned Dan Freund, executive director of the Montana High School Association. Hundreds of miles away, his counterpart, Lavere L. Astroth, executive secretary of the Illinois High School Association, will also be watching states like Kentucky as these new halls of fame develop and how many people they attract.

"Anything that is positive for interscholastic activities we will certainly take a look at," Astroth said. "All we can do is wait and see."

SWIMMING COMMITTEE MINUTES 1990-91

The Swimming Committee met on Wednesday, September 12, 1990, at the K.H.S.A.A. Office in Lexington. Assistant Commissioner Brigid L. DeVries called the meeting to order at 1:30 p.m. Committee members present included Steve Bush, Tim Cahill, Bob Stacey, Marty O'Toole, Paul Short, Jack Thompson, Karen Vanover and David Webb.

The first item on the agenda was the selection of the regional sites. The managers and sites are as follows: Central Kentucky Region - Tim Cahill, Model High School, Richmond; Jefferson County Region - Marty O'Toole, Crescent Hill, Louisville; Northern Kentucky Region - Dave Webb, Scott High School, Covington; Western Kentucky Region - Joel Cyganizwicz, Elizabethtown High School, Elizabethtown. The committee discussed the regional information sheets and made some minor changes. The Regional entry deadline dte is February 5, 1991.

The next item for discussion was the State Swim Meet and Site. The 1990-91 meet is scheduled on March 1 & 2, 1991 in the Lancaster Aquatic Center at the University of Kentucky. It was decided that the time schedule for the meet stay pretty much the same. The preliminary heats will consist of three heats of eight swimmers in all swimming events. It was suggested that if possible, there should be touch pads at both ends of the swimming course for the State Meet.

The committee discussed the National Federation Rule Changes for the 1990-91 school year as well as the differences with regard to the United States Swimming Rules. A clarification from the National Federation on Rule 8-2-1, regarding the backstroke turn, will be mailed to the schools along with the Regional Swimming information. A one day Rules Clinic for both swimming and diving was discussed and will be scheduled this year if at all possible. The clinic will be opened to high school coaches and officials.

The K.H.S.A.A. Constitution and By-Laws swimming section was reviewed and will be updated.

Miscellaneous items included an invitation to all high school swimming coaches from Miss Sarah Wyatt and the American Red Cross, to attend a safety training course specially designed for swimming coaches. The course is 8 hours in length, and anyone interested may contact Sarah at the Red Cross office in Lexington at 606-253-1331.

Other items included a discussion of the benefits of belonging to N.I.S.C.A., and the impact this organization has on the national level.

David Webb suggested the committee explore the possibility of requiring schools to participate in at least 2 high school meets to be eligible for the Regional swim meets. This suggestion will be discussed by the All-Sports Committee at one of the future Board of Control meetings later this year.

There being no further business, the meeting was adjourned.

NOTICE!

November 1 is deadline for schools to enter teams in winter sports.

NEWS RELEASE

PARTICIPATION AT 5.2 MILLION IN HIGH SCHOOL ACTIVITIES

Participation in high school athletic programs increased slightly in 1989-90 and remained at the 5.2 million mark for the fourth consecutive year, according to the annual sports participation survey conducted by the National Federation.

The National Federation has compiled the survey since 1971 based on figures from the 51 state high school athletic/activity associations.

The 1989-90 survey indicated a total of 5,256,851 participants in high school athletics, up 655 from 1988-89. The 5,256,851 total was composed of 3,398,192 boys and 1,858,659 girls. Girls participation was up 19,307, and boys participation was down 18,652.

With the exception of a slight decrease from 1987-88 to 1988-89, participation has risen slightly each year since the 1984-85 year. The 1984-85 totals stopped a six-year downward spiral in which participation dropped five years.

Participation in high school athletic programs hit an all-time high of 6,450,482 in 1977-78, which was the height of high enrollments in high schools nationwide resulting from the "baby boom" generation of the late 1950s and early 1960s.

The most significant change in the boys participiption totals occurred with baseball and track. Baseball moved ahead of track and field as the No. 3 most popular sport in terms of participants, thanks to a 16,567 decrease in track and field this year. Other decreases in boys sponsorship occurred in football (3,912), wrestling (8,208) and golf (1,761).

Basketball gained the most participants among boys sports (3,696) and remained No. 2 behind football with 517,271 participants. Football is first with 947,757. Baseball now is third with 413,581 participants, and track and field fourth with 405,684.

The remainder of the top 10 is unchanged from 1988-89: wrestling (233,856), soccer (220,777), cross country (155,806), tennis (136,939), golf (122,998) and swimming/diving (85,112).

Basketball remained the most popular boys sport among schools (16,710), followed by outdoor track and field (14,270) and football (13,986). The order of the rest of the top 10 remains unchanged: baseball (13,629), cross country (10,311), golf (9,773), tennis (8,941), wrestling (8,416), soccer (6,561) and swimming/diving (4,306).

All top 10 boys sports except football and basketball gained in school sponsorship. Cross country made the largest jump with 327 additional schools, followed by swimming/diving (216), soccer (131), golf (119), tennis (116), outdoor track and field (68), baseball (29) and wrestling (27).

Basketball gained the most participants (10,331) among girls sports and remains the most popular girls sport with 389,668 participants. Following basketball, golf made the biggest jump among girls sports with an additional 9,447 participants. An increase from 30,971 to 40,418 moved girls golf from No. 12 to No. 10, replacing slow-pitch softball as the 10th most popular sport.

Beside baskeball and golf, other girls sports that registered increases in participants were soccer (3,324), field hockey (2,507), fast-pitch softball (1,471), cross country (716) and swimming/diving (21).

After basketball, outdoor track and field (308,810) and volleyball (293,688) held the Nos. 2 and 3 spots despite decreases in participants of 7,018 and 5,708, respectively. The remainder of the top 10 after basketball, outdoor track and field, and volleyball is fast-pitch softball (205,040), tennis (128,076), soccer (111,711), cross country (104,876), swimming/diving (84,760), field hockey (50,237) and golf (40,418).

All but one of last year's top 10 girls sports registered increases in school sponsorship, led by cross country with an increase of 259 schools, soccer (231) and fast-pitch softball (214). Other increases in school sponsorship were golf (182), tennis (179), swimming/diving (153), outdoor track/field (96), indoor track/field (87), volleyball (74) and basketball (15).

Girls slow-pitch softball, with a decrease of 1,910 schools and 5,455 participants, was replaced in the top 10 schools list by indoor track and field. Slow-pitch softball also dropped from the top 10 participants list as golf assumed the No. 10 spot.

The 1989-90 sports participation survey is printed in the 1990-91 National Federation Handbook, which will be available soon from the National Federation, P.O. Box 20626, Kansas City, Missouri 64195.

WRESTLING INFORMATION

As a result of the National Federation Wrestling Rules Interpretation Meeting several individuals indicated their state would be interested in doing some experimentation with the new overtime procedure as will be used this year by the NCAA. Enclosed is a copy of that overtime procedure. Persons interested in doing experimentation in some tournaments this year should contact the K.H.S.A.A. Below is a description of the overtime procedure:

OVERTIMES

SECTION 9. In tournament competition when the contestants are tied at the end of three regular periods, they will wrestle a sudden-death overtime period a maximum of three minutes in length, with no rest between the regular match and overtime (consolation matches included). The sudden-death overtime period will begin with both wrestlers in the neutral position. The wrestler who scores the first point(s) will be declared the winner.

If no winner has been declared at the end of the three-minute sudden-death overtime period, a 30-second tie breaker will be wrestled. The referee will flip a coin or disk to determine which wrestler has his choice of starting position for the tie breaker; the wrestler may select the offensive (top) or defensive (bottom) position, or he may elect to defer the choice of top or bottom to his opponent.

The wrestler who scores the first point(s) during the tie breaker will be declared the winner. If no scoring occurs in 30 seconds, the offensive wrestler will be declared the winner.

NOTE: The sudden-death overtime period and the tie breaker will be regarded as extensions of the regular match. All points, penalties, cautions, warnings, timeouts and injury time will be cumulative throughout the regular match, the sudden-death overtime period and the tie breaker.

A sudden-death overtime period of 2 minutes in length followed by the 30-second tie breaker is also an option.

1990-91 STATE SOCCER TOURNAMENT

The semi-final rounds of the state soccer tournament will be held at Woodford County High School in Versailles on November 8th and 10th. Again this year, state first round games will be played at the home field of the even numbered region winners on either November 5th or 6th. That date is left up to the participating teams.

The final rounds, featuring the four sectional winners, is a blind draw format. The games will be played beginning at 6:00 on November 8.

Tickets will be available at the gate, as well as at each of the participating schools which have requested advance sales. Press credentials may be requested by phone by contacting the K.H.S.A.A. offices.

COACH-PRINCIPAL TEAM SEEN AS A KEY MOTIVATOR

School sports, once considered by a large pool of educators as a frill or a detractor from academics, is now getting a second look by school officials, community leaders and parents grappling with ways to motivate students to study and stay in school.

A well-run sports program and a coach who links his or her program to education, advocates say, can go a long way to keeping thousands of inner-city children in their classrooms and provide an alternative to streets filled with gangs, drugs and crime.

"School sports are an important part of the educational process," said William Julius Wilson, a University of Chicago sociologist who is one of the leading researchers into the causes of urban poverty.

"But those involved in school sports are up against a strong feeling that sports undermines, not enhances, an academic program," he said. "Many people don't see these two programs as necessary components . . . to enhance the school climate."

Wilson made his remarks last week during a two-day conference at the University of Chicago where a cross-section of the nation's educators, coaches, sports officials and others gathered to discuss the concept and develop strategies to better utilize sports programs in schools and colleges.

The strategies focus not only the traditional footall and basketball teams and their coaches, but also include reaching youngsters in elementary and junior high by creating a wide-range of intramural sports programs at schools, churches and other community orgnizations.

The idea is to provide youngsters with a sense of belonging, after-school activities, discipline, group skills, motivation to attend school and do well academically, adult role-models and ultimately raise their self-esteem, said Larry Hawkins, president of the Institute for Athletics and Education, a not-for-profit organization that sponsored the conference.

James Coleman, a sociology professor at the University of Chicago, said that when coaches and principals team up, they can turn sports into an effective educational tool. While coaches are involved in teaching a particular athletic skill, they also teach students attitudes about education.

"Interscholastic sports generates powerful forces," Coleman said. "Those forces can be used as an instrument to strengthen and support the goals of the school, or they can be used to generate disdain for education, or to divert attention away from educational goals. The question of which they will do is a matter that is in some considerable part a result of how the coach handles matters."

CHEMICAL HEALTH

TARGET

STRAIGHT TALK

SIX KEY ELEMENTS IDENTIFIED IN EFFECTIVE PREVENTION EFFORTS

The increase in alcohol and other drug prevention programs for high school students is an impressive groundswell of efforts to protect the health of children. The enthusiasm and determination of caring school staff, parents and community members often requires answers to key questions before programs begin.

"Which problems are most serious? Which problems are most widespread? Are there clues that point toward solutions to these problems?"

Lack of accurate, current knowledge hampers our best intentions to help young people. At times, we move toward solutions before we have fully defined the problem. Because of uncertainty, we waste precious energy and enthusiasm on unproductive work.

Local surveys that allow comparison to national norms and trends can provide information to help answer key questions about local problems and potential solutions. A survey and its resulting report are not ends in themselves. An individual student's motivation, knowledge, attitudes or behavior are not likely to be changed by taking a survey. Neither will a survey, by itself, improve a school climate. However, a survey does indicate to students, staff and the community that school officials are serious about prevention efforts and intend to take thoughtful and well-planned actions. Laying the foundation for action with current, accurate information will bode well for programs that follow and increase the likelihood for successful efforts to help our students.

As a result of studies with more than 150,000 students in 35 states conducted during the past seven years, *Search Institute*, a non-profit research and evaluation firm, has identified the following six dimensions of effective prevention programs.

- **Parent expectations.** Alcohol and drug use is relatively low among adolescents whose parents set strict rules about chemical use, monitor compliance and enforce the rules. In Search Institute's statewide surveys, the factor that most distinguished chemical users from non-users was response to a question about "How upset would your parents be if you came home from a party and your parents found out you had been drinking?"
- **Peer influence.** Chemical use or non-use is strongly related to what one's friends do. Parents can undermine the negative influence of friends by steering children away from certain associations and toward other relationships where the influence is known to be more positive. One effective way to do this is to unite with other parents to ensure that social events for young people are chemical free.
- **School environment.** Chemical use tends to be lower among adolescents in schools where there are firm policies about drug use and where these policies are maintained and enforced.
- **Social networks.** The degree to which adolescents are involved in adult-supervised programs and activities is another factor which inhibits chemical use.
- **Social competency.** A number of social skills, all of which can be promoted by family, school, church or other organizations, can serve as important factors in prevention. These include friendship-making skills, communication skills, decision-making skills and the ability to say "no" when peer pressure mounts.
- **Personal values.** Adolescents who refrain from alcohol and other drug use, in comparison to other youth, are more committed to education and educational achievement, more involved in people-helping activities, more confident that the future holds promise, more affirming of religion and more able to resist immediate gratification of needs.

These factors work best in combination. For that to happen, all the key players - parents, schools, churches, community organizations and civic groups - must assume responsibility for prevention, joining hands to launch a coherent, sustained community-wide effort.

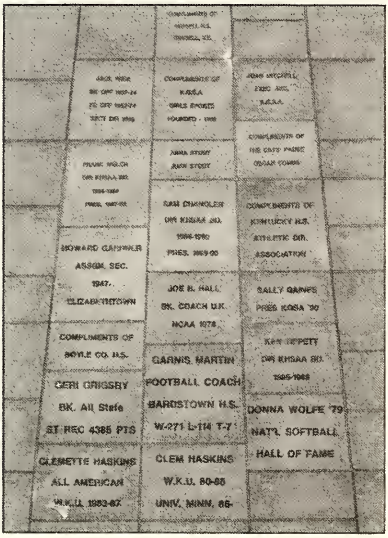
Kentucky High School Athletic Association

HALL OF FAME AND MUSEUM COURT OF SUPPORT



The Dawahares/K.H.S.A.A. Hall of Fame

To honor the more than 1,000,000 Kentucky men and women who have contributed to "Great Moments in Kentucky High School Sports" throughout the years, the Dawahares/Kentucky High School Athletic Association Hall of Fame was established in 1988. The association chose this manner in which to pay tribute to, and to immortalize record setting and influential coaches, players, officials and supporters of high school athletics in this great Commonwealth. To date, sixty-seven members have been inducted into the Hall of Fame. After twenty-two new members are inducted on March 13, 1991, the total number of members in the Hall of Fame will have reached eighty-nine.

The Association began the project with the help of the Dawahare family, as an effort to recognize the excellence of high school educators, athletes, coaches, officials, administrators and other contributors. According to Dee Dawahare, of Lexington, "We want to recognize and encourage the academic as well as athletic contributions of these fine individuals."

Hall of Fame members are chosen for their contributions to Kentucky high school athletics. K.H.S.A.A. Commissioner Tom Mills stressed that "while many Hall of Fame Members, such as Paul Hornung, Cliff Hagan, and Tommy Bell, have gone on to outstanding careers in college or professional sports, they are primarily honored for their accomplishments in Kentucky high schools." Other members such as S.T. Roach, longtime coach at Lexington's Dunbar High School, and Ralph Carlisle, who coached at Lexington's Lafayette High School, are honored for the guidance they have given thousands of young people.

Instructions . . .

The Kentucky High School Athletic Association welcomes your participation in this project. Should you desire to become involved, complete the order form printed below, and return it to the K.H.S.A.A. offices at the address listed on the form.

Please feel free to contact the Association office if you have any questions. Please note that the term "basketball region" on the order form is the location within the state in which you wish your brick placed. If you have no preference, simply indicate "no preference" on the form.

REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS

All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams' last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school's legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.

OPEN DATES SOLICITED FOR FOOTBALL SCHOOLS

Please submit your open football dates to the K.H.S.A.A. office so that we may again compile a list to assist you in scheduling. Please submit these open dates in writing and include 1) the game date desired, and 2) a contact name and daytime phone number. This is especially important as we begin scheduling for next year with the alignment changes.

NOTICE ON EXPERIMENTAL BASKETBALL RULE

The National Federation Basketball Rules Committee, at its March meeting, approved several rules changes which could be implemented by individual states on an experimental basis.

At its April meeting, the K.H.S.A.A. Board of Control was asked to solicit opinions from the basketball coaches in their area on a few proposed changes. The first would revise the bonus free throw provisions; while the second would count all technical and personal fouls toward the bonus provisions and toward disqualification. After discussing these changes with many of their constituents, the Board of Control approved Kentucky's experimentation with these changes for the 1990-91 school year.

In detail, these experimental changes are as follows --

1) The current bonus free throw provision, one plus one on and after the fifth team foul of the half, is eliminated. In its place, all fouls, personal and technical, committed by a player on and after the seventh (7th) foul of a half shall result in the offended team being awarded two free throws.
2) All technical and personal fouls called against a player shall be counted toward the limit of five fouls per player prior to disqualification.
3) All technical and personal fouls called against a player or coach shall be counted toward the limit of fouls per half before the two shot provision.

These rules will be in effect for ALL games played in the state of Kentucky for the 1990-91 season. In late January, we will survey the coaches to get an opinion about the change, and Mr. Wise will take this information to the National Rules Committee meeting in March for discussion. If you are playing an out of state team on their home floor, you will need to check with that team to ascertain if that state is utilizing the same experiment.

K.H.S.A.A. LOSES FRIEND WITH DEATH OF TOM FREDERICK

Tom Frederick, one of this country's leaders in interscholastic athletics for over 40 years, died October 10, at his home in Liberty, Missouri. Frederick retired in 1989 after 22 years on the staff of the National Federation of State High School Associations, and had served his final twelve years as Associate Director for the Federation.

After a distinguished career in high school coaching and athletic administration Frederick took his talents to the Federation where he was instrumental in organizing the National Conference of High School Directors of Athletics, and event that grew from 355 attendees in its inaugural year, to nearly 2,500 in his last year. He was also instrumental in the forming of a national publication to assist Athletic Directors, and the Interscholastic Athletic Administration magazine continues as a respected publication today. Frederick was also instrumental in the 1977 formation of the National Interscholastic Athletic Administrators Association (NIAAA), which now has nearly 5,000 members.

Frederick was an invaluable assistant to the K.H.S.A.A. and its member schools and athletic directors, and will be missed by all who knew him.

NOTE CONCERNING BASKETBALL AND FOOTBALL RATINGS

The K.H.S.A.A. recently purchased electronic equipment which allows for the entry of the ratings from coaches into the computer system via scanner.

Always use a #2 lead pencil when completing the form. PLEASE do not fold the form, other than to place it in an envelope. Also, be sure that you are not sealing the envelope to the form when you close the envelope for mailing. We have received forms folded to fit in a very small envelope, and many of these forms are not able to be scanned. Please use a #10 (letter size) envelope for mailing these forms, and MAIL THEM IMMEDIATELY FOLLOWING EACH CONTEST. For any scanned form, please remember to use your school/official identification number as appropriate to ensure the accuracy of the data.

NOTE CONCERNING BASKETBALL RULES CLINICS

The basketball clinic originally scheduled for October 1 at Somerset High School has been moved to Monday, October 29; while the clinic set for October 2 at Pineville High School has been moved to Tuesday, October 30. This is to allow Mr. Wise to attend the National Basketball Rules Committee meeting in Kansas City on October 1 and 2, and also enable him to conduct the clinics at Somerset and Pineville. Notice concerning this change was made in the August and September "Athlete" magazine, and in the notices to the officials. Please ensure that your coaches are aware of this change.

NOTICE TO MEMBER SCHOOLS CONCERNING THE TRANSFER RULE

Several times already during this young school year, member schools have submitted transfer requests on the day of the contest. We will try and accommodate these requests when possible. However, one recent change in the By-Laws has apparently escaped the attention of many coaches. A student athlete may not practice or play with a team until ruled eligible by the Commissioner.

KENTUCKY NETWORK TO SPONSOR FOOTBALL AWARDS

For the 1990 season, the Kentucky Radio Network will be sponsoring a player of the year award in high school football. One award will be given in each class, and in addition, an overall winner will be named. In the coming weeks, on or about November 1, the ballots will be mailed to each coach in order that all ballots be cast. Please cooperate with this project. This is not in competition with the Mr. Football Award, sponsored by the Associated Press, which is selected by the media outlets in the state.

S.A.T. TEST DATES FOR 1990-91

The S.A.T. test schedule for the near future is as follows. Athletic Directors and school officials should pay special attention to these dates and encourage your athletes to schedule their test dates away from potential conflicts with district, regional or state athletic events.

TEST DATE	REG. DEADLINE
11/03/90	09/28/90
12/ 1/90	10/26/90
01/26/91	12/21/90
03/16/91	02/08/91
05/04/91	03/29/91
06/ 1/91	04/26/91

IMPORTANT NOTICE CONCERNING DISQUALIFICATIONS

By Board of Control action, all participants and/or coaches who are ejected from a contest for unsportsmanlike conduct shall be suspended from competition for a minimum of one game. It also should be noted that officials who disqualify participants, and then do not report that disqualification to the Association office in a timely manner may face suspension from officiating!! With this in mind, it is important to adhere to the following procedure should a representative of your school be ejected for unsportsmanlike conduct. 1) Be sure you receive a disqualification card from the contest official; 2) Contact this office in writing to request reinstatement of the participant; 3) Inform the participant/coach of the suspension. You will be notified by return mail as to the end of the suspension, and the date or day when the player/coach will be eligible to return to competition. Contest officials also are reminded to use an ink pen, to include the first and last name of the offender, and to press hard as the third copy is often illegible if done in pencil.

NOTE Any person who is suspended from a contest may not dress for that contest in game uniform. They will however be covered by the catastrophic insurance policy insofar as practice is concerned unless you are otherwise notified.

HANDBOOK CORRECTIONS

A mistake in communication between this office and our printer resulted in the mis-identification of our Sectional Directors on page iii when the new Handbook was printed. The Sectional Director for Regions 13-16 is John Radjunas, and he is pictured immediately next to Harry Loy, our State Department of Education liaison. The bottom row, from left to right, is Jack Wise (Regions 9-12), Jerry Kimmel (Regions 1-4), and George Mercker (Regions 5-8). We apologize to the Sectional Directors and to any others who may have been caused inconvenience by this error.

An important correction should be made on page 16, under By-Law 25, Limitation of Seasons, Section 4b, Football - Boys (Beginning with the 1991-92 school year). An error in translating the 1987-1990 information into the new alignment period left an inadvertent error in subsection 4, of Section 4b. The corrected wording should be --

(4) A maximum of ten (10) regular season games may be played. Pre-season bowl games shall count towards the ten game limit.

This is the wording as each of the schools were notified in the spring, however, during composition of the handbook, the wording for 1991-94 was not changed concerning pre-season bowl games. We apologize for any inconvenience this error may have caused.

The track clinic schedule has not been finalized. Attempts are being made to incorporate additional clinic sites into the schedule. When the final schedule is available, all registered officials and participating schools will be notified.

CALL THE OFFICE IF YOU NEED MORE INFORMATION ON THE COURT OF SUPPORT

In the past few weeks, you should have received information about the Court of Support as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project. There is still time to place your order and receive the recognition certificate in time to serve as a beautiful Christmas gift.

ATHLETIC DIRECTORS AND COACHES URGED TO USE THESE PHOTO TIPS

Schools are reminded as the seasons in all sports get underway, to make arrangements for team photos. Tournament managers and many of your opponents and news outlets will request photos for event programs. We offer these useful tips for good team photos --

1) A good photo makes a good half tone. The printer cannot make a clear image out of a fuzzy, out of focus photo;
2) A good photo of your team shows school pride and encourages pride among your schools' patrons;
3) A good photo shows all of the faces, and ideally, the jersey/uniform number if applicable. A mom or dad wants to see their child's grinning face in the program after traveling to that post season tournament;
4) A good photo of large teams can be achieved by thinking vertically, not horizontally. Add more rows instead of making two or three long rows. This will enable the photographer to come in for a closer shot of your group. The closer the shot, the clearer the faces;
5) A good photo is accompanied by proper identification. Type the group members' names so there will be no doubt as to spelling. It is disappointing to students and parents to have their name misspelled or omitted from the tournament program;
6) A good photo is planned for well in advance to allow for a retake;
7) Lastly, a good photo arrives to the tournament manager and the KHSAA before the deadline date.

ESPN RECOGNIZED BY WOMENS SPORTS FOUNDATION

For the second consecutive year, ESPN's Scholastic Sports America television show has been honored by the Women's Sports Foundation for exceptional network television reporting of women's sports and issues affecting women in sports. This year's winning entry was a feature on a Soviet girls' high school volleyball team and its month long visit to the Saginaw, Michigan area. The piece, produced by Dennis Deninger and Jerry Vaillancourt, focused on not only the athletic competition involved, but also the players' acclimation to American society. The award, co-sponsored by Miller Lite, will be presented October 15 in conjunction with "A Salute to Women in Sports" at the Marriott Marquis Hotel in New York City.

BASKETBALL AND FOOTBALL CORRESPONDING DATES

The following should serve as a guideline for Athletic Directors in the scheduling of basketball contests for the next six seasons. The date refers to the Friday night of the playing week.

Week 1	11/9	11/15	11/13	11/12	11/11	11/10

Due to the passage of a referendum to shorten the season, the re-negotiation of many contracts due to the 1991 realignment, and the expansion of the play-offs to four teams beginning in 1991, many schools are confused about the possible playing dates for football games. Below is listed the updated corresponding date chart as it will appear in the 1990-91 Handbook. By virtue of Delegate Assembly action in 1990, no games may be scheduled or played at any level following the Saturday of the week preceding the First Round of the play-offs.

	1990	1991	1992	1993	1994	1995

Week 1	8/24	8/30	8/28	8/27	8/26	8/25
**	8/17	(For 1990 season only)				

** Due to passage of a referendum which shortened the football season to ten weeks, there are no regular season playing dates which correspond to August 17 or November 2, 1990. The November 2 date will be lost due to the expansion of the play-offs to include the top four teams in each district. It is important to remember that beginning in 1991, there will be only ten (10) weeks in which to play the legal limit of ten (10) games.

KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION
REPORT OF EXAMINATIONS OF FINANCIAL STATEMENTS

for the years ended June 30, 1990 and 1989

MILLER, MAYER, SULLIVAN & STEVENS

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT

Commissioner and Board of Control
Kentucky High School Athletic Association
Lexington, Kentucky

We have audited the balance sheet of the Kentucky High School Athletic Association (a nonprofit organization) as of June 30, 1990 and the related statements of activity, changes in fund balances and cash flows for the year then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Kentucky High School Athletic Association at June 30, 1990 and the results of their operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION
NOTES TO FINANCIAL STATEMENTS

for the year ended June 30, 1990

1. **Summary of Significant Accounting Policies**

The Kentucky High School Athletic Association is a nonprofit Association organized for the purpose of development, regulation and purification of athletic activities in the Commonwealth of Kentucky.

The financial statements of the Association have been prepared on the accrual basis. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

To ensure observance of limitations and restrictions placed on the use of resources available to the Association, the accounts of the Association are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purposes. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions have been recorded and reported by fund group.

Within each fund group, funds restricted by outside sources are so indicated and are distinguished from unrestricted funds designated for specific purposes by

action of the Board of Directors. Externally restricted funds may only be utilized in accordance with the purposes established by the sources of such funds and are in contrast with unrestricted funds over which the Board retains full control to use in achieving any of its purposes.

Fixed assets are stated at cost and are depreciated over their estimated useful lives on a straight-line basis. In prior years, fixed assets were recorded as expenditures and fully reserved. This change necessitated the restatement of fund balance as of June 30, 1989.

The investments consist of certificates of deposit, savings accounts and similar accounts that are stated at cost.

2. **Pensions**

A. **Kentucky Teachers' Retirement System**

All Commissioners of the Association participate in the Statewide Kentucky Teachers' Retirement System, a multi-employer public employee retirement system established and administered by the Commonwealth of Kentucky to provide benefit pension plan coverage for local school districts and other public educational agencies within the State.

Chapter 161 Section 220 of the Kentucky Revised Statutes stipulates who may become a member of the Teachers' Retirement System. Generally, eligible persons are employed by local boards of education, the State Department of Education, some state universities, and some non-state supported organizations. Information regarding total payroll for employees covered by the System for the year ended June 30, 1990 was not available at this time.

Employees are entitled to an annual retirement benefit, payable monthly for life, if they either attain the age of fifty-five (55) and complete five (5) years of Kentucky service or complete twenty-seven (27) years of Kentucky service. Non-university employees receive monthly payments equal to either two (2) percent (service prior to January 1, 1984) or two and one half (2½) percent (service after January 1, 1984) of their final average salaries for each year of credited service. The final average salary is the average of the employee's five (5) highest annual salaries. Members' retirement benefits become vested when they complete five (5) years of credited service.

Members are required by statute to contribute 9.855% of their salaries to the System. The state of Kentucky contributes the remaining amounts necessary to finance the participation of employees in the System. Employer contributions are determined as a level percentage of payroll. If an employee leaves covered employment before accumulating five (5) years of credited service, accumulated employee contributions plus interest earned are refunded to the employee upon his or her request. The contribution requirement for the year ended June 30, 1990 was $47,759. The contributions for 1990 consisted of $27,260 from the Association and $20,499 from the Commissioners. The Association's contributions for 1990 represented 13,105% of covered payroll.

The amount shown below as "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases, estimated to be payable in the future as a result of employee service to date. The measure is the actuarial present value of credited projected benefits and is intended to help users assess KTRS funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among public employee retirement systems.

The System does not make separate measurements of assets and pension benefit obligations for individual employers.

Information regarding the pension benefit obligation as of June 30, 1990 and the System's net assets available for benefits on that date is not available at this time. The pension benefit obligation at June 30, 1988 for the System as a whole, determined through an actuarial valuation performed as of that date, was $4,287,308,000. The System's net assets available for benefits on that date (valued at market) were $2,915,714,000, leaving an unfunded pension benefit obligation of $1,371,594,000.

Historical trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is presented in the System's June 30, 1989 comprehensive annual report.

B. **Kentucky Employees' Retirement System**

All other eligible employees participate in the Statewide Kentucky Employees' Retirement System, a multi-employer public employee retirement system, established and administered by the Commonwealth of Kentucky.

The System is a defined benefit plan which covers substantially all regular full-time employees of any state department, board, or agency directed by Executive Order to participate in the System. Information regarding total payroll for employees covered by the System for the year ended June 30, 1990 was not available at this time.

Eligible members of the Kentucky Retirement Systems are entitled to an annual retirement benefit, payable monthly for life, if they either attain the age of 65 or have 48 or more months of service or accumulate 30 years of service credit, 15 of which must be current service. The monthly retirement allowance is equal to 1.91% of the average annual salary of the members five highest earnings years multiplied by the number of years of service credit. Members retiring at less than 55 years of age with 25 or more years of service credit are entitled to reduced benefits. Members' retirement benefits become fully vested when they complete sixty months of service, twelve of which are current service.

For the year ended June 30, 1990, participating employees contributed 5% of creditable compensation to the System. Employer contribution rates are intended to fund the System's normal cost on a current basis plus one percent (1%) of unfunded past service costs per annum plus interest at the actuarial assumed rate. Such contribution rates are determined by the Board of Trustees of Kentucky Retirement Systems each biennium. Participating employers contributed at 7.45% of members' non-hazardous compensation for the year ended June 30, 1990.

The contribution requirement for the year ended June 30, 1990 was $9,765. The contributions for 1990 consisted of $5,843 from the Association and $3,922 from the employess.

The amount shown below as "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases, estimated to be payable in the future as a result of employee service to date. The measure is the actuarial present value of credited projected benefits and is intended to help users assess the System's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among public employee retirement systems (PERS). The measure is independent of the actuarial funding method used to determine contributions to the System.

The pension benefit obligation for 1990 was not available at this time. The pension benefit obligation for the year ended June 30, 1989 for the System as a

whole, determined through an actuarial valuation performed as of that date, was $1,566,923,178. The System's net assets available for benefits on that date (valued at market) were $1,588,609,098. Historical trend information showing assets available to pay benefits when due is presented in the System's June 30, 1989 comprehensive annual report.

C. **Retirement Trust Fund**

The Retirement Trust Fund was created by a Pension Plan Agreement dated July 1, 1970 for the purpose of providing retirement benefits to certain full-time employees of the Association. Entry to this Plan was closed in October, 1984. The Plan covers one individual. Contributions to the Plan are made by the Association at the discretion of the Administrative Committee. The Association paid benefits under this Plan for the years ended June 30, 1990 and 1989 totaling $3,521 and $3,452, respectively.

3. **Contingent Liabilities**

At June 30, 1990, the Kentucky High School Athletic Association was defendant in four pending lawsuits, in which the Association may have potential liability. Although damage claims are not known at this time, management has determined that available insurance coverage will be sufficient to provide for these contingent liabilities. Therefore, the accompanying financial statements do not contain a provision for the liability, if any, that may result from these suits.

4. **Insurance Deposit**

As of June 30, 1990, the Association has $54,469 on deposit with Doug Ruedlinger, Inc. Fund Administrators Association. This deposit is restricted to future insurance claims and premiums.

1990-91 Certified and Approved Football Officials

A large number of K.H.S.A.A. registered officials have qualified for the advance ratings of Certified and Approved as a result of the National Federation Part II Examination. Only officials receiving these higher ratings are eligible to work in the district and regional tournaments. Only K.H.S.A.A. approved or certified officials shall be used in games between sub-district and district winners. Only certified officials shall be used in all other playoff games.

1990-91 NATIONAL FEDERATION SWIMMING & DIVING RULE INTERPRETATIONS

SIUATION #1: In a dual meet, the host school does not provide a recall rope.
RULING: Incorrect procedure.
COMMENT: A recall rope is required for all meets. (2-7-4)
SITUATION #2: Team A hosts an invitational pentathlon meet in which all competitors enter five individual events.
RULING: By state association adoption, pentathlon meets may be held. (3-1-2, 3-2-1b)
SITUATION #3: Swimmer A is entered in 3 individual events and listed on 2 relay events for a championship meet.
RULING: Illegal. Swimmers may enter a maximum of 2 individual and/or two relay events. (3-2-1)
SITUATION #4: At an invitational meet, Swimmer B competes as an exhibition swimmer in the 500 freestyle. He achieves the qualifying time for regional/state competition and it is accepted as such.
RULING: Correct procedure.
COMMENT: Exhibition swimmers can make qualifying times unless state association rules determine otherwise. (3-2-1a)
SITUATION #5: During the preliminaries, one of four swimmers designated on the entry card for the 400 freestyle relay falls and is injured as she reports for the start of the event. The coach replaces the swimmer with one of the remaining swimmers listed on the original entry card.
RULING: Legal.
COMMENT: The injured swimmer may swim in the finals if she recovers from the injury (3-2-2)
SITUATION #6: A swimmer places a towel on the starting platform.
RULING: Legal.
COMMENT: If a swimmer feels the platform is slippery, the use of a towel is permitted The towel must remain flat. (3-3-2)
SITUATION #7: A handicapped swimmer reports to the meet referee prior to the beginning of competition for approval of a hand paddle. The referee approves the hand paddle.
RULING: Incorrect procedure.
COMMENT: Written approval from the state association is required for artificial limbs and/or hand paddles, and must be shown to the meet referee. (3-3-3)
SITUATION #8: During warm-ups, the coach requests that the referee observe her swimmer's backstroke turn to determine if the turn is legal.
RULING: Correct procedure.
COMMENT: It is appropriate for the referee to review any situation dealing with the rules when requested to do so by a coach. (4-2-1, 8-2-1e)
SITUATION #9: At a large championship meet, the coach of a disqualified swimmer is not readily available to be notified of the infraction. The referee has the announcer broadcast the disqualification and proceeds with the next race.
RULING: Correct procedure.
COMMENT: The intent of the rule is to assure immediate and proper notification. However, unnecessary delay of a meet should be avoided. (4-2-2d)

SITUATION #10: Due to other program demands on the facility, the coaches at a dual meet where diving is not contested, agree to shorten the warm up period before the 100 butterfly.
RULING: Correct procedure.
COMMENT: By mutual consent coaches may agree to shorten the warm up period. (5-1-2)
SITUATION #11: A contestant requests permission to start in the water for an event requiring the forward start.
RULING: Legal. (Rule 8-1-1)
SITUATION #12: At the start of the 200 freestyle the referee declares, "Swimmers, take your mark." Swimmer in lane one stands up.
RULING: Incorrect procedure.
COMMENT: Correct command is "Take your mark." The word "swimmers" is no longer required in the starting command. If swimmers react to improper commands, swimmers shall not be penalized. (8-1-1)
SITUATION #13: A back stroker fails to touch the end wall with a hand or arm while executing the turn.
RULING: Legal provided some part of the body touches the wall. (8-2-1e)
SITUATION #14: A backstroker takes a final arm pull into the first turn, turns onto his stomach: (a) as he executes the turn; (b) and does one dolphin kick prior to executing the turn; (c) floats closer to the wall before executing the turn.
RULING: (a) Legal; (b) and (c) illegal.
COMMENT: Once the backstroker completes the final arm pull and turns onto his stomach, he cannot float, stroke or kick into the wall. He must go continuous into the turn. (8-2-1e)
SITUATION #15: A breaststroker makes an over-the-water recovery: (a) during the race; (b) after the final arm pull at the finish; (c) with a butterfly recovery.
RULING: (a) and (b) Legal; (c) illegal. (8-2-2e)
SITUATION #16: A coach submits an unsigned diving scoresheet and the referee refuses to accept it.
RULING: Correct procedure.
COMMENT: If sheet can be sgned and resubmitted prior to the deadline, it will be accepted. (9-3-3)
SITUATION #17: The referee: (a) receives an unsigned diving scoresheet after the completion of the 50 freestyle. (The coach chose not to have it reviewed); (b) discovers a diving sheet is unsigned. The sheet was reviewed earlier, but now there is not enough time to get a signature.
RULING: (a) and (b) Diver is disqualified.
COMMENT: The diver and coach are ultimately responsible for a correct scoresheet.
SITUATION #18: A diving scoresheet lists the second dive as #302, back dive, pike position, dd 1.7. Other dives listed cover four groups.
RULING: Legal.

MINUTES OF THE BOARD MEETING

October 13, 1990

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Office Building in Lexington, Kentucky on Saturday, October 13, 1990. The meeting was called to order by President David Points at 8:30 a.m. with all Board members present. Others present were Commissioner Tom Mills, Executive Assistant Billy V. Wise, Assistant Commissioners Brigid L. DeVries and Louis Stout, Sports Information Director Julian Tackett and State Board of Education Representative Harry Loy. The Invocation was given by Rev. Harry Jansing.

Mr. Points welcomed new Board member Roland Williams, who was elected to serve the unexpired term of C.K. Henry. The results of the election were as follows:

Joe E. Barlow	10
George Carson	36
George Radford	38
Roland Williams	44

Huston DeHaven made a motion, seconded by Alvis Johnson, that the minutes of the July 27, 1990, meeting of the Board be approved. The motion passed. Huston DeHaven made a motion that the minutes of the West Eligibility Committee Meetings on September 6 be approved. Sandy Allen seconded the motion which passed.

Ray Story made a motion, seconded by Marvin Moore, that all bills of the Association for the period beginning August 1, and ending September 30, 1990, be approved. The motion carried unanimously.

Commissioner Mills then distributed the 1989-90 Audit conducted by Miller, Mayer, Sullivan & Stevens. Due to the fact that the Board wanted an opportunity to look over the Audit, it was requested that the Commissioner make it an Agenda item for the November 30 meeting.

Following the hearings of all appeals, the following actions were taken by the Board:

James Nichols, Jr., Williamsburg H.S. - Voted 7-4 to waive By-Law 5, Section 3; Douglas Colburn, University Heights Academy - Voted unanimously to uphold the Commissioner's ruling of By-Law 6; Scott Roach, Greenwood H.S. - Voted 9-2 to uphold the Commissioner's ruling of By-Law 6; Kris Ray, Marshall County H.S. - Voted unanimously to uphold the Commissioner's ruling of By-Law 5, Section 4; Spencer Wood, Providence H.S. - Voted unanimously to uphold the Commissioner's ruling of By-Law 6; Thomas Smith, North Bullitt H.S. - Voted unanimously that the Bullitt County Schools clarify their open enrollment policy as it relates to student athletes and that the Commissioner make a ruling based upon receipt of such information; Gilbert Chesser, Shelby County H.S. - Voted to waive By-Law 6; Shannon & Stephen Lowery, Somerset H.S. - Voted unanimously to waive By-Law 6; Stefan Tacke, Woodford County H.S. - Voted 5-7 to waive By-Law 6; motion failed.

Huston DeHaven made a motion to approve the 1990-91 Proposed Budget. Ray Story seconded and the motion passed unanimously.

Following a report by Commissioner Mills on the status of the K.H.S.A.A. Hall of Fame & Museum, the following motions were made and seconded:

1) the Board allow a transfer of $200,000. from the General Fund to the Buildling Fund;
2) retain Branscom Construction Company;
3) take 1st Security's offer of financial assistance;
4) that a meeting of the Building Committee be called to discuss the possibility of selling bonds;

Exec. Asst. Wise announced that the State Championship Football Playoff schedule is as follows:

Class A	1:00 p.m., Friday, November 30
Class AA	4:00 p.m., Friday, November 30
Class AAA	1:00 p.m., Saturday, December 1
Class AAAA	4:00 p.m., Saturday, December 1

The next meeting of the Board will be held on November 30, 1990 at the Executive Inn, Louisville and will begin at 8:00 a.m.

Commissioner Mills discussed with the Board a letter he had received from Lawrence County High School requesting that a survey be sent to all schools to determine their interest in changing tennis from a spring to a fall sport. Roland Williams made a motion, seconded by Eddie Saylor that Lawrence County's request be approved and that the survey be conducted. The motion passed unanimously.

The next item on the agenda was a request to Commissioner Mills that Webster County High School be allowed to change classification in football. Following a discussion of their request, Commissioner Mills was requested to advise Webster County High School that their request could not be considered until after the 1992-93 football season due to the fact that schools may not apply for reclassification until the second year of the 1991-1994 classification period.

Following a discussion of a request for a .05 increase in mileage reimbursement for officials in all sports and lift the 50 mile restriction for officials in minor sports, Bob Rogers made a motion to refer this to the All-Sports Committee. Alvis Johnson seconded the motion which passed.

Commissioner Mills then advised the Board of a request from Crittenden County High School regarding the cancellation of a home football game with McLean County High School. Following a discussion of the facts as presented by Crittenden County, Bob Rogers moved that the Board recommend to Crittenden County that they ask McLean County to play next year at Crittenden County or return to McLean County High School for the game and split the gate receipts. Roland Williams seconded the motion, which passed unanimously.

Ms. DeVries and Mr. Stout advised the Board of the dates and sites of the following State Championships:

Volleyball - October 26-27 - Lexington
Cross County - November 3 - Kentucky Horse Park
Soccer - November 8-10 - Woodford County High School

Mr. Wise announced that he had received bids on two automobiles to be purchased by the Association. After considering the bids, Liz Trabandt made a motion to accept Frank Shoop's bid of $23,057.78, which includes the use of a complimentary automobile. Jack Portwood seconded the motion which passed.

There being no further business, Liz Trabandt made a motion to adjourn. Jack Portwood seconded the motion which carried unanimously.

Timeless - Endless

Winning is a thrill for an hour,
gives its high for a day or week.
Spirits soar to euphoric heights
as vistors achieve what they seek.

Then changes come as months roll on
and peristyles reaching the sun
Slowly descend to common earth
where laurels anew must be won.

Losing gives remorse and regret
for hours or perchance a long year.
Vanquished yearn for the jeweled crown
so elusive and yet so near.

But seasons quickly move along
and agonies felt from a game
Cool and die in the hearth of life
like a fire that has lost its flame.

Sportsmanship is timeless, endless
- transcending results of a score -
Teaching precepts for daily life
to live in the psyche evermore.

Sportsmanship knows the inner heart
is longing to do what is right:
Honoring rules while playing hard
to give each opponent a fight.

Sportsmanship reflects the spirit
burning bright in the soul within,
Whispering it's okay to lose
as long as you play fair to win.

NOTICE ON EXPERIMENTAL BASKETBALL RULE

The National Federation Basketball Rules Committee, at its March meeting, approved several rules changes which could be implemented by individual states on an experimental basis.

At its April meeting, the K.H.S.A.A. Board of Control was asked to solicit opinions from the basketball coaches in their area on a few proposed changes. The first would revise the bonus free throw provisions; while the second would count all technical and personal fouls toward the bonus provisions and toward disqualification. After discussing these changes with many of their constituents, the Board of Control approved Kentucky's experimentation with these changes for the 1990-91 school year.

In detail, these experimental changes are as follows --

1) The current bonus free throw provision, one plus one on and after the fifth team foul of the half, is eliminated. In its place, all common (not including player control) fouls, personal and technical, committed by a player on and after the seventh (7th) foul of a half shall result in the offended team being awarded two free throws.
2) All technical and personal fouls called against a player shall be counted toward the limit of five fouls per player prior to disqualification.
3) All technical and personal fouls called against a player or coach shall be counted toward the limit of fouls per half before the two shot provision.

These rules will be in effect for ALL games played in the state of Kentucky for the 1990-91 season. In late January, we will survey the coaches to get an opinion about the change, and Mr. Wise will take this information to the National Rules Committee meeting in March for discussion. If you are playing an out of state team on their home floor, you will need to check with that team to ascertain if that state is utilizing the same experiment.

NOTE CONCERNING BASKETBALL AND FOOTBALL RATINGS

Always use a #2 lead pencil when completing the ratings form. PLEASE do not fold the form, other than to place it in an envelope. Also, be sure that you are not sealing the envelope to the form when you close the envelope for mailing. We have received forms folded to fit in a very small envelope, and many of these forms are not able to be scanned. Please use a #10 (letter size) envelope for mailing these forms, and MAIL THEM IMMEDIATELY FOLLOWING EACH CONTEST. For any scanned form, please remember to use your school/official identification number as appropriate to ensure the accuracy of the data.

KENTUCKY NETWORK TO SPONSOR FOOTBALL AWARDS

For the 1990 season, the Kentucky Radio Network will be sponsoring a player of the year award in high school football. One award will be given in each class, and in addition, an overall winner will be named. In the coming weeks, on or about November 1, the ballots will be mailed to each coach in order that all ballots be cast. Please cooperate with this project. This is not in competition with the Mr. Football Award, sponsored by the Associated Press, which is selected by the media outlets in the state.

S.A.T. TEST DATES FOR 1990-91

The S.A.T. test schedule for the near future is as follows. Athletic Directors and school officials should pay special attention to these dates and encourage your athletes to schedule their test dates away from potential conflicts with district, regional or state athletic events.

TEST DATE	REG. DEADLINE
12/ 1/90	10/26/90
01/26/91	12/21/90
03/16/91	02/08/91
05/04/91	03/29/91
06/ 1/91	04/26/91

NOTICE CONCERNING DISQUALIFICATIONS

By Board of Control action, all participants and/or coaches who are ejected from a contest for unsportsmanlike conduct shall be suspended from competition for a minimum of one game. It also should be noted that officials who disqualify participants, and then do not report that disqualification to the Association office in a timely manner may face suspension from officiating!! With this in mind, it is important to adhere to the following procedure should a representative of your school be ejected for unsportsmanlike conduct. 1) Be sure you receive a disqualification card from the contest official; 2) Contact this office in writing to request reinstatement of the participant; 3) Inform the participant/coach of the suspension. You will be notified by return mail as to the end of the suspension, and the date or day when the player/coach will be eligible to return to competition. Contest officials also are reminded to use an ink pen, to include the first and last name of the offender, and to press hard as the third copy is often illegible if done in pencil.

NOTE Any person who is suspended from a contest may not dress for that contest in game uniform. They will however be covered by the catastrophic insurance policy insofar as practice is concerned unless you are otherwise notified.

OPEN DATES SOLICITED FOR FOOTBALL SCHOOLS

Please submit your open football dates to the K.H.S.A.A. office so that we may again compile a list to assist you in scheduling. Please submit these open dates in writing and include 1) the game date desired, and 2) a contact name and daytime phone number. This is especially important as we begin scheduling for next year with the alignment changes.

A.C.T. TEST DATES FOR 1990-91

The A.C.T. test schedule for the near future is as follows:

TEST DATE	REG. DEADLINE	LATE DEADLINE
12/ 8/90	11/9/90	11/26/90
02/ 9/91	01/11/91	01/28/91
04/13/91	03/15/91	04/ 1/91
06/ 8/91	05/10/91	05/24/91

HANDBOOK CORRECTIONS

A mistake in communication between this office and our printer resulted in the mis-identification of our Sectional Directors on page iii when the new Handbook was printed. The Sectional Director for Regions 13-16 is John Radjunas, and he is pictured immediately next to Harry Loy, our State Department of Education liaison. The bottom row, from left to right, is Jack Wise (Regions 9-12), Jerry Kimmel (Regions 1-4), and George Mercker (Regions 5-8). We apologize to the Sectional Directors and to any others who may have been caused inconvenience by this error.

An important correction should be made on page 16, under By-Law 25, Limitation of Seasons, Section 4b, Football - Boys (Beginning with the 1991-92 school year). An error in translating the 1987-1990 information into the new alignment period left an inadvertent error in subsection 4, of Section 4b. The corrected wording should be --

(4) A maximum of ten (10) regular season games may be played. Pre-season bowl games shall count towards the ten game limit.

This is the wording as each of the schools were notified in the spring, however, during composition of the handbook, the wording for 1991-94 was not changed concerning pre-season bowl games. We apologize for any inconvenience this error may have caused.

HENRY COUNTY SEEKS FOOTBALL COACH

The Henry County Public School System is accepting applications for the head football coaching position at the Henry County High School. A teaching certificate is required. Interested parties may obtain applications by calling the central office at (502)845-2918 or further information from the Athletic Director John Roberts, at (502)845-2888. Deadline for applications is April 1, 1991.

CALL THE OFFICE IF YOU NEED MORE INFORMATION ON THE COURT OF SUPPORT

In the past few weeks, you should have received information about the Court of Support as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project. There is still time to place your order and receive the recognition certificate in time to serve as a beautiful Christmas gift.

REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS

All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams' last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school's legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.

ESPN RECOGNIZED BY WOMENS SPORTS FOUNDATION

For the second consecutive year, ESPN's Scholastic Sports America television show has been honored by the Women's Sports Foundation for exceptional network television reporting of women's sports and issues affecting women in sports. This year's winning entry was a feature on a Soviet girls' high school volleyball team and its month long visit to the Saginaw, Michigan area. The piece, produced by Dennis Deninger and Jerry Vaillancourt, focused on not only the athletic competition involved, but also the players' acclimation to American society.

ATHLETIC DIRECTORS AND COACHES URGED TO USE THESE PHOTO TIPS

Schools are reminded as the seasons in all sports get underway, to make arrangements for team photos. Tournament managers and many of your opponents and news outlets will request photos for event programs. We offer these useful tips for good team photos --

1) A good photo makes a good half tone. The printer cannot make a clear image out of a fuzzy, out of focus photo;
2) A good photo of your team shows school pride and encourages pride among your schools' patrons;
3) A good photo shows all of the faces, and ideally, the jersey/uniform number if applicable. A mom or dad wants to see their child's grinning face in the program after traveling to that post season tournament;
4) A good photo of large teams can be achieved by thinking vertically, not horizontally. Add more rows instead of making two or three long rows. This will enable the photographer to come in for a closer shot of your group. The closer the shot, the clearer the faces;
5) A good photo is accompanied by proper identification. Type the group members' names so there will be no doubt as to spelling. It is disappointing to students and parents to have their name misspelled or omitted from the tournament program;
6) A good photo is planned for well in advance to allow for a retake;
7) Lastly, a good photo arrives to the tournament manager and the KHSAA before the deadline date.

PARENTS CORNER

TARGET

Parents: Wait No More — Now Is Time to Discuss Drugs

NOTE: The first part of this article was written by an anonymous parent.

Teenage drinking is a problem. Teens using other drugs is more serious, but not as frequent. I'm a parent, and I know what goes on at unchaperoned parties. I know the problem in our community is the same as in the big cities. I know my children are under pressure to use alcohol and drugs. I know my children sometimes ride with someone who's been drinking. I could do something about it, but I'm waiting for a student to die.

Why am I waiting? I've got lots of reasons. I am a good friend with my children, and if I, as a parent, start squelching their drinking parties, I will lose their friendship. If I insist that my children attend only chaperoned, chemical-free parties, my children will have to stay home. If I tell my children they can't use alcohol, they may tell me I shouldn't drink. If I talk to other parents about the growing problem, they may tell me to mind my own business.

Another reason: the odds are in my favor. Drug use by teens goes on every day, and the chances my children will become addicted, injured or killed are very slim. Drug abuse and the consequences are happening in the next community, not here. Oh sure, I know there are classmates of my children who need help, but **my** kids are surviving. I only have a few more high school years to worry about — then my last child will go away to college and no longer be my responsibility. What I won't know, won't hurt me. Will I wonder if he's making the right choices?

I have other reasons, too. The problem is better addressed by government, schools, police and big business. Large federal funds are being spent on the drug problem. **They** will eventually have an impact. **I'm** going to wait. The schools have chemical-use policies and drug-education programs. Our kids should learn from that. The police are patrolling the drinking spots. They haven't called me yet. Big companies aren't reaching out. Why should I?

I'm waiting for a student to die. If that happens to my child or my child's friend, then I'll move into action. I'll have a cause, I'll write, I'll call, I'll organize. I'll spend every waking hour preventing more tragedies. I won't my shy anymore. I won't be silent. I won't care what others think. I'll make a difference. I'll wish I had acted sooner.

The preceding could have been written by any number of parents. Fortunately, all parents aren't waiting any longer. Parents are finally taking action. More than 20,000 parents in 150 communities in Minnesota alone have formed Parent Communication Networks (PCN). These parents are learning that they can be the catalysts for a community-wide prevention effort.

Parents, acting together, are changing community attitudes and are reducing teen drinking and other drug use and preventing the sometimes tragic outcomes. It is not easy . . . it takes work. Parents are giving up a great deal of their leisure time to organize and promote community-wide networks. Other parents are agreeing to follow the same guidelines. That's what it takes. But think about it. Don't parents do other things for their children? Why are parents so passive when it come to drugs and alcohol? Why do they wait?

The PCN was established to make it **easier** for parents to take responsibility. The PCN provides the structure that gives parents strength in numbers. Parents are the only people in our society who have direct control of the situation. Parents can prevent under-age chemical use, and parents can provide alternatives so our children's social lives can still be fun.

The Parents Communication Network of Minnesota has developed a prevention-skills workshop based on the experience of starting 150 chapters. The workshops are facilitated by parents trained and experienced in community networking. They teach the prevention skills that parents need to motivate themselves, to communicate with other parents, to set consistent rules and to coordinate community resources in order to provide a chemical-free environment for their children.

Don't wait for a student to die. Talk to a few friends who are parents, too. Talk about taking some action.

For information on the PCN Prevention Skills Workshop, call or write Maureen Flolo, National Workshop Coordinator, 1535 McCarthy Road, Eagan, Minnesota 55121; (612) 687-0774.

1990-91 NATIONAL FEDERATION BASKETBALL RULE INTERPRETATIONS

SITUATION #1: Thrower A1 reaches the ball through the plane of the boundary line and with the free hand he or she contacts defender B1.
RULING: The contact is to be judged the same as any other situation. The foul may either be a common foul or it may be ruled intentional or flagrant.
SITUATION #2: Since the thrower may now reach the ball through the plane of the boundary line, when does the clock start?
RULING: The clock starts when the ball is touched by or touches a player on the court after it is released by the thrower on a throw-in pass. The addition of "after release" is necessary as the thrower can reach the ball across the plane prior to releasing it. (5-10-3)
SITUATION #3: Thrower A1 releases the throw-in pass to A2. A2 catches the pass while. (a) his or her foot is contacting the end line; or (b) his or her hands and the ball are on the out-of-bounds side of the end line plane.
RULING: In (a) it is a violation by A2 to catch the throw-in pass while out-of-bounds. In (b) it is a violation by A1 for not throwing the ball directly into the court. The throw-in pass may not touch a teammate on the out-of-bounds side of the boundary plane. (7-6-1; 9-2-2)
SITUATION #4: The sideline is very near the spectators leaving little space for A1 to make a throw-in. As a result the administering official has directed B1 to move back a step to give the thrower some room: (a) as soon as the ball is handed to A1, B1 moves right back to the boundary line in front of A1, or (b) A1 attempts to complete the throw-in just inside the boundary line and B1 moves to his or her original position in order to defend.
RULING: In (a) it is a violation by B1 and will also result in a warning for Team B which is recorded by the scorer. Any subsequent plane violation or noncompliance with the verbal order will result in a technical foul charged to the offending player. In (b) B1 is expected to stay back one step unless the throw-in is attempted between this area and the boundary line. No violation in this case as B1 is allowed to defend the area if a throw-in is attempted there. (7-6-3, 10-3-12)
SITUATION #5: Both teams and the officials are confused and A1 scores a field goal in B's basket to start the game. The scorer finally recognizes something is wrong and gets play stopped by signalling the officials: (a) immediately following the basket, (b) as B1 is bringing the ball upcourt.
RULING: Score 2 points for Team A. In (a) Team B will be given the ball for a throw-in anywhere outside the end line under A's basket. In (b) the throw-in by B will be from the out-of-bounds spot nearest to where the ball was when play was interrupted. In both (a) and (b) the officials will clearly indicate the direction each team will go. (4-5-5)
SITUATION #6: A1's 2nd free throw hits the front of the ring and comes to rest on the flange. After waiting several seconds with the ball motionless, the official sounds the whistle. The free throws by A1 were a result of (a) a technical foul on the Team B coach; or (b) a foul by B1 on A1 while he or she was in the act of shooting and the try was unsuccessful. How is the ball put in play?
RULING: In (a) Team A is awarded the ball for a throw-in at the division line. In (b) an alternating possession throw-in at the nearest spot out-of-bounds as it is the only way of putting the ball in play. (6-1; 6-3-3d)
SITUATION #7: A1 and B1 exchange words and then begin punching one another as players are getting in position for the jump to start the game. The fouls occur in what will be Team A's frontcourt.
RULING: This is a double technical foul and each foul is flagrant. A1 and B1 are disqualified. Team A will attept 2 free throws first followed by 2 for Team B. Following the last attempt, play will be resumed with a jump between any two opponents at the center circle. Since alternating possession has not been established, a jump ball is the only method of putting the ball into play. (6-3-3e)
SITUATION #8: Team A's cocah is charged with a technical foul for leaving the box or bench. Through error, the 2 free throws by B are attempted at A's basket. Both attempts are successful. The error is discovered by an official immediately after the 2nd attempt has gone through the basket.
RULING: The error is corrected by canceling the made free throws and attempting the free throws at B's basket. The free throws may be attempted by any player or substitute of Team B. Play will continue with a division line throw-in by Team B. (2-10-4)
SITUATION #9: A double technical foul occurs in Team B's backcourt with the possession arrow pointing toward B's basket. The officials are confused and administer the first 2 free throws at B's basket followed by 2 free throws at A's basket. One official recognizes the mix-up just after the last free throw attempt. Should the free throws be re-administered with Team A shooting first.
RULING: No. The free throws stand as administered even though they were attempted in the wrong order. Play continues with the division line throw-in by B. (4-18-7b Note)
SITUATION #10: Just prior to the completion of pregame warm-up, an official detects one squd member of Team A has tights the same color as the uniform shorts which extend below the game shorts.
RULING: The coach and squad member will be informed that unless a doctor's waiver is produced, he or she may not participate while wearing the tights. (3-5-5 Note)
SITUATION #11: Team A, Number 14, reports and is beckoned onto the court and the ball is put in play with a throw-in. The scorer beckons the referee at the first dead ball and reports that there is no Number 14 listed in the scorebook.
RULING: Number 14 became a player when the ball became alive, however, since his or her name and number must now be entered into the scorebook, a technical foul is charged to Team A. (3-2-4, 10-2-3)
SITUATION #12: Team B is leading by a point with just seconds to play in the 4th quarter. Team A has the ball and races down court to try and score before time expires. The noise level is so high that the covering official has difficulty in knowing whether the horn sounded before or after A1 releases the ball on a try which goes through the basket. The covering (umpire) official signals the score counts. The referee definitely hears the horn sound before the ball is released but does not realize the umpire signaled a successful goal. The officials leave the court and are not aware of the controversy until the scorer comes to the official's dressing room.
RULING: Even though the referee could have cancelled the score if the officials had conferred while still on the court, once the referee left the playing court, the final score had been approved and no change could be made. In situations such as this, it is imperative that officials communicate with each other and that they do not leave the court until any problem regarding scoring or timing has been resolved. (2-5-6)
SITUATION #13: The score is B-62, A-60 when A1 is fouled with no time on the clock in the 4th quarter. The horn sounds immediately after the foul is called. Team A is not in the bonus but erroneously A1 is awarded a bonus and makes both free throws to tie the score. B1 controls the jump to start the overtime and scores to make it 64 to 62. Before the ball becomes alive on the subsequent throw-in, the Team B coach is at the table and the scorer alerts the officials regarding a correctable error situation.
RULING: The error is corrected by canceling the 2 erroneous free throws. However, once the overtime started, the extra period cannot be canceled even though the points were. The score is B-64, A-60 and the overtime continues with the throw-in by Team A.
COMMENT: In a related situation, if the scorer has failed to record points properly and it is discovered in overtime, the overtime is voided if the score was actually not tied to end the 4th quarter. In this regard, a mistake by the scorer is treated differently than an officials error. The scorer's mistake can be corrected anytime it is discovered prior to the referee's approval of the final score.
SITUATION #14: A time-out is granted to Team A and play will resume with administration of a free throw. A6 reports to enter after the timer's warnign signal has sounded. Since A6 has reported too late to enter, could he or she enter if: (a) either team is granted a time-out; or (b) the resumption of play is delayed because a player is injured getting into position for the free throw; or (c) Team A is willing to "buy" A6's way into the game with a technical foul?
RULE: Permissible in (a) and (b) butr not in (c). (3-3-1a)
SITUATION #15: Before the official administers a throw-in for Team A, several substitutes enter for either Team A or Team B. Just before handing the ball to A1 the official observes that either Team A or B has more than five players on the court.
RULING: The official should direct the "extra" player(s) to the bench as in most cases the replaced player is confused or simply slow in leaving. A technical foul for having more than five players participating could not be charged until after the ball has become alive. (10-1-6)
SITUATION #16: To start the overtime period, teams go the wrong direction and B1 throws the ball through A's basket. Team A then advances the ball toward B's basket and A1 is fouled by B1 in an unsuccessful attempt to score. At this point, the officials recognize the teams have been going the wrong way.
RULING: All points scored, fouls committed, etc., count as if both teams had gone the right way. The foul by B1 will be penalized as if A1 had been attempting to score at A's basket. The official will have the teams switch ends and administer A1's 2 free throws at A's basket. (4-5-5)
COMMENT: Everything which happended prior to the recognition of the error is counted and penalized as if both teams were going the right way. However, if only the player(s) is confused and throws the ball at the opponent's basket, he or she cannot be fouled "in the act of shooting" as a try for goal can only be attempted at the team's own basket.
SITUATION #17: Following a goal by the opponents, A1 grabs the ball and sprints along the end line. A1 jumps toward the court and is actually airborne inside the boundary plane when he or she releases the ball on a long pass to A2.
RULING: Legal throw-in. (7-6, 9-2)

SWEDE-O-UNIVERSAL®

SUPERIOR ANKLE PROTECTION FOR ALL ATHLETES IN ALL SPORTS!
Swede-O-Universal ankle braces were designed to help prevent ankle injuries while preserving flexibility. Materials and workmanship are guaranteed one full sports season. For optimum support, we recommend that they be replaced each season.

FITTING
Your Swede-O Universal ankle braces should be properly fitted. Sizes are approximations. Variations will occur due to differences in individual foot structure. For the best fit, there should be a 1" to 1½" space between the two rows of eyelets (at the base where lacing starts) and no gaps or bulges in the heel cut-out; the brace should fit smoothly and snugly.

BREAK-IN PERIOD
Allow four to eight hours of wear for the initial break-in period. If blistering occurs during this time, apply a foam pad or mole-skin to the affected area. Mark each support "left" or "right" since it will conform to the shape of the individual foot.

WEARING
Wear one or two sweat socks for comfort and absorption.

LACING
Beginning with the bottom single eyelets, pull laces as tightly as comfortable.

In the center, lace through the double eyelets. The eyelet holes on the two layers of fabric are offset to provide the heel-lock that helps to stabilize the ankle.

The top single eyelets should also be pulled as tightly as comfortable.

Extra stirrup inserts are available for added stability. They fit into the outside "pocket" or flange prior to lacing

CLEANING
Swede-O-Universal ankle braces can be washed with soap and water and air dried. Do NOT put them into a clothes dryer

STATE TRACK COMMITTEE MEETING

December 6, 1990

The Kentucky High School Athletic Association Track and Field Committee met at the Association office in Lexington on Thursday, December 6, 1990. The meeting was called to order by Brigid L. DeVries, Assistant Commissioner at 1:30 p.m.

Members present were: Bro. Borgia, Scott Welch, Alice Leigh, Jeff Saylor, John Gettler, Gordon Bocock, Bill Patton, Bob Stacey, Jack Keller and Jean Wright. Members absent were Rudy McKinney, Lyman Brown, Ruth Whitehouse, and Charlie Ruter.

Gordon Bocock reported on the Mason Dixon Games to be held on Friday and Saturday, February 1 & 2, 1991 in Louisville at Broadbent Arena, which is adjacent to Freedom Hall. The Mason Dixon Committee is coordinating efforts with the KTCCCA to help coordinate officials for the meet. The high school division will be open to Kentucky athletes only.

Jean presented a status report on the Blue Grass State Games. The games are scheduled for July 26-28, 1991 at the University of Kentucky. Mrs. Wright encouraged more participation by high school athletes from all areas of the state.

The first item on the agenda was the annoucement of proposed dates and locations for the 1991 Track and Field Clinics. The dates are set and the locations are being confirmed at this time.

Tues., March 26, 1991	Pad. Tilghman H.S. - 7:00 p.m.
Wed., March 27, 1991	Owensboro, Daviess Co. H.S. - 7:00 p.m
Thurs., March 28, 1991	Louisville, St. Xavier H.S. - 7:00 p.m.
Mon., April 8, 1991	Lexington, Tates Creek H.S./ K.H.S.A.A. Office - 7:00 p.m.
Tues., April 9, 1991	Ashland, Russell H.S. - 7:00 p.m.
Wed., April 10, 1991	Covington, Covington Catholic H.S. - 7:00 p.m.
Thurs., April 11, 1991	London, KY - 7:00 p.m.

In addition, the K.H.S.A.A. will include a rules clinic as part of the KTCCCA clinic this year. That date has not been confirmed.

The next item was a discussion of the regional and sectional track meets and sites. Committee members discussed and made recommendations regarding regional and sectional sites. A proposal is under consideration to realign class AAA Region 3, and add additional schools to that region pending the notification of the specific schools to be placed in region three.

There was some concern regarding the time schedule at sectional meets where only one class is participating. Bill Patton recommended a one class format which insures adequate rest between events. This format was approved by the committee and will be included in the sectional managers information this year.

The next item for discussion was the State Track Meet. (1) The 1991 State meet will be held at the University of Kentucky. (2) Both Murray State University and Eastern Kentucky University expressed an interest in hosting the State Meet had not UK been available this year. The current State Meet format was reviewed and suggestions were made regarding the state information. There will be a change in the order of events for the 1991 meet. The 3200 meter runs will be the first running events starting at 9:00 a.m. The time schedule will be adjusted accordingly. Some of the track committee members are planning to discuss a possible state survey to add the 3200 m relay and the girls triple jump, with the KTCCCA membership at their next meeting.

Other items of interest to the committee included a re-emphasis of the fact that the tract clinics are required for head track coaches. Coaches must attend once in a two year period starting with the 1991 season. Also, one registered track official must be present to regional and sectional meets this year. The recruitment of more track officials remains a priority.

The next item for discussion was the National Federation Rule Changes. The mandatory construction of the discus cages by 1993 is the most significant rule change this year.

Miscellaneous items included the suggestion that athletes qualifying from regional to sectional meets be able to decline to go on to sectionals in one or more events, and not be penalized. The coach would inform the meet director of this within 1/2 hour of the end of the regional meet so that another athlete could take their place. This procedure would apply to regional meets only, if approved. The All Sports Committee will discuss this suggestion at their next meeting. Another item to be discussed by the All Sports Committee is dropping the fourth place finisher from regionals to sectionals and only qualifying three athletes into the sectional meets.

There being no further items for discussion, the meeting was adjourned.

NOTICE ON EXPERIMENTAL BASKETBALL RULES

In detail, the experimental rules changes in Kentucky high school basketball are as follows --

1) The current bonus free throw provision, one plus one on and after the fifth team foul of the half, is eliminated. In its place, all common (not including player control) fouls, personal and technical, committed by a player on and after the seventh (7th) foul of a half shall result in the offended team being awarded two free throws.
2) All technical and personal fouls called against a player shall be counted toward the limit of five fouls per player prior to disqualification
3) All technical and personal fouls called against a player or coach shall be counted toward the limit of fouls per half before the two shot provision.

These rules will be in effect for ALL games played in the state of Kentucky for the 1990-91 season. In late January, a survey will be taken among the coaches and officials to get an opinion about the change, this information will be taken to the National Rules Committee meeting in March for discussion. If you are playing an out of state team on their home floor, you will need to check with that team to ascertain if that state is utilizing the same experiment.

NOTE CONCERNING BASKETBALL RATINGS

Through the first three weeks of December, over 1,800 ratings forms have been mailed to the Association office. We are conducting random checks to insure the validity of the ratings, as well as attempting to verify the accuracy of the game assignments with the Assigning Secretary. There are a few problems which have crept up in the scanning of the forms, which we would like to point out --

1) The school number must be included on the form, and the proper spaces below the number must be blackened or the official will have five points deducted from the rating. The official's identification number is also a pre-requisite, or a five point deduction will be made. NO EXCEPTIONS. With the volume of forms to be scanned, it is imperative that this information be included. An additional list of school numbers is included in this magazine for use by the game officials.
2) Always use a #2 lead pencil when completing the ratings form, especially when blackening in the scan cells.
3) PLEASE do not fold the form, other than to place it in an envelope.
4) We have received forms folded to fit in a very small envelope, and many of these forms are not able to be scanned. Please use a #10 (letter size) envelope for mailing these forms, and MAIL THEM AS SOON AS POSSIBLE AFTER THE CONTEST. Once a week will suffice if schools desire to mail them in this manner.

CALL THE OFFICE IF YOU NEED MORE INFORMATION ON THE COURT OF SUPPORT

In the past few weeks, you should have received information about the Court of Support as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project. Construction has begun on the new office complex, and if you want to be a charter contributor to this effort, time is running out.

HAINES CITY (FL) SEEKS FOOTBALL COACH

The Haines City High School in Haines City, Florida is seeking a Head Football and Weight-Lifting Coach. Though a P E certification is requested, other disciplines will be considered. The school is located in a community of 15,000, approximately 50 miles from Orlando, with 1250 students in the top three grades. The school seeks a person with Head Coaching experience in a highly successful program. Interested parties should send resumes to Jim Partain, at 2800 Hornet Drive, Haines City, FL, 33844, or call (813)422-6415.

OPEN DATES SOLICITED FOR FOOTBALL SCHOOLS

Please submit your open football dates to the K.H.S.A.A. office so that we may again compile a list to assist you in scheduling. Please submit these open dates in writing and include 1) the game date desired, and 2) a contact name and daytime phone number. This is especially important as we begin scheduling for next year with the alignment changes.

CONGRATULATIONS TO JIM WATKINS, LOUISVILLE

Congratulations are in order for Jim Watkins, athletic coordinator for the Jefferson County schools in Louisville, as he recently received the Thomas E Frederick Award of Excellence from the National Interscholastic Athletic Administrators Association at their meeting in Anaheim.

The award was established in 1988 by the N.I.A.A.A. in recognition of the late Tom Frederick's invaluable contributions to the organization, and is to honor one individual annually whose loyalty to N.I.A.A.A. and contributions to the athletic director's profession represents excellence in achievement. Frederick, long time Associate Director of the National Federation, was primarily responsible for the formation and leadership of the organization from 1977 until his retirement in 1989.

Watkins has been coordinator of Jefferson County athletics for two years following 14 years service as Southern High School as A D , and is a regular tournament employee of many K H.S.A A. events.

Many other honors have been bestowed upon Watkins, including A D. of the year in 1982-83 by K H S.A.D A , Award of Merit in 1984 from K H S.C A , and the National Federation Citation in 1985.

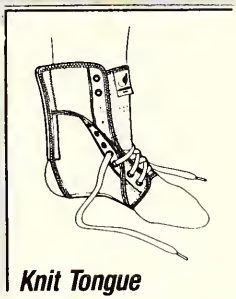
SWEDE-O-UNIVERSAL®
ANKLE BRACES



Knit Tongue

SWEDE-O-UNIVERSAL®

SUPERIOR ANKLE PROTECTION FOR ALL ATHLETES IN ALL SPORTS!

Swede-O-Universal ankle braces were designed to help prevent ankle injuries while preserving flexibility. Materials and workmanship are guaranteed one full sports season. For optimum support, we recommend that they be replaced each season.

FITTING

Your Swede-O Universal ankle braces should be properly fitted. Sizes are approximations. Variations will occur due to differences in individual foot structure. For the best fit, there should be a 1" to 1½" space between the two rows of eyelets (at the base where lacing starts) and no gaps or bulges in the heel cut-out; the brace should fit smoothly and snugly.

BREAK-IN PERIOD

Allow four to eight hours of wear for the initial break-in period. If blistering occurs during this time, apply a foam pad or mole-skin to the affected area. Mark each support "left" or "right" since it will conform to the shape of the individual foot.

WEARING

Wear one or two sweat socks for comfort and absorption.

LACING

Beginning with the bottom single eyelets, pull laces as tightly as comfortable.

In the center, lace through the double eyelets. The eyelet holes on the two layers of fabric are offset to provide the heel-lock that helps to stabilize the ankle.

The top single eyelets should also be pulled as tightly as comfortable.

Extra stirrup inserts are available for added stability. They fit into the outside "pocket" or flange prior to lacing.

CLEANING

Swede-O-Universal ankle braces can be washed with soap and water and air dried. Do NOT put them into a clothes dryer.

DELEGATE ASSEMBLY MEMBERS

Members of the Delegate Assembly at the forthcoming 1991 annual meeting of the Association were elected by the Board Appointed Representatives of the K.H.S.A.A. There were several ties in the voting for delegate and alternate. These ties were broken recently, with the delegates and alternates determined by lot. Article IV, Section 2-c, of the Constitution states in the last sentence, "If the duly elected delegate or alternate does not answer the roll call at the annual meeting of the Delegate Assembly, the district shall remain not represented". The name of the district representatives and alternates are as follows:

MINUTES OF THE BOARD MEETING

November 30, 1990

The Board of Control of the Kentucky High School Athletic Association met at the Executive Inn, Louisville, Kentucky on Friday, November 30, 1990. The meeting was called to order by President David Points at 8:30 a.m. with all Board members present except Liz Trabandt. Also present were Commissioner Tom Mills, Executive Assistant Billy V. Wise, Asst. Commissioners Brigid L. DeVries and Louis Stout, S.I.D. Julian Tackett, Earl Cox and State Department of Education Representative Harry Loy. The invocation was given by Ray Story.

President Points called on Bill Patton, Athletic Director of Berea High School to present the first appeal on behalf of Adelina Ruano, a foreign exchange student from Spain. Following a lengthy discussion, Bob Rogers moved to uphold the Commissioner's ruling due to the fact that Adelina was not assigned to Berea High School through an approved foreign exchange program. Sandy Allen seconded the motion which passed by a vote of 9-2.

Following a discussion of the minutes of the October 13, 1990 meeting, Bob Rogers asked that the paragraph regarding the cancellation of a Crittenden County home football game with McLean County High School be corrected to read: *"the Board recommends to McLean County that they play Crittenden County a home game next year (1991), or go back to the previous year that they played Crittenden County and split the gate receipts".* Eddie Saylor moved to approve the minutes as amended, seconded by Roland Williams. The motion carried unanimously.

Ray Story made a motion that all bills of the Association for the period of October 1 - November 30, 1990, be approved. Alvis Johnson seconded the motion which carried unanimously.

Alvis Johnson then moved to accept the 1989-90 Audit Report as conducted by Miller, Mayer Sullivan & Stevens. Marvin Moore seconded the motion which carried.

Commissioner Mills gave a report of the Building Committee. He advised the Board that bids had been opened for various work to be done and that he was continuing his search for the best funding for the Hall of Fame and Museum. He also advised Board members of the persons interested in purchasing the present K.H.S.A.A. Headquarters.

President Points then asked for the All-Sports Committee report. Sandy Allen, Chairperson, made the following recommendations to the Board:

1) A survey be taken of member schools to see if they approve of a Cross County 4000 meter race for girls in place of the 3000 meter race.

2) Make a comparison of individual winners of State Cross Country trophies as they compare to individual winners in other State championships.

3) Accept a recommendation from the State Wrestling Committee to increase officials fees from $25.00 to $30.00 per match, and to increase the exhibition match allowance for officials from $1.25 to $1.50.

4) Accept a recommendation from the State Wrestling Committee to adopt the following overtime procedure:

The sudden-death overtime period will begin with both wrestlers in the neutral position. The wrestler who scores the first point(s) will be declared the winner. If no winner has been declared at the end of the three-minute sudden-death overtime period, a 30-second tie breaker will be wrestled. The referee will flip a coin or disk to determine which wrestler has his choice of starting position for the tie breaker; the wrestler may select the offensive (top) or detensive (bottom) position, or he may elect to defer the choice of top or bottom to his opponent. The wrestler who scores the first point(s) during the tie breaker will be declared the winner. If no scoring occurs in 30 seconds, the offensive wrestler will be declared the winner.

5) Accept a recommendation from the State Wrestling Committee that attendance for officials and coaches at the Wrestling Clinics be mandatory beginning with the 1991-92 school year.

6) Reject a request to survey the member schools regarding Girls Soccer due to the fact that a survey has been conducted within the last five (5) years.

7) Approve the recommendation of the Softball Committee to change from a single elimination state tournament to a double elimination tournament beginning in 1991.

8) Raise the Softball officials fees from $12-$15 per game beginning with the 1990-91 school year.

Each item was then voted on individually as follows:

1) Motion by Sandy Allen to accept. Seconded by Roland Williams. Passed.

2) Motion by Sandy Allen to accept. Seconded by Marvin Moore. Passed.

3) Motion by Sandy Allen to accept. Jack Portwood seconded. Passed.

4) Motion by Bob Rogers to accept. Roland Williams seconded. Passed.

5) Motion by Bob Rogers to accept. Roland Williams seconded. Passed.

6) No action required.

7) Motion by Sandy Allen to accept. Seconded by Marvin Moore. Passed.

8) Motion by Sandy Allen to accept. Seconded by Marvin Moore. The motion passed by a vote of 9-2. Roland Williams abstained.

Alvis Johnson made a motion that item three be made effective for the 1991-92 school year. Sandy Allen seconded the motion which passed unanimously.

Jack Portwood moved to accept the results of the Tennis and Golf surveys mailed recently to the schools. The results are as follows:

Allow Tennis to remain a spring sport - 107
Move Tennis to Fall - 52

Allow Golf to remain a fall sport - 129
Move Golf to Spring - 43

Following the hearings of the remaining appeals, the following actions were taken by the Board:

Did not waive By-Law 6:
Malcolm Lester - Hickman County
Did waive By-Law 4 for the following:
Adam Middleton)
Stephen Wells)
David Ashby) Pleasure Ridge Park
Teddy Kinslow)
Ron Ivory)
Aaron Cecil - Trinity (Louisville)

Following a discussion of complimentary tickets for the Boys and Girls State Basketball Tournaments, Jack Portwood moved, seconded by Harry Jansing that the Board set a maximum number of complimentary tickets for both boys and girls at 1100. The motion passed unanimously.

Commissioner Mills reminded Board members that proposals to be presented to the Delegate Assembly in April should be submitted by the January meeting.

Mr. Wise reported that $331,745.00 in ticket sales had been received through this date for the Boys State Basketball Tournament. Advanced ticket sales for the Girls State Basketball Tournament had netted $23,140.00

The next metting of the Board will be held in Louisville at the Executive Inn during the Louisville Invitational Tournament. Committee meetings will be held on Friday, January 18, and the regular meeting will be held at 9:00 a.m. on Saturday, January 19. The Board voted to hold the Summer Meeting again at Lake Barkley and the October Meeting will be held in Eastern Kentucky.

Executive Asst. Wise recommended to the Board that the officials for the District and Regional Basketball Tournaments be assigned as follows: that all Associations work outside the region for District AND Regional Tournament assignments.

Asst. Comm. Stout advised the Board of the need to establish training schools for baseball umpires. Marvin Moore made a motion that Mr. Stout's recommendation be approved and that the baseball umpires attend training sessions conducted by the K.H.S.A.A. and that mandated attendance be effective for the 1991-92 school year. Jack Portwood seconded the motion which passed.

There being no further business, Marvin Moore made a motion that the meeting be adjourned. Alvis Johnson seconded the motion which passed.

1990-91 Certified and Approved Basketball Officials

A large number of K.H.S.A.A. registered officials have qualified for the advance ratings of Certified and Approved as a result of the National Federation Part II Examination. Only officials receiving these higher ratings are eligible to work in the district and regional tournaments. Only Certified officials are eligible to work in the state tournament.

Dear Bill:

On behalf of the NIAAA Officers and Board of Directors, please allow me to commend your state for achieving a very high percentage of NIAAA Members.

This past year the Board decided to recognize those states whose NIAAA membership exceeded 50% of its state's total number of Athletic Directors. There were only 12 states recognized this year. This will become an annual award presented to those states who can maintain a high percentage of members. Hopefully, you will continue to be identified for this award in future years.

Once again thank you for your states efforts.

Sincerely,

Fred P. Balsamo
President, NIAAA

SPECIAL NOTE CONCERNING UNIFORMS

Normally, uniform decorations such as flags, etc., are not permitted on the game jersey, but may be worn on the uniform shorts or warm-ups. However, effective 1/24/91 and for the duration of the Gulf War, the National Federation has adopted a policy which allows the official flag of the U.S. to be worn on the game uniform. The flag is to be no closer than 2" to any player's number, and may not be located between dual numbers. This policy will be in effect through the duration of the war, or the end of this school year, and supersedes any previous memorandums or interpretations. Please contact the Association office if you have any questions.

NOTE CONCERNING BASKETBALL RATINGS

Through the first two weeks of January, over 4,500 ratings forms have been mailed to the Association office. We are conducting random checks to insure the validity of the ratings, as well as attempting to verify the accuracy of the game assignments with the Assigning Secretary. There are a few problems which have crept up in the scanning of the forms, which we would like to point out --

1) The school number must be included on the form, and the proper spaces below the number must be blackened. In the future (beginning in 1991-92), penalties will be levied for improperly completed school numbers. The official's identification number is also a pre-requisite, or a five point deduction will be made. NO EXCEPTIONS. With the volume of forms to be scanned, it is imperative that this information be included. An additional list of school numbers is included in this magazine for use by the game officials and schools.
2) Always use a #2 lead pencil when completing the ratings form, especially when blackening in the scan cells.
3) PLEASE do not fold the form, other than to place it in an envelope. Please address the form to OFFICIALS EVALUATIONS, K.H.S.A.A., P.O. Box 22280, Lexington, KY 40522.
4) We have received forms folded to fit in a very small envelope, and many of these forms are not able to be scanned. Please use a #10 (letter size) envelope for mailing these forms, and MAIL THEM AS SOON AS POSSIBLE AFTER THE CONTEST. Once a week will suffice if schools desire to mail them in this manner.

CALL THE OFFICE IF YOU NEED MORE INFORMATION ON THE COURT OF SUPPORT

In the past few weeks, you should have received information about the Court of Support as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project. Construction has begun on the new office complex, and if you want to be a charter contributor to this effort, time is running out.

1990-91 BASEBALL/SOFTBALL AND TRACK CLINIC SCHEDULE

HOOP *** NOTES

Published by the Kentucky High School Athletic Association, January 1991

PRE-GAME DUNKING RULE REINFORCED

At various meetings involving Principals of high schools throughout the state, it has been reiterated that pre-game dunking is not legal. This is also true for half-time and other times when the game is not in progress.

Apparently some schools are allowing varsity team members to dunk at the half-time of the junior varsity games. This is in effect, pre-game dunking, before the varsity game, and is not to be permitted.

The issue is not only rules and safety, but equipment. Principals and Athletic Directors complain that allowing this practice to continue jeopardizes not only the safety of the players, but equipment such as rims, and backboards are placed at peril for damage.

Please enforce this rule as written.

DEFENSE WARNING PROCEDURE

One of the many rules changes this year allows for the offense to break the plane of the side line in putting the ball in play, but does not allow the defense the same priviledge. The proper mechanics call for a warning to be administered to the defense on the first occasion, a warning that is also to be administered to the team bench.

Several officials have called or written as to the procedure for this warning and how the mechanics should operate. Player B1 breaks the plane of the end line while A1 is attempting to put the ball in play. The official shall sound his whistle and issue the warning to the defense, and at the same time, make a verbal warning to the coach of the offending team, and to the official scorer. The ball shall then be placed at the disposal of A1, and the five second count begun again.

MAKE-UP CLINIC FOR OFFICIALS/COACHES

Beginning with 1990-91, Assigning Secretaries no longer conduct make-up clinics for coaches and officials who miss a regular clinic. For all coaches and officials who did not attend and wish to be part of post season play, the clinic will be conducted Saturday, February 9, at the K.H.S.A.A. offices in Lexington. Pre-registration will be conducted through the Principals and Superintendents of the member schools and they will receive the complete schedule.

SPANDEX SHORTS AND OTHER UNIFORM QUESTIONS

The spandex shorts which extend below the uniform and are worn under the playing uniform are NOT LEGAL for high school competition. Only in the case of a doctor's note, co-authorized by the K.H.S.A.A. are players permitted to wear the shorts. And the wearing must be as a cure for an existing condition, not for prevention.

Normally, uniform decorations such as flags, etc., are not permitted on the game jersey, but may be worn on the uniform shorts or warm-ups. However, effective 1/24/91 and for the duration of the Gulf War, the National Federation has adopted a policy which allows the official flag of the U.S. to be worn on the game uniform. The flag is to be no closer than 2" to any player's number, and may not be located between dual numbers. This policy will be in effect through the duration of the war, or the end of this school year, and supersedes any previous memorandums or interpretations. Please contact the Association office if you have any questions.

EVALUATION QUESTIONS

The response to the ratings system has again been overwhelming. Thanks to all of the coaches and officials for their cooperation. A few minor points have arisen --

THE SCHOOL NUMBER

It is a dual responsibility of the schools and the officials to insure that the proper school number is properly coded on the ratings form. In the future, there will be possible penalties for failing to include this number. However, for this season, no official or school will be penalized. On several occasions in the Athlete, and at the rules clinics, a school number listing has been distributed. If you need another copy, please contact the office.

THE OFFICIAL NUMBER

Officials will be penalized for failing to properly record the identification number of each official working the contest. K.H.S.A.A. By-Law 26 states that any person who officiates shall not only register, but shall carry their identification card with them. There can be little excuse for an official not having his/her number.

CUT-OFF DATE

The tentative date for the ratings to cut off and be compiled for the 1990-91 season is Friday, January 25. This date is subject to change dependent upon the number of ratings received about that date. However, coaches and officials are reminded that the ratings are to continue to be submitted for ALL regular season games up to the district tournament, and those games between the cut-off date and the start of the district shall be counted toward 1991-92 ratings.

COACHING BOX NOT OPTIONAL

It appears that there are a few schools in Kentucky who have yet to place coaching box lines on their gym floor. The playing rules call for a six foot coaching box to be in place in front of each bench. The coaching box shall be outlined ouside the side of the court on which the scorers' and timers' table and team benches are located. The area shall be bounded by a line 28' from the end line, the sideline, a line 22' from the end line, and the team bench. These lines shall be located off the court, be two inches wide, and of a color contrasting with the boundary lines.

Gymnasiums which cannot accomodate a sideline box may receive special permission to put the benches in the end zones. This permission must be requested in writing and will be granted only in cases where there is a physical limitation, not in case of a personal preference.

This is not an optional rule change. Athletic Directors and Principals of member schools not in compliance should immediately place tape lines on the floor to insure that the playing floor is legal.

FIRST MID SEASON BASKETBALL NOTES

In an effort to keep coaches, administrators and officials better infored, this newsletter is being produced with information and discussion points which have arisen throughout the season. Comments and suggestions are welcome.

FOR YOUR INFORMATION
SWIMMING MEETS

The events for the State Swimming Meets will be the same as those listed in the K.H.S.A.A. Constitution and By-Laws. Swimming Regulations, on page 60.

NOTE: There will be a cutoff time for the 500 Freestyle for the regional meets. Boys - 6 minutes, 30 seconds; Girls - 7 minutes.

1990-91 NATIONAL FEDERATION WRESTLING RULE INTERPRETATIONS PART I

CORRECTION: In the Rules Book, page 55, the photograph on the bottom left and the photograph on the middle right need the word "and" changed to "or" in the third line.

SITUATION #1: Wrestler A is using the intentional release method and is trying to earn points for scoring a technical fall. In earning his points, Wrestler A takes his opponent down, turns him for a two-point near fall and then releases him. This is immediately followed by another takedown and the same procedure. There is never any attempt for Wrestler A to try and pin his opponent, he is simply trying to earn two near fall points. Does this meet with the criteria outlined in Rule 7-6-3a where it explains the intentional release method? **RULING:** This obviously is a judgement on the part of the official but, if the official feels that there is no attempt to pin the opponent and that Wrestler A is simply trying to humiliate his opponent then the official should categorize this as unsportsmanlike conduct and penalize accordingly (7-6-3 & 7-4-2)

SITUATION #2: The coach of Team B requests a conference with the referee and is concerned about an out-of-bounds situation. The coach also states that he would be glad to replay the situation as he has it all on video tape. **RULING:** The referee shall not use TV monitoring replay or any other video equipment in making any decision relative to the match. (3-1-7)

SITUATION #3: The coach of School A has a contestant that is interested in competing on the high school wrestling team but, because of his heritage background, he wears long hair that has never been cut. Would it be permissible for this individual to compete in high school wrestling? **RULING:** The wrestingl appearance rule has a note added to it which does allow an individual with hair longer than allowed by rule to participate in high school wrestling. In order to compete the hair must be contained in a cover so that the hair rule is satisfied. This cover shall either be a part of the headgear or worn under the headgear. It must also be made of a solid material and be nonabrasive. Written approval for the wearing of this cover must be obtained from the state high school association office (4-2-1)

SITUATION #4: Wrestler A is maneuvering for a double-leg takedown and, as he secures the takedown, his knees go down on the mat outside the wrestling area. The feet of Wrestler A, however, remain inbounds as the maneuver is completed. Can this be scored as a takedown? **RULING:** In awarding a takedown at the edge of the mat control must be established while at least the feet of the scoring contestant remain down on the mat inbounds. This would be a two-point takedown. (5-2-1)

SITUATION #5: In a dual meet the coach of Wrestler A is required to send his wrestler to the mat first and does so. Wrestler B, however, does not report to the mat when called by the referee. **RULING:** A wrestler is required to report to the mat when directed by the referee and, if he does not do so, you would have one of the following situations: either the contestant does not report because of Rule 8-1-1 and, if it falls under that category, he would have two minutes to correct the problem; the only other reason would be considered as unsportsmanlike conduct against the coach for interfering with the orderly progress of the match. (6-2-2, 8-1-1, 7-5-3)

SITUATION #6: During an injury timeout the coach informs the official that he is defaulting the match because his wrestler is unable to continue. At that point the wrestler immediately comes to his feet, goes to the center of the mat and says he is ready to continue. **RULING:** When the match is defaulted by either the coach or the participant this terminates the match and no additional wrestling can take place. (6-4-4)

SITUATION #7: Contestant A lifts his opponent off the mat and, while Wrestler B is in the air struggling to get free, Wrestler A loses control and Wrestler B falls to the mat. Would this be considered as a slam?

RULING: When you lift your opponent off of the mat you are responsible for his return to the mat. Anytime this is done with unnecessary force a slam shall be called without hesitation. (7-1-1)

SITUATION #8: Wrestler A has a legal headlock on Wrestler B and, as A continues pressure with the headlock, he restricts either the breathing or circulation for Wrestler B. **RULING:** As soon as breathing or circulation is restricted the legal headlock becomes an illegal hold. Anytime you have pressure over your opponent's mouth, nose, throat or neck which restricts either breathing or circulation it is an illegal hold. (1-1-7)

SITUATION #9: Wrestler A commits two false starts followed by an incorrect starting position. What is the proper procedure for the referee to follow? **RULING:** Each contestant is allowed two cautions for either a false start or an incorrect starting position prior to being penalized. In this situation the two false starts would each receive a caution and the incorrect starting position would be penalized one point. (7-3-1)

SITUATION #10: Two wrestlers in the 275-pound weight class are disqualified in the finals of a tournament for stalling. What points would these two individuals receive for their team? **RULING:** In this situation the contestants would only be disqualified from this match. They are not disqualified from the tournament and therefore they would both be entitled to second place points. There would be no one to receive first place at the 275-pound level. (8-1-3, 8-1-6)

SITUATION #11: Can the offensive wrestler start from the down position with excessive pressure or grip on the defensive wrestler's elbow? **RULING:** The rules state that the offensive wrestler is to place the palm of his hand on or over the back of the elbow. This has always been interpreted to mean as light pressure, therefore excessive pressure would not be allowed. (5-1-6)

SITUATION #12: For the 275-pound match in a dual meet School A has a contestant and School B does not. The contestant from School A comes onto the mat and he is not in the proper uniform (he has no shoes on). The referee indicates to him that he cannot receive the forfeit and proceeds towards the scorers' table to sign the scorebook concluding the dual meet. The coach of School A immediately says to the referee, "Aren't we allowed two minutes for the correction of an illegal uniform?" The referee indicates that he is not aware of such a rule and proceeds to sign the scorebook and leaves the wrestling area. **RULING:** The referee has obviously made an error in not allowing the 275-pound contestant from School A to correct his illegal uniform, however, this error must be corrected prior to the referee signing the scorebook for the last match of the evening. This was not done and, therefore, no correction for this error can be made. (5-3-5, 8-1-1, 6-6-3)

SITUATION #13: The match ends with a score of Wrestler A-7 and Wrestler B-8. As the contestants are returning to the center of the mat, Wrestler A shoves Wrestler B and the referee has his back turned and does not see this incident. This is followed by B shooting a double-leg takedown, picking up Wrestler A and slamming him to the mat. The referee does see this action. What would be the final results of the match? **RULING:** Wrestler A is the loser of the match because the final score was Wrestler B-8 and Wrestler A-7. However, Wrestler B is not declared the winner of the match because he is called for flagrant misconduct and is disqualified. In a dual meet there would be no team points for this weight class and the team score for Wrestler B would be reduced by two points. (7-4-3)

SITUATION #14: Wrestler A takes Wrestler B straight to his back and the referee has a two-point count when the coach of Wrestler B goes on the mat protesting the takedown. What would be the correct procedure to follow in this situation? **RULING:** Wrestler A would receive two points for a takedown and two points for a near fall. The coach of Wrestler B would be either penalized for unsportsmanlike conduct or flagrant misconduct. If it is unsportsmanlike conduct Team B's total would be reduced by one point. If, however, the call was flagrant misconduct on the coach of Wrestler B then the coach would be removed from the premises and a two-point team deduction would be made. (7-5-3 & 5)

SITUATION #15: Wrestler A has Wrestler B in a pinning situation in a heated match and Wrestler A begins to taunt Wrestler B. What is the correct procedure for the referee to follow in this situation? **RULING:** The match should be stopped immediately and Wrestler A penalized for unsportsmanlike conduct. Wrestling would be resumed from the down position with Wrestler A in the offensive position. (8-1-1)

SITUATION #16: Wrestler A pushes Wrestler B out-of-bounds. Do we have a technical violation or do we have stalling? **RULING:** Forcing an opponent out of the wrestling area as a means of avoiding wrestling is a technical violation and shall be penalized according to the Penalty Chart. (7-3-2)

SITUATION #17: In a dual meet Team B has no 125-pound competitor and, following the 119-pound match, the 130-pound competitors go to the mat. After the match has started the coach of Wrestler A remembers that his 125-pound wrestler did not receive a forfeit. He goes to the scorers' table and, when the match is stopped, indicates this to the referee. The referee says he will not do it at the present time but he will award the forfeit after all matches have been completed. The referee indicates this would be in the spirit of fair play. **RULING:** Competition is to be conducted in the weight order listed in the rules book or the weight order agreed mutually by both coaches at the time of the weigh-in. Once the 130-pound match has started there can be no correction for declaring a winner at the 125-pound match. There would simply be no points scored at the 125-pound match for either team. (1-1-2, 6-6-3)

SITUATION #18: Wrestler A shoots a double-leg takedown and it is obvious that when completed he will receive two points. Prior to the takedown being completed, however, Wrestler B applies an illegal hold. Is this a delayed call? **RULING:** In a takedown situation the application of an illegal hold is not a delayed call and no takedown would be awarded. The match would be stopped and a one-point penalty would be assessed for the illegal hold. (8-1-2)

MINUTES OF THE BOARD MEETING

JANUARY 19, 1991

The Board of Control of the Kentucky High School Athletic Association met at the Executive East, Louisville, Kentucky, on Saturday morning, January 19, 1991. The meeting was called to order by President David Points at 9:00 a.m. Present were all Board members, Commissioner Tom Mills, Executive Assistant Billy Wise, Assistant Commissioners Brigid DeVries and Louis Stout, S.I.D. Julian Tackett, Earl Cox and Sectional Director John Radjunas. Mr. Harry Loy, representing the State Department of Education was also present. The invocation was given by Father Harry Jansing.

Marvin Moore made a motion that the minutes of the November 30, 1990, meeting be approved with two changes. Eddie Saylor seconded the motion, which carried unanimously.

The first item on the Agenda was an appeal by Mr. Homer Goins, Principal, Paris High School on behalf of Collier Mathas. Mr. Goins requested an additional semester of eligibility for Collier due to an injury received during the 1990 football season. Following Mr. Goins presentation and questions to Collier and to Mr. Goins and a discussion thereof, Eddie Saylor made a motion, seconded by Roland Williams, that the Board grant Mathas Collier an additional semester of eligibility. The motion passed by a vote of 9-2. Therefore, Collier may participate in football during the 1991 season.

The next appeal was presented by Principal Jude Talbott, Bardstown High School, on behalf of Bryant Copeland who requested a waiver of By-Law 4. Following Mr. Talbott's presentation, Ray Story moved to grant Bryant an additional year of eligibility. Marvin Moore seconded the motion which passed by a vote of 11-0. Roland Williams abstained.

Commissioner Mills read a letter from Principal Warren Featherston, Henry Clay High School who requested a waiver of By-Law 4 on behalf of Bert Van Edward Parker. Marvin Moore moved to approve the request and grant Bert an extra year of eligibility. Alvis Johnson seconded the motion which passed unanimously.

Commissioner Mills' next item to present to the Board was a request from Bath County High School to move from the 10th Region, 40th Basketball District to the 16th Region, 61st District. Following a discussion of his request, the Board voted unanimously to reject Bath County's request at the present time due to the fact that a three-team district would be created and that possible consolidation of schools in Region 10 may be forthcoming in the near future.

The next item was a request from Jackson City Schools to return to their original Basketball District 55 from their present alignment in District 56 due to geographic and financial reasons. Following a brief discussion of their request, Eddie Saylor made a motion to grant the request effective with the beginning of the 1991-92 school year. Roland Williams seconded the motion which passed unanimously.

Sandy Allen made a motion, seconded by Roland Williams, that the bills of the Association for the period November 1 through December 31, 1990 be approved. The motion passed unanimously.

Mr. Wise reported that $480,325. in ticket sales has been received through this date for the Boys State Basketball Tournament. Advanced ticket sales for the Girls State Basketball Tournament has netted $23,380. Both figures are ahead of ticket sales for the same period in 1990.

President Points then called on Marvin Moore, Chairman of the Basketball Committee for his report. Representatives from Washington County High School had requested a hearing before the Board to discuss their desire to host the 19th District Basketball Tournament. Present at the hearing were Principal William Hardin and Ath. Dir. Tom Hamilton. Also present was Principal Jude Talbott, Bardstown High School. Following a lengthy discussion of Washington County's request and the communication that was mailed from Commissioner Mills on behalf of the Board to all member school principals in January of 1990 addressing the need for a rotation plan for hosting the district tournament, Sandy Allen made a motion that the tournament site within each basketball district shall be rotated among the schools assigned to that district. A school may defer the site to another school of its choice within the district if for any reason it does not desire to host the tournament. To initiate this plan, schools shall conduct a drawing for position. Once adopted the plan shall be placed on file with the Association. Marvin Moore seconded the motion. Following a discussion of the motion, Alvis Johnson moved to amend the motion to permit Washington County High School to host the tournament for 1991. Liz Trabandt seconded the motion to amend. The amendment passed by a vote of 10 in favor with Ray Story and Roland Williams abstaining. The amended motion passed likewise.

Following a discussion of Fleming County's request to host the District Tournament for 1991, Huston DeHaven made a motion to grant Fleming County's request and issue the same direction to the schools in District #39. Jack Portwood seconded the motion which passed by a vote of 10 in favor with Ray Story and Roland Williams abstaining.

Bob Rogers then presented the Football Committee's report and made the following recommendations for the Board's approval:

1) Change the wording in the Constitution and By-Laws under Rules and Regulations Governing the Football Championships to comply with the change in C. Classification Period. The Commissioner's Office is asked to reword this section and present it to the Board at the March meeting.
2) Add the following wording for clarification in Rules. . . . Football Championships under Section II A. Dates and Times for Playoff Games, paragraph 6: "The draw for the site and pairings for the fourth round games will be held at the October Board meeting and the top team in the bracket will be the home team in each class.

Eddie Saylor made a motion to accept the Football Committee's recommendation. Roland Williams seconded the motion which passed unanimously.

Upon the recommendation of Commissioner Mills, Ray Story made a motion, seconded by Roland Williams, that the Commissioner be empowered to grant each team that participated in the State Football Playoff Finals $1200. to help defray expenses. The motion passed with Harry Jansing abstaining.

Julian Tackett presented the final audit of the Football Championships to the Board.

Commissioner Mills then gave a report of the Building Committee. He advised the Board that the Hall of Fame Museum and Office Building will be financed by the sale of bonds. He also reported that to date approximately $60,000. has been received in brick sales. Huston DeHaven made a motion, seconded by Alvis Johnson to approve the Committee's report. The motion passed.

President Points then called on Liz Trabandt for a report of the Constitution and By-Laws Committee. Ms. Trabandt stated that the Constitution & By-Laws Committee had the following recommendations:

1) That a long range corresponding date calendar be adopted, and made part of the Association Handbook, and added to relevant sections of the Tournament Regulations of the affected sports.

Alvis Johnson moved to approve, seconded by Roland Williams and passed unanimously.

2) That a Q-A be added to the Constitution and By-Laws, stipulating that a local school district may make academic standards for participation in athletics which are more stringent than Association requirements.

The ruling would read, can a local school district make

academic standards for participation in athletics which are different from that of the Association? A school district or member school may not set a standard which is lower than the K.H.S.A.A. minimal standard. However, if a school district or member school desires to set a minimal grade point average or require that students successfully complete more credits per semester or year than is required by this Association, the school may do so. The K.H.S.A.A. requirement for participation is that a student must be at proper grade level and on schedule to graduate in order to be eligible for participation.

Bob Rogers made a motion to accept this ruling interpretation, and Eddie Saylor seconded the motion which passed unanimously.

3) That the Board ask legal counsel to assist with developing a position paper on Association academic standards.

Bob Rogers moved to approve this recommendation. Sandy Allen seconded the motion which passed by a vote of 11 in favor of the motion and Marvin Moore opposed.

The following Articles were then presented for consideration:

4)Article IV, Section 2,(b) be amended to read as follows:
Representatives shall serve a four year term and shall not be eligible to serve consecutive terms within the region(s) he/she now represents.

Bob Rogers moved to table, seconded by Eddie Saylor and passed unanimously.

5)Article IV, Section 2,(b) be amended to read as follows:
. . . . of office. Serving in a part-time capacity or on leave of absence (exclusive of employee earned sick days) will terminate. . . .

Alvis Johnson moved to approve. Huston DeHaven seconded the motion which passed unanimously.

6)Article IV, Section 2, (b) be amended to read as follows:
. . . .represent, and must remain employed in that region during his or her tenure of office.

Ray Story moved to approve the recommendation, seconded by Alvis Johnson. The motion passed by a vote of 10-2.

7)Article IV, Section 3, (c.8) be amended to read as follows:
Arrange a series of baseball, basketball, football and wrestling rules interpretation clincs before the beginning of the respective seasons.

Bob Rogers moved to approve, seconded by Alvis Johnson. The motion passed unanimously.

8)Remove 1990-91 change under By-Law 4, Section 3.
No proposal needed.

9)Add Q-A to rulings and interpretations for adherence to By-Law 5, Section 1, as it pertains to weekly grade checks.
No proposal needed.

10)Add "(grades 9-12)" following "than a secondary" in By-Law 8. Remove last sentence of By-Law 8.
No proposal needed.

11)By-Law 25, Section 11.(5) shall be amended to read as follows:
The regular season ends at the conclusion of the varsity team's last regular season match, with the exception that the varsity team may play until its elimination from K.H.S.A.A. sanctioned tournament play.

Bob Rogers made a motion to approve, seconded by Sandy Allen. The motion passed unanimously.

12)By-Law 26 be amended as follows:
Remove sections 2,4,6 and 9. Renumber all other sections and add Section 7 to read, All officials registered with the K.H.S.A.A. shall be governed by the Officials Guidebook, published annually by the Association.

Bob Rogers moved to approve, seconded by Alvis Johnson. The motion carried.

13)By-Law 27, Section 3, be amended as follows:
. . . .soccer, softball, volleyball and wrestling shall attend the annual . . . . sponsored rules clinic . . . Track officials shall attend bi-annually.

Huston DeHaven moved to approve, seconded by Sandy Allen. The motion passed unanimously.

Items 5,6,7,11,12 and 13 will be presented to the Delegate Assembly by the Board of Control for consideration.

The Basketball Committee will consider changes in By-Law 25, Section 2 and report to the Board at their next meeting.

Commissioner Mills then discussed with Board members proposals submitted by member schools which are to be considered by the 1991 Delegate Assembly. Topics included in the proposals are: increasing the Board's number to 24 members; principals only may be nominated for election to the K.H.S.A.A. Board of Control.

Following a discussion of the Board's desire to comply with I.R.S. Guidelines as they pertain to the Board travel reimbursement policy, Alvis Johnson made a motion to set the per diem and mileage reimbursement at the current I.R.C. allowable amount. Bob Rogers seconded the motion which passed unanimously.

Asst. Commissioner DeVries discussed with the Board the Track and Field Committee's recommendation that the following change be made in the Regional/Sectional Meets. It is requested that three (3) qualifiers from each event at the Regional level advance to the Sectional Meet. At the present time four (4) participants in each event are allowed to advance to the Sectional Meet. Alvis Johnson suggested that this item be referred to the All-Sports Committee.

The following committees will meet during the Girls State Basketball Tournament in Frankfort: All-Sports, Basketball and Constitution & By-Laws. The next regular meeting will be held at 8:30 a.m. on March 21st in Frankfort.

Bob Rogers made a motion that the meeting be adjourned. Roland Williams seconded the motion which carried unanimously.

STATE TENNIS COMMITTEE MEETING

January 30, 1991

The State Tennis Committee met on Wednesday, January 30, 1991, at the Kentucky High School Athletic Association Office in Lexington. Assistant Commissioner Brigid L. DeVries called the meeting to order at 1:30 p.m. Committee members present included Nonnie Hopper, Cliff Richardson, Becky Watson, Jerry Johns, Terry Johnson, Doug Lehring, Joe Kroh, Bob Duricko, Mary Robinson, Jeff Isaacs, Carl Stoltzfus, and Tom Wischer. Absent were Bill Goodan and Erwin Jones.

The first item on the agenda was a discussion of regional tournament sites. Suggestions were made by committee members with regards to the Regional Tournament Managers for regional sites not secured at this time. The dates of the Regional Tournaments are listed on the school calendar as the week of May 13, 1991. As in the past, May 11 & 12 may be used if necessary. All Regional Tournaments must be completed by May 20, 1991. The Committee reviewed the regional information that will be mailed to the schools and made some minor revisions.

The next item on the Agenda was the State Tennis Tournament. The dates for the 1991 Tournament are May 30, 31, and June 1, 1991 and will be held at the University of Kentucky in Lexington. The committee reviewed the state information and made a few changes.

Cliff Richardson from Atherton High School was asked to report on the status of the All-State Tennis Team. It was decided that the 1991 All-State Tennis Committee be made up of Joe Kroh, Becky Watson, Doug Ledeher, Mary Robinson, Kathy Johnston, Tom Wischer, Carl Stoltzfus, Larry Heflin, Terry Johnson, and Bill Goodan. Selections will be made during the State Tennis Tournament. Coaches will receive a nomination form, to be submitted at the coaches meeting prior to the state tournament. Joe Kroh is working on getting a corporate sponsorship to underwrite certificates for the players, through Pepsi-Cola. The All-State team from the previous year will be printed in the program.

The next item of the agenda was a discussion of the tennis survey regarding moving tennis to the fall. The voting was 107 to 52 in favor of leaving tennis as a spring sport.

It was decided again that the state seeding committee be a fairly large committee so that all areas of the state are represented.

Joe Kroh gave a brief report on the selection process for the *Prince* All American program. Kentucky will participate again this year.

Miscellaneous items included a committee recommendation to increase the number of tennis matches from 20 to 25, and increase the number of tournaments played to four. This proposal would be submitted to the delegate assembly at the 1992 meeting.

There being no further business the meeting was adjourned.

KAPOS NEWS STATE TOURNAMENT INFORMATION

Participating cheerleader and cheerleading coaches registration: all cheerleading squads and/or coaches are asked to stop by the KAPOS table to:

1. Register your squad.
2. Pick up important information and materials for you and your school.

Along with a KAPOS board member, there will be high school cheerleaders on hand to assist you. They can be identified by their hostess armbands. Feel free to ask them for help, and in turn they may seek you and your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your seat, row and section number. A possible radio interview is often missed because the guides could not locate the desired person in time for the interview.

Hospitality Room: May we remind all cheerleading coaches and cheerleaders that KAPOS hosts a Hospitality Room for participating cheerleaders. We cordially invite you to have refreshments, socialize with friends, exchange ideas, and perhaps get help with your problems.

"Sweet 16" Cheerleading Squads: **Attention Principals!** If your team will be participating in the State Tournament, included in the packet sent to you by the KHSAA will be a letter pertaining to your cheerleading squad. Be sure to look for this and relay all information to your cheerleading coach. We request that your cheerleaders be chaperoned by a well qualified, school approved adult. Verification of this, along with your cheerleading coach's name, must be contained in the letter of confirmation which you will receive. This letter must be in the hands of the KAPOS officer prior to the time that your cheerleaders take the floor.

Important! Please be sure that your school is a paid member of KAPOS or pays the fee before their first game in order for your squad to compete for the cheerleading awards in the State Tournament. The winners of these awards will be determined by use of the KAPOS Judging Sheet, a copy of which appears in the KAPOS Handbook.

AWARDING OF TROPHIES

KAPOS is pleased to honor outstanding cheerleading squads with the recognition they so well deserve. All cheerleader awards will be presented between games on Friday night of the State Tournament. The awards are as follows:

The winning cheerleader squad in the Boys' Sweet Sixteen will receive the Ted Sanford Trophy; in the Girls' Sweet Sixteen the Tom Mills Award. The runner-up cheerleading squad will receive a trophy, with the third and fourth place squads being awarded plaques. In addition, the special K-Pep Award will be presented. All tournament cheerleading squads and their coaches are asked to be located close to the playing floor so they can easily come on the floor should they be called for an award.

GOVERNOR WILKINSON DECLARES GOOD SPORTSMANSHIP MONTH

While every month should be Good Sportsmanship Month, KAPOS has always tried to put special emphasis on being a good sport at tournament time. Being a good sport is part of being a good citizen. We don't believe that good citizens need to be reminded to exemplify good sportsmanship. However, it is especially fitting at tournament time to remind all citizens that it is a privilege to be able to attend the games and that each individual can contribute to the success of the tournament if he will abide by the KAPOS Sportsmanship Creed proclaimed by Governor Wilkinson. The Governor's proclamation is on display at the KAPOS table.

STATE-AT-LARGE CHAMPIONS

Recognition is annually given to cheerleading squads other than those sixteen fortunate enough to participate with their teams in the State Tournament. The winner will receive the Jane Meyer trophy, while the runner-up will receive the KAPOS President's Trophy. Plaques will be given to the third and fourth place squads.

Beginning at the district level, all squads that are KAPOS members are eligible to be judged for the honor of representing their district in the KAPOS Region-At-Large cheerleading competition. The winner and runner-up of each district will progress to the region. In turn the girls' varsity winner and runner-up and the boys' winner and runner-up from each region is allowed to compete for the title of State-At-Large Cheerleading Champions.

Judging for the Boys' State-At-Large winners will take place at 8:30 A.M., on Saturday, March 16, in Lexington at Memorial Coliseum.

Judging for the Girls' State-At-Large winners will take place at 8:30 A.M., on Saturday, March 23, at Tates Creek High School, Lexington. The public is invited to these outstanding events. The admission charge of $4.00 will go toward the expenses of KAPOS scholarship award, details of which are supplied below.

At the conclusion of the judging, trophies will be awarded to the top squads, in addition to several special awards.

NOTES TO ALL ADMINISTRATORS

Many of you have responded to our SOS in releasing teaching personnel to assist with the many tasks necessary to keep this organization functioning effectively.

Again, we need judges and personnel help at the tournament. This involves at least 12 to 15 people. It is also backbreaking, tiresome work. However, we have many dedicated persons who have indicated a willingness to help share these duties provided they get a release from their administrators. Therefore, the KAPOS board is seeking your understanding and cooperation should you be asked to release a teacher from his or her duties to help carry on the work that KAPOS is doing to make cheerleading a worthwhile educational experience in the State of Kentucky.

STELLA S. GILB SCHOLARSHIP

KAPOS is happy to annually award the Stella S. Gilb Scholarship to outstanding cheerleaders from Kentucky. In 1990, KAPOS awarded 11 $500 scholarships to well-deserving cheerleaders. One of your cheerleaders may be a potential scholarship winner, so get your applications in early. Applications must be turned in no later than April 30. Contact a KAPOS board member or officer for application forms, or pick them up at the State Tournament KAPOS Table.

KAPOS SERVICES

- Maintains an affiliation with the KHSAA in order that we may help them and they may assist us in any way possible to promote good sportsmanship in the state of Kentucky.
- Maintains continual communication with cheerleading coaches in the state to ascertain their needs, problems, suggestions and criticism.
- Publishes The Handbook of the Kentucky Association of Pep Sponsors.
- Holds judging clinics to promote better understanding between cheerleading coaches and judges, and to encourage consistency in interpretation of KAPOS rules and recommendations.
- Sponsors awards to outstanding cheerleading squads at the district regional, and state levels.
- Sponsors the judging of outstanding cheerleading squads at the State Tournament for the "Sweet 16" Competition.
- Sponsors Sportsmanship Month during the month of March.
- Hosts the KAPOS table and the KAPOS Hospitality Room at the State Tournament both Boys' and Girls'.
- Sponsors the Stella S. Gilb Scholarship, an educational scholarship awarded each year to outstanding and deserving cheerleaders in Kentucky.
- Presents "Cheerleading Coach of the Year Award".
- Presents the "Pat Dooley K-Pep Award" in each region and state tournament.
- Members serve as instructors and judges as requested by the various groups (KHSAA, YMCA, NCA, schools, etc.)

MEMBERSHIP REQUIREMENTS

Membership in KAPOS is open to all schools who are affiliated with a school system in Kentucky. Dues are $2.00 per varsity cheerleader plus $2.00 for the coach, and entitle the school to membership in the organization for the fiscal year from July 1st through June 30th.

Dues should be paid to the treasurer of KAPOS by Dec. 15. A membership card will then be returned to you. A KAPOS handbook is mailed to all high school principals at the beginning of each school year.

REUTHER NAMED CERTIFIED ATHLETIC ADMINISTRATOR

The National Interscholastic Athletic Administrators Association is pleased to announce that James R. Reuther, Director of Athletics for Ballard High School, has been recognized by the association as a Certified Athletic Administrator.

To earn this distinction, Reuther has demonstrated the highest level of knowledge and expertise in the field of interscholastic athletic administration. The voluntary certification process included a thorough evaluation of the candidate's educational background, experience and professional contributions, as well as a rigorous, comprehensive written examination.

ATHLETIC DIRECTORS AND COACHES URGED TO USE THESE PHOTO TIPS

Schools are reminded as the seasons in all sports get underway, to make arrangements for team photos. Tournament managers and many of your opponents and news outlets will request photos for event programs. We offer these useful tips for good team photos --

1) A good photo makes a good half tone. The printer cannot make a clear image out of a fuzzy, out of focus photo;
2) A good photo of your team shows school pride and encourages pride among your schools' patrons;
3) A good photo shows all of the faces, and ideally, the jersey/uniform number if applicable. A mom or dad wants to see their child's grinning face in the program after traveling to that post season tournament;
4) A good photo of large teams can be achieved by thinking vertically, not horizontally. Add more rows instead of making two or three long rows. This will enable the photographer to come in for a closer shot of your group. The closer the shot, the clearer the faces,
5) A good photo is accompanied by proper identification. Type the group members' names so there will be no doubt as to spelling. It is disappointing to students and parents to have their name misspelled or omitted from the tournament program,
6) A good photo is planned for well in advance to allow for a retake;
7) Lastly, a good photo arrives to the tournament manager and the KHSAA before the deadline date.

SPECIAL NOTE ON CORRESPONDING DATES

Recently, Athletic Directors were mailed a proposed corresponding date calendar, which was adopted in concept by the Board of Control at its January meeting The release of this calendar has caused some confusion.

THE DATES OF THE 1991 CHAMPIONSHIPS ARE AS PRINTED ON THE MEMORANDUM CALENDAR The dates under the 1990-91 column on the corresponding date chart were included only for reference as corresponding dates for scheduling. The calendar is in the process of being finalized, and the final document will be mailed to member school athletic directors after the state basketball tournaments.

SPECIAL NOTE CONCERNING UNIFORMS

Normally, uniform decorations such as flags, etc., are not permitted on the game jersey, but may be worn on the uniform shorts or warm-ups. However, effective 1/24/91 and for the duration of the Gulf War, the National Federation has adopted a policy which allows the official flag of the U.S to be worn on the game uniform The flag is to be no closer than 2" to any player's number, and may not be located between dual numbers This policy will be in effect through the duration of the war, or the end of this school year, and supersedes any previous memorandums or interpretations. Please contact the Association office if you have any questions

CALL THE OFFICE IF YOU NEED MORE INFORMATION ON THE COURT OF SUPPORT

In the past few weeks, you should have received information about the Court of Support as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project Construction has begun on the new office complex, and if you want to be a charter contributor to this effort, time is running out

Week 2	11/16	11/22	11/20	11/19	11/18	11/17
Week 1	11/9	11/15	11/13	11/12	11/11	11/10

Due to the passage of a referendum to shorten the season, the re-negotiation of many contracts due to the 1991 realignment, and the expansion of the play-offs to four teams beginning in 1991, many schools are confused about the possible playing dates for football games. Below is listed the updated corresponding date chart as it will appear in the 1990-91 Handbook. By virtue of Delegate Assembly action in 1990, no games may be scheduled or played at any level following the Saturday of the week preceding the First Round of the play-offs

	1990	1991	1992	1993	1994	1995
FINALS	11/30	12/6	12/4	12/3	12/2	12/1
SEMI-FINALS	11/23	11/29	11/27	11/26	11/25	11/24
REGION	11/16	11/22	11/20	11/19	11/18	11/17
SECOND ROUND	11/9	11/15	11/13	11/12	11/11	11/10
FIRST ROUND **	11/2	11/8	11/6	11/5	11/4	11/3
Week 10	10/26	11/1	10/30	10/29	10/28	10/27
Week 9	10/19	10/25	10/23	10/22	10/21	10/20
Week 8	10/12	10/18	10/16	10/15	10/14	10/13
Week 7	10/5	10/11	10/9	10/8	10/7	10/6

Week 4	9/14	9/20	9/18	9/17	9/16	9/15
Week 3	9/7	9/13	9/11	9/10	9/9	9/8
Week 2	8/31	9/6	9/4	9/3	9/2	9/1
Week 1	8/24	8/30	8/28	8/27	8/26	8/25
**	8/17	(For 1990 season only)				

** Due to passage of a referendum which shortened the football season to ten weeks, there are no regular season playing dates which correspond to August 17 or November 2, 1990. The November 2 date will be lost due to the expansion of the play-offs to include the top four teams in each district. It is important to remember that beginning in 1991, there will be only ten (10) weeks in which to play the legal limit of ten (10) games.

REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS

All schools are reminded of the Limitation of Seasons Rules, K.H S A.A By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams' last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school's legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons

NEWS RELEASE

FOOTBALL RULE REVISIONS ANNOUNCED FOR 1990-91 SEASON

POINTS OF EMPHASIS

1. Player Safety
2. Sportsmanship, Ethics, Integrity
3. Positions of Players at the Snap

FOOTBALL RULES ADOPTED - 1991

1-2-7f Note	The use of collegiate or professional fields may require the utilization of goals the dimensions of which have been established by the respective collegiate and professional rules codes (18 feet, 6 inches).
1-3-1c	Permits the one inch half stripes to be either white or yellow and deletes the word "fluorescent".
1-3-4	Deletes the requirement that other measuring devices must be "federation committee approved."
1-3-4	In addition to the traditional chains, other 10-yard measuring devices with a visible line-to-gain indicator will be permitted following a check for accuracy by the game officials.
2-1-5	When an airborne player makes a catch, forward progress is the furthest point of advancement after he possesses the ball and is contacted by a defender.
3-1-4	Specifies that if a game is interrupted and is not continued from that point, the final score stands unless there are conference, league or state association rules which apply.
3-4-3	On all free kicks the clock shall start when the kick is touched, other than first touching.
3-5-8	An unconscious or apparently unconscious player, as determined by the game officials, may not return to play in the game without written authorization from a physician
7-1-4	The stipulation that the ball could not be tilted more than 45° by the snapper has been deleted.
9-2-3e	Clarified it is illegal use of hands to contact an eligible receiver who is no longer a potential blocker.
9-5-1; 9-8-1	Added the works "examples are, but not limited to" in order to include all additional unsportsmanlike acts not specifically listed.
9-5-1d, e	Added intentionally kicking at or attempting to strike an opponent with a fist, locked hands or elbow as disqualifying fouls. Contact in such situations does not have to be made.
9-6-1	Unless blocked or pushed out-of-bounds, no player of A or K shall participate by touching the ball or hindering an opponent after having been out-of-bounds during the down.
9-7-2 Exp	Legal batting of a grounded scrimmage kick by K may occur only beyond the neutral zone.
9-8-3	A team now shall receive a warning for violating the team box rule. A second violation will be a 5-yard penalty, and any subsequent violation will each be 15-yard penalties.
9-4-5	Any player or nonplayer who intentionally contacts an official shall be disqualified
6-Man Football	At least three Team B players shall be within five yards of its free kick line. After the ball is ready and before the snap, each player on Team A must momentarily be within 12 yards of the spot of the snap.
5-1-1	Approved a new case book play to support correcting loss of a down within a series.

EDITORIAL CHANGES ADOPTED

2-1-4	Forward progress is only toward the opponent's goal line.
2-17-1	A scrimmage kick is any legal kick from in or behind the neutral zone all references to "line" and "A or B's scrimmage line" now use "neutral zone".
3-1-2	Game official pregame duties include more than penalizing unsportsmanlike fouls.
3-1-3	Mutual agreement includes terminating the game.
3-5-5b	Revised wording to clarify when the one-minute break is allowed preceding a free kick.
3-5-6i	Clarified it is an official's time-out when the penalty is administered.
5-1-4	Clarified when K retains the ball after a scrimmage kick.
7-5-1	Added statement that more than one forward pass may be thrown during a down. All references to "line" and "A or B's scrimmage line" now use "neutral zone".
7-5-1	Adopted a new "table" on forward passes.
7-5-2	Clarified it is an illegal forward pass if from beyond the neutral zone.
7-5-6	Deleted references to unsportsmanlike pass interference.
9-8-2	Attendants allowed on field during the one-minute break preceding a free kick.
10-1-1	Added from 1-4-1 the statement that decisions involving penalties must be made before a time-out is granted.
10-5-3	Deleted "which is now the basic spot".
Illustrated Rules (page 84 top)	Deleted narration allowing disqualified coach to be with his team at halftime.

QUESTIONNAIRE ITEMS FOR 1991

THE FOLLOWING questionnaire items were approved by the committee:

K may not block R until the free kick has touched R or the ground or is beyond R's free kick line.

THE FOLLOWING questionnaire items were approved by the Editorial Committee:

1. Should we prohibit lineman lifting up to rehuddle after taking set positions.
2. Illegal to have more than 11 players in the huddle and have "extra" players go to the team box when they break to take snap positions.
3. Award automatic first down if any penalty enforced under "half the distance" requirement would have been a first down had the entire yardage been assessed.

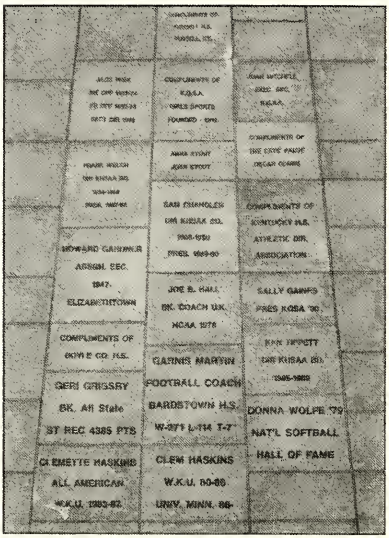
HALL OF FAME AND MUSEUM COURT OF SUPPORT



The Dawahares/K.H.S.A.A. Hall of Fame

To honor the more than 1,000,000 Kentucky men and women who have contributed to "Great Moments in Kentucky High School Sports" throughout the years, the Dawahares/Kentucky High School Athletic Association Hall of Fame was established in 1988. The association chose this manner in which to pay tribute to, and to immortalize record setting and influential coaches, players, officials and supporters of high school athletics in this great Commonwealth. To date, sixty-seven members have been inducted into the Hall of Fame. After twenty-two new members are inducted on March 13, 1991, the total number of members in the Hall of Fame will have reached eighty-nine.

The Association began the project with the help of the Dawahare family, as an effort to recognize the excellence of high school educators, athletes, coaches, officials, administrators and other contributors. According to Dee Dawahare, of Lexington, "We want to recognize and encourage the academic as well as athletic contributions of these fine individuals."

Hall of Fame members are chosen for their contributions to Kentucky high school athletics. K.H.S.A.A. Commissioner Tom Mills stressed that "while many Hall of Fame Members, such as Paul Hornung, Cliff Hagan, and Tommy Bell, have gone on to outstanding careers in college or professional sports, they are primarily honored for their accomplishments in Kentucky high schools." Other members such as S.T. Roach, longtime coach at Lexington's Dunbar High School, and Ralph Carlisle, who coached at Lexington's Lafayette High School, are honored for the guidance they have given thousands of young people.

Instructions . . .

The Kentucky High School Athletic Association welcomes your participation in this project. Should you desire to become involved, complete the order form printed below, and return it to the K.H.S.A.A. offices at the address listed on the form.

Please feel free to contact the Association office if you have any questions. Please note that the term "basketball region" on the order form is the location within the state in which you wish your brick placed. If you have no preference, simply indicate "no preference" on the form.

SPECIAL NOTE ON CORRESPONDING DATES

Earlier in the year, Athletic Directors were mailed a proposed corresponding date calendar, which was adopted in concept by the Board of Control at its January meeting. The release of this calendar has caused some confusion.

THE DATES OF THE 1991 CHAMPIONSHIPS ARE AS PRINTED ON THE MEMORANDUM CALENDAR. The dates under the 1990-91 column on the corresponding date chart were included only for reference as corresponding dates for scheduling. The calendar is in the process of being finalized, and the final document will be mailed to member school athletic directors after the state basketball tournaments.

SPECIAL NOTE CONCERNING UNIFORMS

Normally, uniform decorations such as flags, etc., are not permitted on the game jersey, but may be worn on the uniform shorts or warm-ups. However, effective 1/24/91 and for the duration of the Gulf War or the end of the school year, the National Federation has adopted a policy which allows the official flag of the U.S. to be worn on the game uniform. The flag is to be no closer than 2" to any player's number, and may not be located between dual numbers. This policy will be in effect through the duration of the war, or the end of this school year, and supersedes any previous memorandums or interpretations. Please contact the Association office if you have any questions.

CALL THE OFFICE IF YOU NEED MORE INFORMATION ON THE COURT OF SUPPORT

In the past, you should have received information about the Court of Support as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project. Construction has begun on the new office complex, and if you want to be a charter contributor to this effort, time is running out.

Due to the passage of a referendum to shorten the season, the re-negotiation of many contracts due to the 1991 realignment, and the expansion of the play-offs to four teams beginning in 1991, many schools are confused about the possible playing dates for football games. Below is listed the updated corresponding date chart as it will appear in the 1990-91 Handbook. By virtue of Delegate Assembly action in 1990, no games may be scheduled or played at any level following the Saturday of the week preceding the First Round of the play-offs.

	1990	**1991**	**1992**	**1993**	**1994**	**1995**

Week 1	8/24	8/30	8/28	8/27	8/26	8/25
**	8/17	(For 1990 season only)				

** Due to passage of a referendum which shortened the football season to ten weeks, there are no regular season playing dates which correspond to August 17 or November 2, 1990. The November 2 date will be lost due to the expansion of the play-offs to include the top four teams in each district. It is important to remember that beginning in 1991, there will be only ten (10) weeks in which to play the legal limit of ten (10) games.

REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS

All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams' last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school's legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.

1991 ANNUAL MEETING OF THE DELEGATE ASSEMBLY

The Business meeting of the Delegate Assembly of the Kentucky High School Athletic Association will be held on Friday, April 19, 1991 at 11:00 a.m. at the K.H.S.A.A. Office Building, 560 East Cooper Drive, Lexington, Kentucky.

As provided in Article IX, Section 1, of the K.H.S.A.A. Constitution, the following proposals for changes in the rules of the Association, to be acted upon at the annual meeting, are hereby submitted to all members of the K.H.S.A.A. for their information. No proposals other than these may be considered at the Annual Meeting, except by a two-thirds vote of the delegates.

PROPOSAL I

Principal Peter Flaig, Trinity High School proposes that the following amendment be made to By-Law 25.

3. Cross Country:
   (3) Change "... prior to September 1" to "... prior to ten (10) weekends prior to the weekend of the Regional Meet."
12. Wrestling:
   Change "... prior to December 1" to "... prior to nine (9) weekends prior to the weekend of the District Tournament.

PROPOSAL II

Principal George Johns of Dayton High School proposes that the following changes be made in the Constitution of the Kentucky High School Athletic Association.

Article IV: Administration And Legislation

Section 1 - Officers (Be changed to read:)

The officers of the Association shall be a Commissioner and a Board of Control composed of Twenty-four members, (24) at least four (4) of whom shall be black and four (4) of whom shall be female.

Section 2 - Procedures of Election & Board of Control (shall be changed to read:)

B. **Board of Control**

1. Members of the Board of Control shall be elected for a period of four (4) years by a vote of the representatives of member schools in each region.
2. There shall be one (1) member from each of the sixteen (16) Basketball Regions.
3. In addition there shall be four (4) blacks and four (4) females elected (Federal Court Decree), two (2) blacks shall be elected to represent Regions 1 through 8 and two (2) blacks shall be elected to represent Regions 9 through 16. Two (2) females shall be elected to represent Regions 1 through 8 and two (2) females shall be elected to represent Regions 9 through 16.
4. All Board of Control members shall be full-time certified employees of their respective Boards of Education.
5. Notifications to the **Representatives** of each school in each **Region,** in which the member is to be elected must be made by the Commissioner not later than January 1.
6. To be eligible for membership to the Board of Control, one must be a certified employee of an accredited K.H.S.A.A. member school or system in the region he/she is to represent and must remain in that region during his/her term of office. Serving in a part-time capacity or on leave of absence or on sick leave in any of these capacities will terminate the eligibility of the member and the remaining members of the Board shall fill the vacancy within sixty (60) days in the same manner as that prescribed for the regular election of the Board Members.
7. Nominations for membership on the Board of Control, signed by five (5) representatives of their **region,** shall be in the hands of the Commissioner, for **regions** that elect during the year, not later than midnight January 31.
8. Ballots for election shall be distributed by the Commissioner before February 15, and returned on or before March 1.
9. Results of the election shall be tabulated by the Commissioner, announced at the meeting of the Delegate Assembly, and published in the May issure of the "Athlete."
10. Terms of Board Members shall be staggered so that six (6) will be elected each year.
11. At the Organization Meeting in July, the members of the Board of Control shall elect from their membership a President and Vice-President to serve for one (1) year. They shall not be eligible to serve for more than two (2) one-year terms in succession. The Superintendent of Public Instruction shall designate a liaison person to meet with the Board of Control to participate in all discussion but to have no vote as a member of the Board of Control.

PROPOSAL III

Principal Kenneth W. Frick, Butler High School proposes that the Article IX, Section 4, be changed to read:

b. Board of Control - Members of the Board of Control shall be elected for a period of four years by vote of the representatives of member schools in each section (Basketball Regions 1 & 2, 3 & 4, 5 & 6, 7 & 8, 9 & 10, 11 & 12, 13 & 14, 15 & 16) **and shall be a high school principal.**

1991 NATIONAL FEDERATION TRACK & FIELD RULE INTERPRETATIONS PART I

Rule Book

Page 79 - The diagram shows the vaulting '0' point running through the bottom of the planting box or stopboard. However, since rule 7-4-13 specifically designates the top of the planting box as the '0' point, measurements will continue to be made from the top of the stopboard as in past years.

SITUATION #1: As the competition is coming to a close in the preliminary round of the discus event, the event judge notices that one of the competitors is wearing a watch during his trial. Upon further investigation, the event judge discovers that the competitor had worn the watch in his earlier trial as well.
RULING: The competitor would be disqualified from the event. Furthermore, if he had qualified for the finals, the next best thrower would be moved up to the finals.
COMMENT: Up to 1991, competitors have been permitted to wear a watch while competing in the field events, but it has been considered an illegal aid when wearing a watch while competing in a running event. Sometimes athletes would forget to remove the watch when going from a field event to participate in a running event or were confused as to when they were permitted to wear a watch, which has resulted in some unfortunate disqualifications. To be consistent and to eliminate confusion, track and field athletes will not be permitted to wear a watch while competing in any event. (4-5-9f)
SITUATION #2: Prior to the start of the 3200 m run, A1's coach asks the referee to permit A1, who is an asthmatic, to use an atomizer containing a prescription drug designed to alleviate the asthmatic condition.
RULING: If A1's condition is verified by a physician and the doctor has prescribed this medication, it would **not** be considered an illegal aid as long as a physicians statement documenting the need of the athlete to use a prescription is presented to the meet director/referee prior to the beginning of the meet. Replaces situation 4.5.8c.
COMMENT: Since the asthmatic athlete is at a disadvantage because of his/her condition, the rules committee feels that the use of a prescribed atomizer would not give the asthmatic competitor an unfair advantage and has approved the use of the atomizers as long as they are prescribed by a physician. A letter or note from the doctor must be presented to the meet director/referee documenting the need of the athlete to use the atomizer to ensure his/her safety.
SITUATION #3: Following the finals of the 300 m intermediaate hurdles, A1 and B1 complain that the third hurdle in their lanes were set higher than the standard 36". After checking the height of the hurdles in question, the referee discovers they were incorrectly set at 39" and all other hurdles were at the 36" height. A1 finished first, while B1 finishes fourth.
RULING: It is within the referees authority to declare A1 the winner and after an appropriate amount of rest rerun the race involving the remaining competitors.
COMMENT: When a race is rerun, it may not be necessary to have all contestants participate in the rerun if the runner was not involved in the situation causing the rerun, and has clearly earned the place awarded by meet officials. However, as in the above situation, A1 may participate in the rerun in an attempt to better his time for record purposes. If that would be the case, he would also jeapordize losing his present standing.
SITUATION #4: In the shot put, A1 who is very heavy set, reports to the event wearing sweat pants and a jersey that appears to be a football practice jersey. The coach explains the school does not have a jersey and shorts that would fit A1, and requests permission of the event judge for A1 to compete as he is dressed.
RULING: Since A1 does not comply with rule 4-3-3, the request is denied.
COMMENT A: While the rules committee sympathizes with the coach and athlete in this situation, it is the responsibility of the school to make every effort to provide the same uniform for all members of its track team. Even if the uniform is on order and it will take some time to process, the school can provide a jersey and shorts which are close to the same color and style as the other teammates. Situation 4.3.3. has been deleted from the Case Book.
COMMENT B: Playing rules written for high school competition have consistently stipulated the exclusive wearing of school uniforms. Even though track and field consists primarily of individual events, it is still a team sport. School-sponsored activities should not provide for individual costumes that deviate from the color and style of the uniforms worn by all members of the high school team.
SITUATION #5: The terms and conditions of conference dual competition stipulates, that when the host school has hurdles for 4 lanes only, each school may enter only two hurdlers in the first heat and the first two finishers will receive first and second places. The remaining hurdlers will be entered in the second heat and the winner of this heat will be awarded third place with no opportunity to finish higher than third place.
RULING: In the above situation, the host school may run the hurdle events in two timed heats. However, the slower runners should be placed in the first section and the faster runners in the second section. All competitors should be timed and individual places determined by the faster times of all competitors. Conferences or leagues may adopt a more restrictive standard, but may not adopt a more permissive standard than provided by National Federation Rule.
SITUATION #6: At the conclusion of the 4 x 400 relay it is discovered that competitor B3 has competed in 5 events: the 4 x 100 relay, the 100 meters, the 400 meters and the high jump.
RULING: B3 shall be disqualified from further participation and shall forfeit all places, team points and medals earned in all events. Also, the 4 x 100 and 4 x 400 relay teams shall forfeit all places, team points and medals earned. Lower place winners in each event will be advanced.
SITUATION #7: After an unsuccessful trial at 6'4", A1 is excused to compete in the first heat of the high hurdle prelims. Due to interference, the referee orders the race to be rerun following the third heat. Due to the rerun, A1 reports back to the high jump 20 minutes after being excused, and the bar is now raised to 6'6".
RULING: A1 will be permitted two trial at the new height. (7-2-7)
COMMENT A: When A1 failed to return within the limit, the event judge may consider A1's remaining attempts as passed trials and proceed with competition among the other entries, including the raising of the crossbar when all other competitors have cleared, failed or passed the preceding height.
COMMENT B: Guidelines for a competitor who has been excused from a field event to compete in another event include:
(a) The athlete must receive permission from the event judge;
(b) The judge must record the time excused;
(c) The judge may allow the competitor to take a trial out of turn before being excused,
(d) The judge will use some judgment in extending the time excused under special circumstances, e.g. 3200 m run;
(e) In the high jump and pole vault, if the competitor has failed to return in the allotted time and all other remaining competitors have either passed, failed or cleared the existing height, the crossbar will be raised to the next height and the judge will automatically pass the excused competitor to the new height.
(f) Coaches must take into account the limited time allowed to compete in another event when determining the events any individual competitor enters.
(g) **When an unusual circumstance (injury, rerun, etc.) occurs that will prolong the absence of the excused participant, it shall be the participants responsibility to communicate this to the event judge.**
SITUATION #8: Team A reports to the clerk of the course for the 4 x 100 m relay and when they take off their warm-ups, the clerk notices that runner #1 is wearing a white T-shirt over a blue turtleneck under the traditional track jersey, runner #2 is wearing a white T-shirt under her jersey, runner #3 is also wearing a white T-shirt under the track jersey, and runner #4 is wearing a blue turtle neck under her jersey. The clerk informs the relay team that their uniform is illegal in that multiple colors are showing under the traditional track jersey and asks the girls to remove the undergarments so only one color is showing under the jersey. Team A's coach appeals the ruling by the clerk.
RULING: The appeal shall be denied.
COMMENT: Rule 4-3-1 stipulates that any apparel that is worn in excess of the school uniform, must be worn under the school-issued jersey or shorts, and if visible is restricted to a single (solid) color (minus any trim of a second color). When undergarments are worn by more than one member of a relay team, those undergarments must be the same color. Layering is permitted, as long as only one color is visible (example: white T-shirt over a white turtleneck). In the above situation, the girls 4 x 100 relay team must choose between white or blue but may not use both colors.
SITUATION #9: In dual competition, B1 reports to the 400 m dash wearing red thigh huggers over black leotards under his tradition blue track shorts and B2 is wearing black bicycle tights under his track shorts. The starter informs B1 he is wearing an illegal uniform and informs him that he cannot participate until he changes his attire so that only one color is showing beneath his track shorts. B1's coach protests, pointing out that both undergarments are a single (solid) color which he feels meets the rule.
RULING: The protest is denied.
COMMENT: It has been established that undergarments are permissible in track and field. However, it has been clarified that the undergarment must be of a single (solid) color and minus of any trim, and if more than one undergarment is worn under the short, each undergarment shall be the same color. If both undergarments are of a different color, then only one undergarment may be visible.

The K.H.S.A.A. Salutes the Winners of the Academic Showcase

The sixth annual Sweet 16 Academic Showcase was held in Lexington, Kentucky during the week of the Boys' Sweet 16 Basketball Tournament. Approximately 1,750 students from 209 high schools from 99 counties participated in 12 competitions. Regional competitions were held at colleges and universities around the state in January and February. From these sites the top four place finishers in each competition qualified to come to Lexington to compete for scholarships. The finals in 12 categories were at Transylvania University. The awards were presented on March 15th at a banquet at Marriott's Griffin Gate Resort. A total of $73,350 in scholarships and prizes was awarded. The showcase is funded by an annual televised auction and donations from private corporations.

MINUTES OF THE BOARD MEETING

March 21, 1991

The Board of Control of the Kentucky High School Athletic Association met in the Capital Plaza Tower, State Board of Education in Frankfort, Kentucky on Thursday, March 21, 1991. The meeting was called to order at 8:30 a.m. by President David Points with all Board members, Commissioner Tom Mills, Executive Assistant Billy Wise, Assistant Commissioners Brigid DeVries and Louis Stout, Sports Information Director Julian Tackett and Earl Cox present. Mr. Harry Loy was present representing the State Department of Education. Sandy Allen offered the invocation.

President Points recognized Dr. Thomas Boysen who came by to welcome the K.H.S.A.A. staff and Board to the State Department. Also in attendance as a visitor was Stan Steidel, newly elected Board member from Dayton High School.

The following actions were taken on the appeals presented by correspondence by Commissioner Mills:

George Slaughter - Lafayette High School
Roland Williams moved to table, seconded by Ray Story. Passed.
Christ Lyon - Paintsville High School
Sandy Allen moved to table, seconded by Liz Trabandt. Passed.
Billy Todd - Rockcastle County High School
Eddie Saylor moved to table, seconded by Bob Rogers. Passed.
Chris Hughes - Christian County High School
Bob Rogers moved to table, seconded by Eddie Saylor. Passed.

The next appeal was presented by Ath. Dir. Stan Steidel, Dayton High School who had requested an appeal on behalf of Melissa Hall. Following Mr. Steidel's presentation and questions to him by the Board, Eddie Saylor made a motion to grant Melissa Hall an additional semester of eligibility and allow her to participate in interscholastic athletics. Liz Trabandt seconded the motion which passed unanimously.

Bob Rogers made a motion that the minutes of the January 19, 1991 meeting be approved. Huston DeHaven seconded the motion which carried unanimously.

Eddie Saylor moved to approve the minutes of the February 8, 1991 meeting of the East Eligibility Committee. Roland Williams seconded the motion which passed unanimously.

Bob Rogers moved to approve the bills of the Association for the period beginning January 1 and ending February 28, 1991. Harry Jansing seconded the motion which passed unanimously.

Commissioner Mills announced the results of the recent election for new Board of Control members.

Section 2 (Regions 3 & 4):
Frank Cardwell, Franklin-Simpson High School - 16 votes
David Webb, Edmonson County Schools - 15 votes

Section 3 (Regions 9 & 10):
Stan Steidel, Dayton High School, 33 votes

Sections 5-8 (Regions 9-16):
Claudia Hicks, Rowan County High School - 60 votes
Kathy Johnson, Bourbon County High School - 38 votes
Hopey Newkirk, Bath County High School - 22 votes

Exec. Asst. Wise reported that approximately $478,000.00 in ticket sales had been received through this date for the Boys State Basketball Tournament with attendance being 130,000 compared to 123,000 for 1990. Advanced ticket sales for the Girls State Basketball Tournament had netted approximately $24,940.00. He advised the Board that a complete report would be presented at the April Board meeting.

President Points called on Marvin Moore for the Basketball Committee's Report. Following a lengthy discussion with regard to the future status of the Hall of Fame Classic, the Committee recommended that the Hall of Fame Classic be discontinued and that beginning with the 1991-92 school year, each member school be permitted to schedule two extra basketball games for both the boys' and girls' teams. Each school desiring to schedule these additional games would in turn contribute $150.00 per game to the K.H.S.A.A. Building Fund. Eddie Saylor moved to accept the recommendation of the Basketball Committee with the stipulation that this be an optional opportunity. Harry Jansing seconded the motion. The motion was then amended to direct the All-Sport Committee to draft a plan to be considered by the Board during their April Meeting to permit other sports a similar opportunity to contribute to the success of the Hall of Fame and Museum building program. The motion as amended passed by a vote of 9-2.

Commissioner Mills then discussed with the Board a Modification to Appeals Procedure as presented by Gary Bale, General Counsel for the State Department of Education. Following a discussion of the proposed procedure that would hasten the appeals, Sandy Allen made a motion to accept the procedure. Ray Story seconded the motion which passed unanimously.

A discussion then ensued with regard to a K.H.S.A.A. Position Paper that had been prepared by legal counsel. Roland Williams moved to accept the Position Paper as written. He added that it should be made a part of the K.H.S.A.A. Handbook and mailed to all member schools. Alvis Johnson seconded the motion which passed unanimously.

Commissioner Mills then presented a letter from Greenwood High School requesting that they be moved from the 14th District and be placed in a four-team district in boys' and girls' basketball. Following a discussion of the letter, Alvis Johnson moved to deny Greenwood's request. Bob Rogers seconded the motion which passed unanimously.

Commissioner Mills presented to members of the Board correspondence concerning disciplinary action taken against University Heights Academy for violation of By-Law 27, Requirement for Coaches. He explained that University Heights was required to forfeit twelve (12) regular season basketball games and was placed on probation for two (2) years.

Commissioner Mills distributed material for the National Federal Meeting to be held in San Diego from July 2-6, 1991.

Mr. Wise advised the Board that the next meeting of the Board will be held on April 18 at 1:00 p.m. and the Delegate Assembly will be meeting on April 19. The following committees will also meet:

Exec. Committee - Wednesday, April 17 - 8:30 p.m.
Basketball, Football, and/or All-Sports Committees (if necessary) Thursday morning, April 18
Hall of Fame Committee - Friday - Immediately following the Delegate Assembly Meeting.

All meetings will be held at the K.H.S.A.A. Office.

Board Meeting continued on Page 2.

WISE NAMED K.H.S.A.A.'s FOURTH COMMISSIONER

The Board of Control of the Kentucky High School Athletic Association, meeting in regular session on April 18 in Lexington, named Billy V. Wise of Lexington to succeed Tom Mills as Commissioner of the K.H.S.A.A. Wise, a long time Assistant Commissioner with the Association, will take over the day to day duties as Commissioner effective July 1, 1991. Ted Sanford was the Association's first Commissioner, serving from 1947 through 1972 while J.B. Mansfield served from 1972 to 1975.

Mills, who announced his retirement at the March meeting of the Board of Control, will remain with the Association as a Consultant to supervise the construction of the Association's new office building and Hall of Fame/Museum. The building project is now well underway, and is located at 2280 Executive Drive, off Winchester Road near the junctions of Interstates 75 and 64.

Tom Mills first came to the K.H.S.A.A. as a member of the Board of Control in July of 1969 while serving as Superintendent of the Frankfort City Schools. He began his career in public education at Perryville High School in 1958 taking a position as a teacher and coach. He remained there until moving to Stanford High School as Principal in 1960. In 1964, Mills took the Principal's job at Harlan High School before moving to Frankfort High School as Principal in 1965. He held the Principal's position at that school until taking the position of Superintendent in 1968.

He remained on the Board of Control from 1969 until he was hired as an Assistant Commissioner for the Association in 1972. While on the Board, he served as a member of the Board of Control Building Committee which supervised the building of the current Association headquarters on Cooper Drive. In 1975, Mills was named Commissioner of the Association.

During Mills' tenure as Commissioner, the Association has seen tremendous growth in both the depth and scope of the activities. Many sports have been added, as well as the increases in attendance, and therefore, financial assistance, from the Boys' and Girls' Basketball tournaments. In 1988, with the help of retired Courier Journal columnist Earl Cox, Mills was instrumental in the forming of the Dawahares Kentucky High School Athletic Association Hall of Fame, which now has 87 members.

A graduate of Pineville High School, Mills attended Eastern Kentucky University where he received his B.A., M.A. and Rank I Certification. He has served on a myriad of community and civic clubs and activities including the Board of Directors of the Kentucky Mountain Laurel Festival, the National Federation Executive Committee including a year as Vice-President, the Chairman of the National Federation Fund Administrators Association Insurance Committee, the National Federation Football Rules Committee, and as Vice President and President of the EKU Alumni Association.

Commissioner Mills is married to the former Betty Howard of Pineville, a retired school teacher. The Mills have four children -- Tommy, currently the Principal at Boyle County High School, Randy, Associate Director of Admissions at the University of Kentucky, Jennifer Mills Andes, a teacher in the Scott County School System, and David, a senior at Eastern Kentucky University.

Mills' replacement, Billy Wise, has been with the K.H.S.A.A. since August of 1969. First named Assistant Commissioner in 1969, Wise was named Executive Assistant in 1981 to handle the affairs of the office in the absence of the Commissioner.

A graduate of Stamping Ground High School, and Transylvania University, Wise also attended Campbellsville College, and did graduate study in the Masters of Education program at the University of Kentucky. He has been the Association's interpreter for Football and Basketball rules throughout his tenure at the K.H.S.A.A., and has conducted the annual rules clinics in those sports during that time.

Wise is a former contest official, having refereed one year of professional football in the Continental League, 5 years in both the Southeastern and Ohio Valley Conferences in basketball, 14 years in the Kentucky Intercollegiate Conference in basketball, and 18 years as a high school official prior to his tenure at the K.H.S.A.A.

A veteran of the United States Army during the Korean conflict, Wise is married to the former Bonnie Goodan, and the couple has two sons, Steve of Lexington, and Gary who resides in Louisville, and a daughter, Missy Wise Renner, of Lexington.

The Board of Control is currently taking applications for the position of Assistant Commissioner, with requirements including a Kentucky teaching certificate. Applicants possessing administrative experience and an advanced degree are preferred. Interested parties should contact the Association in Lexington for application information.

The Board of Control is also taking applications for the position of Sports Information Director. This position became vacant when Julian Tackett, the Associations' S.I.D. since 1984, was promoted to Director of Business Affairs by the Board, also at the April meeting of the Board of Control.

SPECIAL NOTE ON CORRESPONDING DATES

Earlier in the year, Athletic Directors were mailed a proposed corresponding date calendar, which was adopted in concept by the Board of Control at its January meeting. The release of this calendar has caused some confusion.

THE DATES OF THE 1991 CHAMPIONSHIPS ARE AS PRINTED ON THE MEMORANDUM CALENDAR. The dates under the 1990-91 column on the corresponding date chart were included only for reference as corresponding dates for scheduling. The calendar is in the process of being finalized, and the final document will be mailed to member school athletic directors in the next few weeks.

MEMBER SCHOOLS ALERTED TO CHANGE IN SEASONS

Please note the above reference scheduled which was sent earlier this year when making your game contracts for 1991-92.

In addition, a report was printed in several newspapers concerning the Hall of Fame basketball, football and all sports contests which can be played. The Board of Control has approved IN CONCEPT a plan which would allow all schools to help in the fund raising for the Hall of Fame and Museum.

Member school principals will be notified when this proposal is finalized, and you will have sufficient time to schedule games when that notification is mailed.

UNIVERSITY OF KENTUCKY TO OFFER COURSE IN FOOTBALL COACHING AND OFFICIATING

The University of Kentucky will conduct a four week course starting May 7 entitled "Football Coaching and Officiating". This course will emphasize planning and implementing a program in football coaching and officiating. The course will be offered weekdays from 4:00 to 6:00. Interested students should contact Assistant Professor Steve Parker, at (606)257-7904.

CALL THE OFFICE IF YOU NEED MORE INFORMATION ON THE COURT OF SUPPORT

You should have received information about the Court of Support as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project. Construction has begun on the new office complex, and if you want to be a charter contributor to this effort, time is running out.

SPORTS MEDICINE SYMPOSIUMS

The primary schedule has been announced for the Medical Symposiums which are a bi-annual requirement for Head coaches in all sports. According to the Kentucky Medical Association, the Symposium will be required by the State Board of Education for cheerleading sponsors beginning in 1991, therefore many sponsors may wish to go ahead and satisfy the requirement this year. For ALL other Head Coaches, if you did not attend a Symposium in 1990, you will be required to attend in 1991. In accordance with By-Law 27, you must attend at least once every two years or face sanctions as outlined in the By-Law. The following dates and sites have been sanctioned --

REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS

All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams' last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school's legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.

Basketball Scores 100

Springfield, Massachusetts, known as "Basketball City, U.S.A.," or "The Birthplace of Basketball," will be the hub of an international celebration in 1991-92 to observe the 100th anniversary of the game's invention.

Joe O'Brien, executive director of the Naismith Memorial Basketball Hall of Fame in Springfield, Massachusetts, noted that several special events are being planned throughout the world.

"Actually, it will be celebrated from January, 1991, through August, 1992. The centennial will get underway with a major basketball game in Springfield featuring Notre Dame against the Soviet Union and reaching its climax at the Summer Olympics in Barcelona, Spain, in August, 1992."

Several of the 170 nations that play the game invented by Canadian Dr. James Naismith in December, 1891, are planning to produce commemorative postal stamps to mark the anniversary. The United States stamp will be unveiled in Springfield in January, 1991.

Basketball teams throughout the world - at all levels of competition - are planning to have a centennial patch on their game uniforms or warm-up suits. The logo is universal in nature.

Springfield, Massachusetts, will be the pivotal city in this international celebration since the world's only Basketball Hame of Fame is located there as a memorial to the game's inventor and a shrine to the only major sport invented in America.

The Basketball Hall of Fame, located adjacent to I-91, the north-south highway in Western New England, attracts visitors from all over the world. The Naismith Memorial features all levels of competition in tracing the game's history.

For almost 18 years, the Hall of Fame was located on the Springfield College campus. In June, 1985, the all-new $11.5 million facility opened to become "the crown jewel" attraction in Pioneer Valley.

It contains three levels of basketball enjoyment for families. An entrance fee treats one to a basketball experience rather than just a visit. The visit is the experience!

Visitors are urged to begin their visit on the third floor where they can sense the history of the game as well as walk through the Honors Court where 172 individuals, men and women, and four teams are enshrined.

The second level is designed for various aspects of The American Game including the Amateur Athletic Union, YMCA, Olympic, International, as well as the game's ambassadors, the Harlem Globetrotters.

The first level features the popular Spalding Shoot-Out where fans can try their skill at scoring baskets at different heights, and the Gift Shop.

Memberships, individual, family, adult, student or corporate, in the Hall of Fame are available on an annual basis.

For more information contact the Hall of Fame, PO Box 179, Springfield, MA 01101, or by phone (413) 781-6500.

TIP-AAIDS

Project goal: healthy lifestyle

TARGET's second interactive program, TIP-AAIDS, an acronym for TARGET Interactive Project — An AIDS Interactive Disc for Students, deals with the numerous problems encountered by sexually active teenagers.

Using a scenario-based format similar to TIP-DART (Drug and Alcohol Responsibility for Teens), TIP-AAIDS uses prime-time TV quality and realism in presenting typical teenage situations including humor with sexual overtones. TIP-AAIDS addresses critical societal issues realistically, honestly and believably.

TIP-AAIDS is specifically designed to help promote a healthy lifestyle. Abstinence is the safest choice for young people and is the preferred and recommended practice. However, recognizing that many teenagers are sexually active, the risks of unintended pregnancy, HIV/AIDS and other sexually transmitted diseases are quite real. TIP-AAIDS also addresses skill development which will enable teenagers to choose and practice safe behavior and will reinforce these behaviors.

"The focus is on open communication and discussion of information which will assist teens in making informed decisions," said Paul Palmer, TARGET Interactive Project Diretor. "Skill development in decision making, assertiveness, resisting peer pressure, negotiating and building self-esteem are stressed as TIP-AAIDS addresses its objectives."

The objectives of TIP-AAIDS are to:

- Empower teenagers to choose and practice behaviors related to sex, alcohol and other drugs that are healthy and reasonable in order to avoid HIV infection.
- Describe how HIV is and is not contracted, its relationship to AIDS and the lifelong socio-medical consequences of contracting AIDS.
- Relate rationally and compassionately to persons who are presumed HIV+ and/or have AIDS.
- Identify sources of reliable, effective information.
- Promote dialogue between parents and their teen-aged children about HIV, AIDS and related sexual practices.

Support and input from renowned and varied sources were used in the development of TIP-AAIDS. Planning, materials, ideas and reviews were provided by the American Medical Association, the National School Boards Association, the National Leadership Coalition of AIDS, the Minnesota Institute of Public Health, Conant-Sloane Associates from the Department of Health at Dartmouth College, Sex Information Education Council of the U.S. (SIECUS), the Indiana Department of Health and the New York City Commissioner of Health to name a few.

How can your school obtain this latest technology — a definite "hands-on" teaching tool that is a natural fit for today's computer-oriented youth? Many schools already have all or a portion of the hardware necessary to operate either or both programs of the TARGET Interactive Project. Schools which have PALS LABS, run the TLTG Physical Science Course, or provide Linkway, which is part of an IBM computer configuration, are ready to go!

Over 200 TIP programs are currently being used nationwide and elsewhere in North America. Funds were provided by various methods, including Drug Free Schools and Communities monies; various chapter program funds; local school funds, both capital outlay and instruction supplies; corporate gifts and donations; a local post of The American Legion, and cooperative agreements within the Board of Cooperative Educational Services (BOCES), education service centers, area education agencies, etc., to share the equipment and the programs with participating school districts.

Both TIP programs have received national recognition for the quality, realism and educational value of the interactive programming.

The TIP-AAIDS program is the 1991 winner of the Nebbie Award for best educational program at the Nebraska Interactive Media Awards to be awarded this summer; winner of a Silver CINDY Award by Audio-Visual Communications and runnerup for the Mark of Excellence Award presented by the International Interactive Communication Society (IICS).

The TIP-DART program was the 1989 winner of Gold CINDY Awards in the K-12 education division and Best of Show by the Association of Visual Communicators; the 1990 Gold Camera First Place Award from the U.S. Industrial Film and Video Festival; winner of the 1991 Mark of Excellence Award from the International Interactive Communications Society and the 1991 winner of the Silver Award from the New York Film and Video Festival.

To assist schools in meeting the challenge of how best to obtain the required equipment configuration, several versions of TIP-DART and TIP-AAIDS are available. TARGET no longer serves as the sole source provider for the unique equipment configuration. Schools now have the option to run either program on existing equipment such as InfoWindow, M-Motion and Linkway.

Thirty-three states have mandated AIDS education and sex education while the remaining states recommend sex education. All states now require some type of alcohol and other drugs education programs. Is your school prepared? To obtain these TIP programs — which will complement current efforts — and for more information on specific hardware requirements and prices, call or write Palmer, TARGET, P.O. Box 20626, 11724 NW Plaza Circle, Kansas City, Missouri 64195-0626; (816) 464-5400.

Mills Ends 19 Years of Service to K.H.S.A.A., 38 to Kentucky Schools

by Julian Tackett

It was in the middle of the most hectic time of year for the staff and Board of Control of the K.H.S.A.A. The Board was meeting in conjunction with the Girls' State Basketball Tournament in Frankfort, following another successful Boys' tournament, and Commissioner Tom Mills called upon the Board and Staff for a special announcement. "I've been pondering this decision for a long time," Mills began. "I think it's time for a change, both for me and for the Association." "I am announcing today that I will retire as Commissioner of the K.H.S.A.A. effective June 30, 1991."

With that announcement, Mills said what many had anticipated for much of the last year. He had spent much of that time involved deeply with the building of the Association's new headquarters as well as his duties as Commissioner, and had questioned his ability to do justice to both positions. "I feel that I can better serve the Association by devoting my time and energies to the completion of the building project," Mills said. "This project is important enough to me to concentrate solely on its completion, and leave the daily affairs of the Association to my successor."

At its April meeting, the Board agreed to employ Mills as a Consultant for the Building project, to supervise the construction of the Association's new office building and Hall of Fame/Museum. The building project is now well underway, and is located at 2280 Executive Drive, off Winchester Road near the junctions of Interstates 75 and 64. It is ironic that he was on the Board of Control, in fact serving as Building Committee Chairman, when the Association's current office was constructed.

"Building a new office today is much more involved, and much more costly," he stated. "But we have outgrown our current space and don't have the room or the traffic flow to handle expanding our office. In addition, we want to be able to showcase the Hall of Fame and Museum and make it accessible to all people who live in Kentucky, or even pass through Kentucky."

Commissioner Mills and his wife, Betty

Tom Mills came to the K.H.S.A.A. as a member of the Board of Control in July of 1969 while serving as Superintendent of the Frankfort City Schools. He began his career in public education at Perryville High School in 1958, taking a position as a teacher and coach. He remained there until moving to Stanford High School as Principal in 1960. In 1964, Mills took the Principal's job at Harlan High School before moving to Frankfort High School as Principal in 1965. He held the Principal's position at that school until taking the position of Superintendent in 1968.

He remained on the Board of Control from 1969 until he was hired as an Assistant Commissioner for the Association in 1972. While on the Board, he served as a member of the Board of Control Building Committee which supervised the building of the current Association headquarters on Cooper Drive. In 1975, Mills was named Commissioner of the Association, the third person to hold the position. Ted Sanford was the Association's first Commissioner, serving from 1947 through 1972 while J.B. Mansfield served from 1972 to 1975.

Mills' tenure at the helm of the Association has seen an era of tremendous growth. Girls' sports offerings have increased both in number of sports and in number of participants. The Girls' State Basketball Tournament now is the second leading source of funds for the operation of the Association. "When I came on board, there wasn't a lot of interest in girls' sports, at least at the Association level," Mills commented. "One of the first things we addressed was to offer more sports opportunities for girls. This was also aided by the addition of a female Assistant Commissioner with Dianne Cainnes' hiring in 1976. This also showed females that there were advanced career opportunities for them in sports."

Many other sport offerings have been added, as well as the increases in attendance, and therefore, financial assistance, from the Boys' and Girls' Basketball tournaments, and State Football and Soccer championships. Soccer now ranks as the Associations' fastest growing sport as well as softball, both added during Mills' tenure. In 1988, with the help of retired Courier-Journal columnist Earl Cox, Mills was instrumental in the forming of the Dawahares-Kentucky High School Athletic Association Hall of Fame, which now has 87 members and has 21 more scheduled for induction next March.

The list of accomplishments is long, but can be summed in four basic areas. "I am very proud of the expanded services and offerings for our member schools. These changes are not inexpensive, and have forced us to hire additional staff as well as invest in the technology of today and tomorrow", Mills noted. "Our revenue producing programs have grown and have allowed us to continue to provide our championships and their competitors with a first-class operation." "We have expanded to a total of three Assistant Commissioners, added a Sports Information Director to handle the news media and public relations, and retained a Consultant to help in the solicitation of corporate sponsors."

But he is easily proudest of one thing -- "When I came to the Association, we had $10,000 on account with a local insurance agent. If we had a claim, we simply told them to pay it from this fund, and we would try to reimburse the fund at the end of the year. Today, we insure every student athlete, coach, band member, cheerleader, or any other person associated with the team traveling to or from, or practicing for a sanctioned contest. The coverage has limits of a $10,000 deductible, a settlement option, and contains a $1,000,000 liability policy, all at no charge to the schools," he continued. "The certainly gives me peace of mind and should make all of our parents, coaches, participants and administrators rest easier.

A graduate of Pineville High School, Mills attended Eastern Kentucky University where he received his B.A., M.A.

(continued on page two)

and Rank I Certification. He has served on many community and civic clubs and activities including the Board of Directors of the Kentucky Mountain Laurel Festival, the National Federation Executive Committee including a year as Vice-President, as Chairman of the National Federation Fund Administrators Association Insurance Committee, the National Federation Football Rules Committee, and as Vice President and National President of the EKU Alumni Association.

Commissioner Mills is married to the former Betty Howard of Pineville, a retired school teacher. The Millses have four children -- Tommy, currently the Principal at Boyle County High School; Randy, Associate Director of Admissions at the University of Kentucky; Jennifer Mills Andes, a teacher in the Scott County School System, and David, a senior at Eastern Kentucky University.

"I think the one thing I won't miss is the telephone," he remarked. "I don't mean the caller who sincerely had a legitimate question. I am talking about the person who called wanting his or her student to be the exception to the rule, always looking for a loophole. In my years of service, I never made a rule. The Delegate Assembly does that. I was only charged with enforcing them. But one thing I will definitely miss is the people. The staff people I have had the pleasure of working with, the school people in Kentucky and in other states, and my many friends and acquaintances I have made through the National Federation. Those I will indeed miss."

He will miss the people, but not the Board meetings. He will miss the hoopla around the basketball tournaments, but not the last-minute hounding for tickets. But as he said upon retirement, there is still the matter of a farm to care for, and many grandchildren to watch grow and change. And the Hall of Fame and Museum project is still in its infant stages. So Mills will remain busy, and ready to serve the students and school people of Kentucky.

MINUTES OF THE BOARD MEETING

April 18, 1991

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Office Building in Lexington, Kentucky, on Thursday, April 18, 1991. The meeting was called to order at 1:00 p.m. by President David Points. All Board Members were present along with Commissioner Tom Mills, Executive Assistant Billy V. Wise, Assistant Commissioners Brigid DeVries and Louis Stout and Sports Information Director Julian Tackett. Sectional Directors Jerry Kimmel, George Mercker, John Radjunas and Jack Wise were also in attendance. Mr. Williams gave the invocation.

President Points requested that the Agenda be changed to allow Gary Bale, Hearing Officer for the State Board of Education to speak to the Board relative to the State Board's Proposed Amendment on Appeals Hearings. Following questions and comments by Board members, Mr. Points thanked Mr. Bale for coming to the meeting and for the State Board's interest and concern.

The following actions were taken on the following appeals:

Billy Todd - Rockcastle County High School
Ray Story moved to uphold the ruling of the Commissioner and that Billy be denied another year of eligibility. Bob Rogers seconded. The motion passed by a vote of 11-1.

Chris Lyon - Paintsville High School
Sandy Allen moved to uphold the Commissioner's ruling and Chris be denied an extra year of eligibility. Liz Trabandt seconded the motion which passed by a vote of 11-1.

Chris Hughes - Christian County High School
Roland Williams moved to overrule the Commissioner's ruling and allow Chris an additional semester of eligibility. Ray Story seconded. Due to a tie vote, the motion failed.

George "Tony" Slaughter - Lafayette High School
Bob Rogers made a motion to waive By-Law 5, Section 3, Proper Grade Level and allow Tony to participate in athletics in 1991-92. Ray Story seconded the motion which passed by a vote of 10-2. Bob Rogers then moved to table Tony's request to waive By-Law 4, Maximum Number of Semesters. Ray Story seconded. Motion passed by a vote of 7-4 with one abstention.

Peter Ronnebaum - Holy Cross High School
Huston DeHaven moved to uphold the Commissioner's ruling and deny Peter an additional year of eligibility. Bob Rogers seconded. Motion passed unanimously.

Bob Rogers made a motion, seconded by Roland Williams, that the minutes of the March 21 meeting of the Board be approved. The motion passed unanimously.

Eddie Saylor moved to approve all bills of the Association for the period beginning March 1 and ending March 31, 1991. The motion was seconded by Roland Williams and passed unanimously.

Executive Assistant Billy Wise gave the following report on the Boys and Girls Basketball Tournaments:

Boys	Attendance:	142,315
	Ticket Sales:	$884,935.38
	Expenses:	$252,785.03 (approx.)
Girls	Attendance:	31,039
	Ticket Sales:	$174,087.58
	Expenses:	$ 86,453.04 (approx.)

Mr. Wise stated that the final audit would appear in the August or September issue of the *"Athlete"*. Ray Story moved to accept the Boys and Girls Basketball Report. Eddie Saylor seconded the motion which passed unanimously.

Sectional Directors were then welcomed to the meeting and permitted to make comments or accept questions about their reports which had been mailed to Board members.

Chairman Bob Rogers was called on to present the Football Committee report. The following items were presented for approval:

1) That the Commissioner notify Warren Central High School that the expense allowance for 53 persons, to include 45 players, 1 coach, 6 cheerleaders, and 1 cheerleading sponsor plus the additional grant provided to each participating team is the limit to which financial assistance can be provided to teams at this time. While the Committee appreciates their concern, there can be no increase as of now.

2) That a request by the Western Kentucky Conference to raise football officials' game fees to $50 be tabled.

3) That the proposed revisions to the Tournament Rules governing the football championships be accepted. Copies to be distributed to all Board members and included in the 1991-92 Handbook.

4) That football schools be given an opportunity to participate in the Hall of Fame fund raising by allowing them to play an additional contest. The following provisions would be required —

a) That it be noted to the schools and all concerned that participation in the Hall of Fame fund raising is a VOLUNTARY activity, and is not in any way required as a condition for membership or for championship competition.
b) That the contest be played during Federation week 7 (August 23, 1991) which would not count against other provisions of the Limitation of Seasons. This weekend would be designated as Hall of Fame Weekend.
c) That the schools sign a special Hall of Fame Activity Contract to allow for their participation.
d) That the local officials associations be contacted as to the donation of their services for this contest.
e) That, after expenses, the gate from the contest (or

bowl games(s)) be divided equally among the participating schools and the Association. i.e., two participating teams would be one share for the home school, one for the visiting school, and one for the Hall of Fame; or four schools (bowl doubleheader) would divide the revenue into five shares to include the Hall of Fame.

f) In the absence of any other agreement, the standard method of payment of expenses as detailed for the first through fourth rounds of the state playoffs would govern the financial conditions.

g) That the game so played shall NOT count toward any regular season records, any limits on the number of games and/or scrimmages, and shall not be used in calculating a three-way tie breaker.

h) These provisions shall go into effect for the 1991 season.

i) That the distribution of profits for any Hall of Fame contest be made to the Association within thirty (30) days of the contest.

j) That this plan be evaluated immediately following the 1991 season for revision or future years.

Bob Rogers moved for approval of the Committee's report and Alvis Johnson seconded the motion which passed by a vote of 11-1.

Sandy Allen then presented the following All-Sports Committee report:

1. Track
   a. Add girls 3200 meter relay to the State Meet
   b. Add girls triple jump to the State Meet
2. Officials Fees
   a. Raise mileage figure from 15 cents to 20 cents
   b. Eliminate 75 mile restriction on Baseball, Softball and Soccer. Mileage to be paid in full for all sports.
3. State Track Meet

The top four (4) finishers will advance to the Sectional Competition; however, a competitor who finishes 4th may elect to withdraw in that individual event and participate as a relay member in that event. The 5th place finisher has the option to move into the 4th spot. The Meet Manager must be notified within 30 minutes of the conclusion of the Meet.

4. Hall of Fame

That member schools participating in all sports other than basketball and football be given an opportunity to participate in the Hall of Fame fundraising by allowing them to play an additional contest. The following provisions would be required —

a. That it be noted to the schools and all concerned that participation in the Hall of Fame fund raising is a VOLUNTARY activity, and is not in any way required as a condition for membership or for championship competition.

b. That the contest be played during the regular season playing dates for the sports other than Football and Basketball, which have additional details for their participation. This game would not count against other provisions of the Limitation of Seasons. These contests would be designated as Hall of Fame Activities.

c. That the schools sign a special Hall of Fame Activity Contract to allow for their participation.

d. That the local officials associations be contacted as to the donation of their services for this contest should it be necessary.

e. That, after expenses, the gate from the contest (tournaments, panaramas, etc.) be divided equally among the participating schools and the Association, i.e., two participating teams would be one share for the home school, one for the visiting school, and one for the Hall of Fame; or four schools (bowl doubleheader) would divide the revenue into five shares to include the Hall of Fame.

f. That the game so played shall NOT count toward any regular season records, or any limits on the number of games and/or scrimmages.

g. These provisions shall go into effect for the 1991 season.

h. That the distribution of profits for any Hall of Fame contest be made to the Association within thirty (30) days of the contest.

i. That this plan be evaluated immediately following the 1991 seasons for possible revision for future years.

Bob Rogers moved to accept the report. Huston DeHaven seconded the motion which passed.

Bob Rogers moved to go into Executive Session. Huston DeHaven seconded the motion which passed. Following return to Open Session, Alvis Johnson was called on for the Executive Committee's Report. The committee recommended that the vacancy left by Commissioner Mills be filled from within the Association. Ray Story made a motion, seconded by Eddie Saylor, that the Executive Committee's Report be accepted. Motion carried. Bob Rogers then moved that Billy Wise be named Commissioner of the Kentucky High School Athletic Association effective July 1, 1991, and be given a four-year contract. All Board members seconded the motion which passed unanimously.

Bob Rogers moved to adjourn until 9:00 a.m. Friday, April 20. Huston DeHaven seconded the motion which carried.

President Points reconvened the Board meeting at 9:00 a.m. on Friday, April 20.

Alvis Johnson made a motion that Tom Mills' contract as Building Consultant be approved. Ray Story seconded the motion which passed unanimously.

President Points then called on Bill Van Winkle, Principal of Owensboro High School, who requested to appear before the Board to discuss action taken at the March Board meeting regarding a change to the Limitation of Seasons. Following his presentation and a lengthy discussion thereof, Sandy Allen made a motion that the Board obtain an opinion from the K.H.S.A.A. attorney to determine whether the Board acted in error. If the Board is not within the limits of By-Law 25, with regard to allowing schools to schedule Hall of Fame games, a referendum will be mailed to all member schools. Roland Williams seconded the motion which passed unanimously.

Commissioner Mills presented the next appeal by correspondence. Principal Jimmie A. Cornett, Hazard High School requested a waiver of By-Law 4, Section 1a, on behalf of Dennis Smith, Chris Cornett and Jason and Brandon Witt. Following his presentation, Sandy Allen made a motion that the Commissioner's ruling be upheld in the case of each of the students. Huston DeHaven seconded the motion. Following a lengthy discussion thereof, the motion and second were withdrawn. Jack Portwood then made a motion that the Board table this appeal. Roland Williams seconded and the motion passed by a vote of 11-1. Bob Rogers, seconded by Jack Portwood and approved unanimously moved that the Commissioner inform the Delegate Assembly members of the Board's intention to submit a referendum to the member schools for the purpose of revising By-Law 4 to read as follows:

By-Law 4. Enrollment

Sec. 1 MAXIMUM NUMBER OF SEMESTERS

(a) **No student who has been enrolled in grades 9-12 eight (8) semesters shall thereafter be eligible. Six weeks enrollment in a school shall constitute a semester in the interpretation of this rule, except that if any student participates in a varsity contest in any sport, a semester of enrollment shall be counted against him/her even though he/she may not have been enrolled for a period of six weeks.**

(b) **Pupils in grades 1-8 may play on the high school team and the year so played shall not be counted on the four year limit. (R-I 12) No pupil enrolled in any grade below the ninth shall be eligible for more than one year in that**

grade. Students repeating a grade for any reason at any level below grade 9 are ineligible to participate in athletics in grades 1-8 during the second year in that grade. Penalty for violation of this regulation shall result in the loss of eligibility during the senior year (fourth year) of high school.

Sec. 2. RESPONSIBLE PARTIES
Any public elementary or secondary school or school employee or official who knowingly allows participation of an ineligible player hereunder, or who, through reasonable diligence, should have known of such ineligibility, shall be considered in noncompliance with state accreditation standards or guilty of willful neglect of duty or breach of contract. Such shall apply not only to coaches, but also to personnel supervising coaches; such as, but not limited to an athletic director, an assistant principal, a principal, an assistant superintendent, a superintendent, or a school board member.

Sec. 3. DEADLINE FOR ENROLLMENT (formerly section 4)
A student must have enrolled as a bona fide undergraduate student in the high school he/she represents no later than twenty school days after the beginning of the semester to be eligible during that semester. This requirement may be waived by the Commissioner in any case where it would work evident injustice. The twenty-day rule also applies to grade school pupils participating in athletics. (R-I 13)

Sec. 4. ENROLLMENT ELSEWHERE (formerly section 5)
No student who is enrolled or connected with any other school than the one he/she represents shall take part in any contest.

Asst. Commissioner Stout presented the results of the Cross Country survey regarding changing the distance of the girls' meet from 3,000 meters to 4,000 meters as follows:

A total of 121 schools returned the survey.
72 schools voted FOR the change
49 schools voted AGAINST the change

Due to the favorable vote, Mr. Stout recommended that the change be made effective with the 1991-92 school year.

Following Mr. Stout's report, Bob Rogers moved to accept the results of the survey. Liz Trabandt seconded the motion which passed.

Alvis Johnson made a motion that the Board go into Executive Session. Marvin Moore seconded the motion which passed. Bob Rogers then moved for Open Session, seconded by Roland Williams. Alvis Johnson made a motion that Mr. Wise and his office take applications for the positions of Assistant Commissioner and Sports Information Director. Harry Jansing seconded the motion which passed. Alvis Johnson then made a motion that the Board grant Mr. Wise permission to reorganize the K.H.S.A.A. as he deems necessary. Liz Trabandt seconded the motion which passed.

Sandy Allen made a motion that the Board accept the resignation of Earl Cox effective May 31, 1991. Bob Rogers seconded the motion which passed.

Eddie Saylor made a motion that Alvis Johnson be elected President of the Board for the 1991-92 school year. Roland Williams seconded the motion which passed.

Ray Story then nominated Bob Rogers for Vice President. Alvis Johnson seconded the motion which passed.

There being no further business to come before the Board, Roland Williams moved for adjournment. Jack Portwood seconded, motion passed.

MINUTES OF THE ANNUAL MEETING

April 19, 1991

The 74th Annual Meeting of the Kentucky High School Athletic Association was held on Friday, April 19, 1991 at the K.H.S.A.A. Office Building, 560 East Cooper Drive, Lexington. The invocation was given by Roland Williams.

President David Points called the meeting to order at 11:00 a.m. Sixty-six elected delegates or alternates answered the roll call.

Commissioner Tom Mills then presented a report on the activities of the Association during the 1990-91 school year. Gordon Milby moved, seconded by Conley Manning, that the report be accepted. The motion carried unanimously. (The Commissioner's report is printed elsewhere in this issue of the *"Athlete"*.)

Commissioner Mills introduced newly elected members on the Board of Control to the Delegate Assembly as follows: Claudia Hicks, Athletic Director, Rowan County High School, representing Regions 9-16; and Stan Steidel, Athletic Director, Dayton High School, representing Regions 9 & 10.

President Points stated that presentation of proposals was the next order of business.

PROPOSAL I

Principal Peter Flaig, Trinity High School proposes that the following amendment be made to By-Law 25.

3. Cross Country:
(3) Change "... prior to September 1" to "... prior to ten (10) weekends prior to the weekend of the Regional Meet."

12. Wrestling:
Change "... prior to December 1" to "... prior to nine (9) weekends prior to the weekend of the District Tournament. Jim Reuther moved, seconded by Jerry Mays that Proposal I be adopted. The motion passed by a vote of 57-4.

PROPOSAL II

Principal George Johns of Dayton High School proposes that the following changes be made in the Constitution of the Kentucky High School Athletic Association.

ARTICLE IV: ADMINISTRATION AND LEGISLATION

Section 1. Officers (Be changed to read:)
The officers of the Association shall be a Commissioner and a Board of Control composed of Twenty-four (24) members, at least four (4) of whom shall be black and four (4) of whom shall be female.

Section 2. Procedures of Election & Board of Control (shall be changed to read)

B. BOARD OF CONTROL

1. Members of the Board of Control shall be elected for a period of four (4) years by a vote of the representatives of member schools in each region.
2. There shall be one (1) member from each of the sixteen (16) Basketball Regions.
3. In addition there shall be four (4) blacks and four (4) females elected (Federal Court Decree), two (2) blacks shall be elected to represent Regions 1 through 8 and two (2) blacks shall be elected to represent Regions 9 through 16. Two (2) females shall be elected to represent Regions 1 through 8 and two (2) females shall be elected to represent Regions 9 through 16.
4. All Board of Control members shall be full-time certified employees of their respective Boards of Education.
5. Notifications to the **Representatives** of each school in each **Region,** in which the member is to be elected, must be made by the Commissioner not later than January 1.
6. To be eligible for membership to the Board of Control, one must be a certified employee of an accredited K.H.S.A.A. member school or system in the region he/she is to represent and must remain in that region during his/her term of office. Serving in a part-time capacity or on leave of absence or on sick leave in any of these capacities will terminate the eligibility of the member and the remaining members

of the Board shall fill the vacancy within sixty (60) days in the same manner as that prescribed for the regular election of the Board Members.

7. Nominations for membership on the Board of Control, signed by five (5) representatives, of their **region,** shall be in the hands of the Commissioner, for **regions** that elect during the year, not later than midnight January 31.
8. Ballots for election shall be distributed by the Commissioner before February 15, and returned on or before March 1.
9. Results of the election shall be tabulated by the Commissioner, announced at the meeting of the Delegate Assembly, and published in the May issue of the *"Athlete".*
10. Terms of Board Members shall be staggered so that six (6) will be elected each year.
11. At the Organization Meeting in July, the members of the Board of Control shall elect from their membership a President and Vice-President to serve for one 91) year. They shall not be eligible to serve for more than two (2) one-year terms in succession. The Superintendent of Public Instruction shall designate a liaison person to meet with the Board of Control but to have no vote as a member of the Board of Control.

Charles Coleman moved, seconded by Don Afterkirk, that Proposal II be adopted. The motion failed by a vote of 16-48.

PROPOSAL III

Principal Kenneth W. Frick, Butler High School proposes that the Article IX, Section 4, be changed to read:

b. Board of Control - Members of the Board of Control shall be elected for a period of four years by vote of the representatives of member schools in each section (Basketball Regions 1 & 2, 3 & 4, 5 & 6, 7 & 8, 9 & 10, 11 & 12, 13 & 14, 15 & 16) **and shall be a high school principal.** Gordon Milby moved, seconded by Mike Thomas, that Proposal III be adopted. The motion failed by a vote of 30-33.

PROPOSAL IV

Principal Edward Driscoll, St. Xavier High School, proposes the following change to By-Law 25, Limitation of Seasons:

9. Tennis - Boys and Girls
   BE IT RESOLVED that the tennis season allow for 25 dual matches and four tournaments, each counting as one match. Jerry Mayes moved, seconded by David Jones, that Proposal IV be adopted. The motion failed by a vote of 29-33.

PROPOSAL V

The Board of Control of the Kentucky High School Athletic Association proposes that the following Articles be presented for consideration:

1) Article IV, Section 2,(b) be amended to read as follows:... of office. Serving in a part-time capacity or on leave of absence (exclusive of employee earned sick days) will terminate . . .

4) By-Law 25, Section 11.(5) shall be amended to read as follows: The regular season ends at the conclusion of the varsity team's last regular season match, with the exception that the varsity team may play until its elimination from K.H.S.A.A. sanctioned tournament play.
5) By-Law 26 be amended as follows: Remove sections 2, 4, 6, and 9. Renumber all other sections and add Section 7 to read, All officials registered with the K.H.S.A.A. shall be governed by the Officials Guidebook, published annually by the Association.
6) By-Law 27, Section 3, be amended as follows: . . . soccer, softball, volleyball and wrestling shall attend the annual . . . sponsored rules . . . clinic . . . Track coaches shall attend bi-annually. Jim Reuther moved, seconded by Bill Morgan that Proposal V be adopted. The motion passed by a vote of 63-0.

Jim Reuther moved, seconded by Jerry Mayes that the meeting be adjourned. The motion passed unanimously.

STATE VOLLEYBALL COMMITTEE MEETING

April 23, 199

The Volleyball Committee met at the Kentucky High School Athletic Association Office in Lexington, Kentucky, on Tuesday, April 23, 1991. The meeting was called to order at 1:30 p.m. by Brigid L. DeVries, Assistant Commissioner. Committee members present included Margi McKenna, Joan Mitchell, Sally Meng, John Bancroft, Ron Kordes, Katie Wesseling. Other present included Nick Bettis from Mikasa and Mary Jones from the University of Kentucky.

The first item on the agenda was a presentation from Nick Bettis of Mikasa, regarding the use of the VFC200 Mikasa Volleyball as the official ball for the 1992 State Volleyball Tournament. The committee was unanimous in its approval for the Mikasa ball. The VFC200 will be the official ball for the 1992 State Volleyball Tournament.

The next item on the agenda was the site for the 1991 State Volleyball Tournament, scheduled on November 1 and 2, 1991. The University of Kentucky Assistant Volleyball Coach Mary Jones presented a proposal to host the 1991 state tournament at Memorial Coliseum. There were some scheduling conflicts this year at U.K. due to a pre-arranged Southeastern Conference match, which would necessitate a change in the current tournament schedule. It was the general consensus that the 1991 Tournament be played in Louisville, and that U.K. be considered the following year when the schedule is clear. Possible sites in Louisville include Butler High School, Fairdale, Seneca and the Commonwealth Convention Center. Brigid DeVries will meet with representatives from these locations and determine the site sometime in the near future.

Katie Wesseling brought up the State Tournament officials evaluation process. Committee members agreed that it was an excellent idea. Several members had good suggestions for the improvement of the system for the 1991 State Tournament.

It was also suggested that the rules clinic held in Lexington be scheduled first, so that officials from Louisville and Northern Kentucky could come together for some indepth explanation on some of the rule interpretations.

Ron Kordes recommended that the final match of the 1991 State Tournament be scheduled in the evening instead of early afternoon. The committee agreed, and pending any scheduling conflicts, the finals will be later this year.

The next item of the agenda was a discussion of regional tournaments and sites. Ms. DeVries advised the Committee of a few possible additions and sites. Ms. DeVries advised the Committee of a few possible additions to the teams in each region. The 1991 Regional sites were discussed and committee members will check their availability for the 1991 tournaments. Regional tournaments will be double elimination again this year. The Committee then discussed the items on the regional and state information sheets and made some corrections for the coming year.

John Bancroft made a motion, seconded by Joan Mitchell, that the teams change benches for the 1991 season including regional and state tournament play. The motion carried.

Continued on page 6

Continued from page 5

The next item on the agenda was the officials fees. There is no change in officials fees for the 1991 season. However, all officials will receive a mileage fee ot .15 per mile, for all miles traveled.

A brief discussion followed regarding the 1991-92 National Federation Volleybal rules. Beginning with the 1991-92 season, a specific yellow and red card procedure will be included in the National Federation Rule Book. A survey will be conducted by the Kentucky High School Athletic Association to determine whether Kentucky wants to adopt this procedure for the 1992 season.

The next topic was the Constitution and By-laws. The Delegate Assembly recently approved a change for Volleyball on the Limitation of Seasons. "Regular season play ends at the conclusion of the varsity team's last regular season match, with the exception that the varsity team may play until its elimination from Kentucky High School Athletic Association sanctioned tournament play." Previously varsity play ended on Saturday preceding the first Kentucky High School Athletic Association tournament.

Other tournament reports included a brief report by Ron Kordes on the Mizuno All Star match scheduled in Louisville on July 19, 1991. The players are graduating seniors who have completed their high school eligibility. There will be a clinic for high school coaches the afternoon of the tournament. People wanting further information regarding the match can contact Ron Kordes, at Assumption High School.

John Bancroft encouraged everyone to get involved in the Blue Grass State Games the last weekend in July. A mailing will be sent to all the high schools to encourage play in the junior division.

There being no further business, the meeting was adjourned.

Some of these dates are revisions from prior years due to Delegate Assembly and Board of Control action. Be careful to check all contracts to insure validity.

VARSITY GAME FEES

Varsity game fees for officials are set by the Board of Control for Baseball, Basketball, Football, Soccer, Softball, and Volleyball. Member schools who do not pay at least the standard fee, and varsity game officials who work for less than the standard fee are in violation of K.H.S.A.A. By-Laws. The Board of Control has not set a standard fee for officials in Track. The rates currently approved for the 1991-92 school year are as follows:

Baseball -- $27.50 per game per official plus twenty (20) cents per mile for necessary mileage.
Basketball -- $35.00 per game per official plus twenty (20) cents per mile for necessary mileage.
Football -- $35.00 per game per official plus twenty (20) cents per mile for necessary mileage.
Soccer -- $30.00 per game per official - two (2) man system; $25.00 per game per official - three (3) man system; plus twenty (20) cents per mile for necessary mileage.
Softball -- $15.00 per game, plus twenty (20) cents per mile for necessary mileage.
Volleyball -- $22.50 per match plus twenty (20) cents per mile for necessary mileage..
Wrestling -- $30.00 per match plus twenty (20) cents per mile for necessary mileage. Exhibition fee will be $1.50.

MAYES NAMED CERTIFIED ATHLETIC ADMINISTRATOR

The National Interscholastic Athletic Administrators Association is pleased to announce that Jerry Mayes, Director of Athletics for St. Xavier High School, has been recognized by the association as a Certified Athletic Administrator.

The voluntary certification process included a thorough evaluation of the candidate's educational background, experience and professional contributions, as well as a rigorous, comprehensive written examination.

GANT NAMED CERTIFIED ATHLETIC ADMINISTRATOR

The National Interscholastic Athletic Administrators Association is pleased to announce that Wilton C. Gant, Director of Athletics for Christian County High School, has been recognized by the association as a Certified Athletic Administrator.

To earn this distinction, Gant has demonstrated the highest level of knowledge and expertise in the field of interscholastic athletic administration. The voluntary certification process included a thorough evaluation of the candidate's educational background, experience and professional contributions, as well as a rigorous, comprehensive written examination.

CALL THE OFFICE IF YOU NEED MORE INFORMATION ON THE COURT OF SUPPORT

You should have received information about the Court of Support as we attempt to raise funds for the building of our new headquarters. The program is inexpensive enough to allow all of the Association constituencies to participate. Please take advantage of this opportunity to not only invest in the future of your Association, but to have your name immortalized forever with this project. Construction has begun on the new office complex, and if you want to be a charter contributor to this effort, time is running out.

SPORTS MEDICINE SYMPOSIUMS

The primary schedule has been announced for the Medical Symposiums which are a bi-annual requirement for Head coaches in all sports. According to the Kentucky Medical Association, the Symposium will be required by the State Board of Education for cheerleading sponsors beginning in 1992, therefore many sponsors may wish to go ahead and satisfy the requirement this year. For ALL other Head Coaches, if you did not attend a Symposium in 1990, you will be required to attend in 1991. In accordance with By-Law 27, you must attend at least once every two years or face sanctions as outlined in the By-Law. The following dates and sites have been sanctioned --

In a change from recent years, the test WILL NOT be offered at the Association office in Lexington. You will need to make arrangements through a local Association to take the test. In accordance with newly revised National Federation guidelines, the test will not be taken early, but may be taken late with permission of the state office.

REMINDER TO SCHOOLS CONCERNING LIMITATION OF SEASONS

All schools are reminded of the Limitation of Seasons Rules, K.H.S.A.A. By-Law 27, as it applies to competition after the conclusion of the regular season. ALL SPORTS are affected by this rule, which states that following the teams' last regular season match, there shall be no further practice or play as a team for the remainder of the school year, with the exception of the K.H.S.A.A. tournament. Please be sure your coaches are aware of this important rule, and that they are not involved in coaching the team in an outside league, or other competition. For the high school coach, be they the Head Coach or an assistant coach, to coach members of the high school team in a league outside of the school's legal regular season competition, regardless of the type of league, would be a violation of the rules governing the Limitation of Seasons.

J.B. MANSFIELD AWARD

Christi Osborne, Conner

The 1991 J.B. Mansfield Award winner is Ms. Christi Osborne of Conner High School. "Well rounded" doesn't begin to describe this multi dimensional player and student. She was named the Basketball Homecoming Queen, is a member of the Student Council, National Honor Society, S.A.D.D., and the French and Beta Clubs. In addition, she performs community service for the Salvation Army. On the court, her talents were evident as she led the Cougars to the state tournament quarterfinals. Press reports during the tournament indicate she will attend Virginia Tech to play basketball.

The J.B. Mansfield Award is given annually by the Louisville Courier-Journal in memory of Mr. Joe Billy Mansfield, long-time Kentucky High School Athletic Association employee who served as an Assistant Commissioner from 1949 to 1972, and as Commissioner from 1972 until his ill health forced him to leave the Association in December of 1975. A committee of school personnel from throughout the state selects the winner from the participant in the Girls' State Tournament who excels in four areas: basketball ability, sportsmanship, academic accomplishments, and citizenship.

Winners of the award have been --
1975 - Donna Murphy, Newport
1976 - Sue Dickman, Covington Holy Cross
1977 - Debbie Johnson, Tates Creek
1978 - Irene Moore, Breathitt County
1979 - Beth Wilkerson, Paris

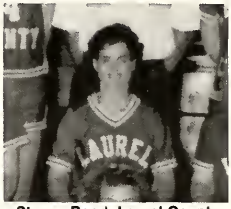
1987 - Angel Stevens, Breathitt County
1988 - Chanin Gillock, East Hardin
1989 - Julie Morrison, Boone County
1990 - Stacey Spake, Elkhorn City
1991 - Christi Osborne, Conner

MOST VALUABLE PLAYER AWARD



Stacey Reed, Laurel County

Senior Stacey Reed of the Laurel County Lady Cardinals was named the M.V.P. of the 1991 Girls' State Basketball Tournament. Reed put on a clinic in ball handling and scoring during the state tournament, despite two games of sub par shooting. Reed scored 20 points in the Lady Cardinals first game despite shooting only 2 for 18 from the field. She then tallied 17 points in the quarterfinals before exploding for 39 points in the semi-final round. She finished the tournament with 94 points, including 32 of 40 from the free throw line. She has signed to play basketball at the University of Kentucky.

Winners of the award have been --

K.H.S.A.A. SWEET SIXTEEN ACADEMIC SCHOLARSHIP AWARD

Instituted in 1985, the Kentucky High School Athletic Association Sweet Sixteen Academic Scholarship Awards are designed to honor one or more participant(s) in the Boys' and Girls' State Tournaments who have excelled in the classroom and on the basketball floor. The awards are in the form of financial assistance to be used at the Kentucky college or university of the recipient's choice to help offset educational expenses. For 1991, the Dawahares stores provided the funds for a $1000 scholarship to a participant in the boys and a participant in the girls state tournament, and an additional scholarhip was provided for participants in the girls' tournament by the Frankfort Sweet Sixteen Organizing Committee through the McDonald's of Frankfort.

For the 1991 Girls tournament, two winners were selected, each of whom had outstanding academic qualifications. Lori Schmidt of Conner was ranked at the top of her class with a flawless 4.0 grade average, while participating in several school and community activities. Kelley Hardman was also ranked at the top of her class with a 4.0 average for Bullitt East High School, while she too was involved in a great many activities. For the boys' tournament, Brett Muha of Belfry was recognized with the scholarship award, after being ranked first in his class with a 4.0 average.

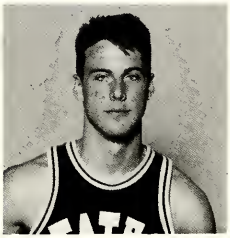
TED SANFORD AWARD



Darrin Horn, Tates Creek

The 1991 Ted Sanford Award was awarded to Darrin Horn of Lexington Tates Creek, the star guard who led Nolan Barger's Commodores to their first ever state tournament appearance in 1991. Horn, a first team All-State basketball performer, was also a standout off the court service as Student Council officer, and as an active member of the Beta Club, National Honor Society, and the D.A.R.E. program. Darrin will get a chance to hone his skills further at the collegiate level as he will attend the Western Kentucky University.

The Ted Sanford Award is given annually by the Courier Journal in memory of Mr. Ted Sanford, the first Commissioner of the Kentucky High School Athletic Association who served as Secretary-Treasurer of the K.H.S.A.A. for ten years before becoming Commissioner, a position he held from 1947 until his retirement in 1972. A committee of school personnel from throughout the state selects the winner from the participant in the Boys State Tournament who excels in four areas: basketball ability, sportsmanship, academic accomplishments, and citizenship.

MOST VALUABLE PLAYER AWARD

Jermaine Brown, Fairdale

Inaugurated in 1981, the Lexington Herald-Leader annually presents the Most Valuable Player Awards to the participant in the Boys and Girls tournaments who is voted most valuable by a panel of media representatives and the participating coaches in the tournaments. Unofficial Most Valuable Player recognition had been given by various sources prior to 1981.

Only the second person to be named the official M.V.P. of the State Tournament in consecutive years, Brown led the Fairdale Bulldogs to their second consecutive state title in 1991. In garnering the M.V.P. award, Brown averaged 21.7 points, 10.7 rebounds, 2.5 assists, and over 2 block shots per tournament game. Brown also shot 65.5 percent, on 36 of 55 field goal attempts for the tournament as Coach Stan Hardin's team captured the title. Brown has signed a basketball scholarship to attend the University of Tennessee.

NEWS RELEASE

1990-1991 BASKETBALL RULE CHANGES

In a move to improve sportsmanship in high school basketball, technical fouls will be combined with personal fouls for player disqualification.

In its April 7-9 meeting in Kansas City, the National Federation Basketball Rules Committee made the change based on positive experiences from two states this past season. Beginning with the 1991-92 season, any combination of five personal or technical fouls will disqualify a player from a game.

"The rules committee has a big concern about improving sportsmanship and behavior in high school basketball," said Dick Schindler, assistant director of the National Federation and editor of the high school basketball rules. "The committee believed that technical fouls should count toward disqualifying a player from the game. We are hopeful that this change will reduce the number of technical fouls."

In concert with this change, the committee voted to add all technical fouls to personal fouls to reach the bonus situation. Since all fouls will be counted, the bonus situation will start now on the seventh team foul in each half instead of the fifth personal foul. All fouls — personal and technical —on a team, including the coach, will count toward the seven in each half.

"This change was made for two purposes — from a sportsmanship perspective and to reduce the number of trips to the free-throw line," Schindler said. "We won't be shooting free throws on the fifth and sixth fouls of a half anymore, which means fewer free throws and more action."

The committee also voted to reduce from three to two the number of technical fouls for disqualification of a player or bench personnel. Three technical fouls still are necessary to disqualify a head coach.

Two changes were made relative to the three-point field goal. Beginning next season, three free throws will be awarded a player who is fouled in the act of shooting an unsuccessful three-point field goal. In the same scenario with an intentional personal foul, the fouled player would receive three free throws and the team would also get the ball out-of-bounds for a throw-in at the spot nearest the foul.

"This was discussed when the three-point field goal was first used experimentally nine years ago, but we elected to stay with two free throws," Schindler said. "Now that the three-point basket has become so much a part of the game and is defended so aggressively, the committee felt it was time to make the change."

In another major change, lack of action has been deleted from high school basketball. Schindler said that many coaches and players, and even some officials, did not really understand lack of action and that the game will not change by deleting the rule.

"High school basketball is a game of action, so this change will not affect the game," Schindler said. "We are starting the next 100 years with an action game. We don't have a shot clock, and we shouldn't dictate that teams may not hold the ball — that's a part of game strategy. We don't want to force kids to shoot within a specified time; that's a part of strategy. The change will simply not affect the game that much because teams could stall even within the lack-of-action restrictions. High school basketball has great appeal at this time because there is very little lack of action."

In other changes, the rules committee voted to allow compression shorts which extend below the game pants. The shorts must be similar in color to the predominate color of the game pants and must be unadorned and of a single, solid color.

A rule adopted for high school football this past season also was approved by the basketball rules committee. For safety reasons, an unconscious or apparently unconscious athlete will not be allowed to re-enter the game without written authorization by a physician. In the event a physician is not present or does not authorize re-entry, the athlete may not return to participate.

The game officials are responsible for determining if a player has been rendered unconscious or is apparently unconscious.

In another safety move, the rules committee voted to require each basket ring to be attached securely to the backboard/support system with a ring-restraining device. Schindler said this device will prevent the ring from falling if the backboard is shattered.

In other changes, the committee deleted the gray color requirement for backboard padding. This will allow teams to use their school colors on the backboard padding.

Beginning next season, manufacturer's logos on uniforms, where permitted, shall be limited to a 1½ x 1½-inch square. The committee also adopted another football rules change: if a game is interrupted, it must be continued from the point of interruption. If it is not continued, the final score stands unless there are conference, league or state association rules that apply.

Following are other changes approved by the National Federation Basketball Rules Committee:

- No logos, marking or lettering are permitted on the face of the backboard or anywhere on the backboard that is visible from the playing court.
- The black rubber rib separating the panels on the ball shall not exceed one-fourth inch in width.
- A visible game clock and scoreboard are mandatory. An alternate timing device and scoring information system shall be available in the event of clock/scoreboard malfunction.
- A visible device shall be located at the scorer's and timer's table to indicate the direction of a team's basket for the alternating-possession procedure.
- The requirement that teams must agree mutually to use the three-official crew was deleted.
- Added to the rules that a "team may not use electronic voice communication with players during the game for coaching purposes."
- A player will be allowed to grasp the ring at any time to avoid injury.
- A technical foul will be assessed a player for basketball interference on a free throw.

Basketball is the second-most popular sport in high school for boys with 517,271 participants. It is first in terms of schools sponsoring the sport with 16,710. For girls, the sport is No. 1 in school sponsorship (16,188) and participants (389,668).

1990-91 ANNUAL REPORT

(Presented to Delegate Assembly)

Two hundred eighty-eight schools joined the Association for the 1990-91 school year. Six of these enroll girls only and six have only boys. In 1989-90 and in 1988-89 there were 293 schools.

There were 205 schools involved in **Football**. Classes A, AA, AAA and AAAA championship games were played at the Fairgrounds, Louisville. Attendance was approximately 17,637 and ticket receipts were $88,656. Expenses involved in conducting the state football playoffs were $39,966. The approximate gross receipts from the Football District, Regional and Sectional Playoff games were $307,051.42 with expenses of conducting these games reported as $100,688.24. Paid attendance at the 60 games was approximately 80,464. All profits from the District, Regional and Sectional football playoff games are divided among the participating schools with no monies being received by the Kentucky High School Athletic Association.

The number of schools competing in **Volleyball** was 70. The K.H.S.A.A. sanctioned tournament was held at Memorial Coliseum on the campus of the University of Kentucky, Lexington on October 26-27, 1990. Expenses incurred were $8,215.95 with receipts of $4,486.00

In **Cross Country** 209 boys' teams entered 24 regional meets. Two hundred four girls' teams entered all three classes in 23 regionals. The expenses incurred in sponsoring this sport were $20,701.17 and the receipts were $7,566.00 Classes A, AA and AAA were held in Lexington at the Kentucky Horse Park.

There were 125 schools competing in **Soccer**. The State Tournament was held in Versailles at Woodford County High School, from November 8-10, 1990. The receipts were $18,702.00 and expenses incurred were $8,142.16.

There were 212 boys' teams competing in **Golf**, with the State Tournament being played at the Lincoln Trails Country Club Golf Course in Vine Grove. There were 144 girls' teams competing in **Golf**, with the State Tournament held at Elizabethtown Country Club in Elizabethtown. In accordance with survey results from the member schools, Golf will remain a fall sport. Expenses associated with the State Golf Tournaments were $14,548.05.

There were 56 schools competing in **Wrestling** in eight districts and four regions with the winner and runner-up in each weight class advancing to the state finals. The championship tournament was held at Atherton High School. Expenditures incurred were $13,891.83. The receipts were $14,168.00

In **Swimming** 92 girls' teams and 89 boys' teams competed for the championships. The meets were held at The Lancaster Aquatic Center, University of Kentucky, Lexington, Kentucky on March 1-2, 1991. The receipts were $5,609.00 and the expenses were $11,739.44.

The reported gross receipts from the boys' and girls' district **Basketball** tournaments were approximately $495,965.62 with reported expenses of $164,838.23, while the regional tournaments took in approximately $455,743.85 with reported expenses of $102,546.21. Sixteen boys and girls district reports and eight boys and girls region reports have not been received at this time. All profits from the District and Regional Basketball Tournaments are divided among the participating schools with no monies being received by the Kentucky High School Athletic Association. Ticketed attendance at the Boys' State Tournament was approximately 129,139 as compared to 123,704 for last year. The gross ticket receipts this year from the tournament are estimated at $834,515.00 with expenditures of approximately $252,605.03.

Attendance at the Girls' State Basketball Tournament was 31,247 compared to 30,416 for last year. The gross ticket receipts were $157,740.00 with expenditures of approximately $82,453.04. A complete report will appear in the audit.

In the other sports that are to follow, 270 **Baseball** teams will compete in 64 districts and 16 regions; 240 **Softball** teams will compete in 55 districts and 14 regions. There are 232 schools participating in boys and girls **Track** in eight regions in each reclassification — A, AA, AAA; 205 girls' and 206 boys' **Tennis** teams will play in 13 regions. State championships in Baseball and Softball will be held in Owensboro, and the state Track and Tennis Meets will be held at the University of Kentucky.

As of this date, receipts from the Sale of Novelties (sweat shirts, T-shirts, caps, visors, pennants, mugs, buttons, magnets) during K.H.S.A.A. State Events totaled $24,529.64.

For your information, the receipts and expenditures incurred during the 1989-90 spring sports season were as follows:

	Receipts	Expenditures	Sales of Novelties
Baseball	$ 9,433.00	$12,955.65	$206.96
